

merchandise was destined to the United States, we will instruct CBP to liquidate those entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.¹²

We intend to issue liquidation instructions to CBP 15 days after publication of the final results of this review.

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of the notice of final results of this review for all shipments of CWP from Korea entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2) of the Act: (1) The cash deposit rate for companies subject to this review will be the rates established in the final results of the review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the producer is, then the cash deposit rate will be the rate established for the most recent period for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 4.80 percent,¹³ the all-others rate established in the less-than-fair-value investigation, adjusted for the export-subsidy rate in the companion countervailing duty investigation.

These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act.

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Tilefish Individual Fishing Quota Program.

OMB Control Number: 0648-0590.

Form Number(s): None.

Type of Request: Regular (extension, without change, of a currently approved collection).

Number of Respondents: 12.

Average Hours per Response: IFQ Allocation Permit—30 minutes; IFQ Allocation Interest Declaration and IFQ Transfer forms—5 minutes each; Fees and Cost Recovery—1 minute.

Burden Hours: 20.5.

Needs and Uses: NOAA Fisheries needs to administer and monitor the Tilefish Individual Fishing Quota (IFQ) Program to ensure the fishery can achieve optimum yield while avoiding overfishing. To administer the IFQ program, the agency issues annual IFQ Allocation permits. These permits are needed to inform allocation holders of their annual catch quota and for enforcement purposes to ensure vessels

do not exceed an individual quota allocation. To achieve its objectives, it is essential that an IFQ program allow the free transfer of quota shares. In order to process an IFQ transfer (temporary or permanent), NMFS requires that an IFQ Allocation permit holder submit an IFQ transfer form. When the Mid-Atlantic Fishery Management Council established the Tilefish IFQ Program, it included a provision that no person, corporation, or other entity may hold more than 49 percent of the total tilefish IFQ allocation. In order to monitor this cap, IFQ Allocation permit holders must disclose their ownership interest in any other holder of IFQ allocation annually, prior to receiving their annual permit. In addition to other provisions, the Magnuson-Stevens Fishery Conservation and Management Act requires NOAA Fisheries to collect fees to recover the costs directly related to the management, data collection and analysis, and enforcement of IFQ programs.

Affected Public: Individuals or households and Business or other for-profit.

Frequency: Annually and as requested.

Respondent's Obligation: Required to obtain or retain benefits.

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to *OIRA_Submission@omb.eop.gov* or fax to (202) 395-5806.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Chief Information Officer, Commerce Department.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act.

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Southeast Region Dealer and Interview Family of Forms.

OMB Control Number: 0648-0013.

Form Number(s): None.

Type of Request: Regular submission (revision and extension of a currently approved collection).

Number of Respondents: 6,188.

Average Hours per Response: Shrimp Interviews, Vessel Trip interviews, USVI Trip interviews, South Carolina Coastal Fisheries Dealer Reporting, and Mackerel Gillnet Reporting, 10 minutes; Wreckfish Dealer Reporting, 13 minutes; Coastal Fisheries electronic dealer reporting, 1 minute.

Burden Hours: 4,805.

Needs and Uses: Fishery quotas are established for many species in the fishery management plans developed by the Gulf of Mexico Reef Fish Fishery Management Council, the South Atlantic Fishery Management Council, and The Caribbean Fishery Management Council. The Southeast Fisheries Science Center has been delegated the responsibility to monitor these quotas. To do so in a timely manner, seafood dealers that handle these species are required to report the purchases (landings) of these species. The frequency of these reporting requirements varies depending on the magnitude of the quota (e.g., lower quota usually require more frequent reporting) and the intensity of fishing effort. The most common reporting frequency is weekly. Daily reporting is only used for one fishery.

In addition, information collection included in this family of forms includes interview with fishermen to gather information on the fishing effort, location, and type of gear used on individual trips. This data collection is conducted for a subsample of the fishing trips and vessel/trips in selected commercial fisheries in the Southeast region and commercial fisheries of the US Caribbean. Fishing trips and individuals are selected at random to provide a viable statistical sample. These data are used for scientific analyses that support critical conservation and management decisions made by national and international fishery management organizations.

Anticipated changes in burden hours and respondents are driven by the number of fishing trips made by the fisherman each year. Seasonal differences are always noticed because many factors such as weather, fuel cost, dock side fish prices, fish migration patterns, the number of fisherman with active permits, and seasonal closures can influence how many fishing trip take place annually.

The following individual collections are removed as they are now included in the Coastal Fisheries Dealer Reporting: Vessel Operational Unit

Inventory; Coral Dealer Reporting; and South Atlantic Snapper-grouper, Rock Shrimp, Golden Crab, and Dolphin/Wahoo Dealer Reporting; and Gulf and South Atlantic Coastal Migratory Pelagics and Spiny Lobster Dealer Reporting.

This data collection is authorized under 50 CFR part 622.5.

Affected Public: Small business or other for-profit organizations; individuals or Households with federal fishing permits.

Frequency: Per fishing trip.

Respondent's Obligation: Mandatory.

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or fax to (202) 395-5806.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Chief Information Officer, Commerce Department.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act.

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Northwest Region, Pacific Coast Groundfish Fishery: Trawl Rationalization Cost Recovery Program.

OMB Control Number: 0648-0663.

Form Number(s): None.

Type of Request: Regular submission (extension, without change, of a currently approved collection).

Number of Respondents: 166.

Average Hours per Response: Cost recovery forms (online fee payments): 1 hour; Annual report: 1 hour; Failure to pay report: 4 hours.

Burden Hours: 1,874.

Needs and Uses: The Magnuson-Stevens Fishery Conservation and Management Act authorizes and requires the collection of cost recovery fees for Limited Access Privilege Programs, such as the Pacific Coast Groundfish Trawl Rationalization

Program (Trawl Program). Cost recovery fees may not exceed three percent of the ex-vessel value and must recover costs associated with the management, data collection and analysis, and enforcement of these programs. The Trawl Program's cost recovery program requires fish sellers to submit fees to fish buyers who then submit those fees to NOAA's National Marine Fisheries Service (NMFS). Fish buyers must also submit information to NMFS on the volume and value of harvested groundfish when submitting the fees. Information is collected from monthly and annual reports as well as non-payment documents when necessary.

This program is authorized under the Pacific coast groundfish fishery regulations, trawl rationalization cost recovery program at 50 CFR 660.115.

Affected Public: Individuals or households; Business or other for-profit.

Frequency: Monthly (online fee payments), annually (annual reports), occasionally (failure to pay reports).

Respondent's Obligation: Mandatory.

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or fax to (202) 395-5806.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Chief Information Officer, Commerce Department.
