

Disclosure

We intend to disclose the calculations performed in connection with these final results to parties in this proceeding within five days after the date of publication of the final results, in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b)(1), Commerce will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

For Garg Tube, we calculated importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for each importer's examined sales and the total entered value of those sales in accordance with 19 CFR 351.212(b)(1).⁵ Where an importer-specific assessment rate is *de minimis* (i.e., less than 0.5 percent), the entries by that importer will be liquidated without reference to antidumping duties. For entries of Garg Tube's merchandise during the period of review for which it did not know the merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.

For Apl Apollo Tubes Limited⁶ and the 25 companies which were not selected for individual examination,⁷ we will instruct CBP to assess antidumping duties at a rate equal to each company's weighted-average dumping margin in these final results of review.

⁵ In these final results, Commerce applied the assessment rate calculation method adopted in *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Duty Proceedings; Final Modification*, 77 FR 8101 (February 14, 2012).

⁶ The rate for this company was determined on the basis of facts otherwise available with an adverse inference. See Preliminary Decision Memorandum, section "Application of Facts Available with an Adverse Inference," uncontested and unchanged in these final results.

⁷ These companies are Asian Contec Ltd., Bhandari Foils & Tubes Ltd., Bhushan Steel Ltd., Blue Moon Logistics Pvt. Ltd., CH Robinson Worldwide, Ess-Kay Engineers, Manushi Enterprise, Nishi Boring Corporation, Fiber Tech Composite Pvt. Ltd., GCL Private Limited, Goodluck India Ltd., GVN Fuels Ltd., Hydromatik, Jindal Quality Tubular Ltd., KLT Automatic & Tubular Products Ltd., Lloyds Line Pipes Ltd., MARINETrans India Private Ltd., Patton International Ltd., SAR Transport Systems Pvt. Ltd., Surya Global Steel Tubes Ltd., Surya Roshni Ltd., Welspun India Ltd., Zenith Birla (India) Ltd., Zenith Birla Steels Private Ltd., and Zenith Dyeintermediates Ltd.

In accordance with Commerce's "automatic assessment" practice, for entries of subject merchandise during the POR produced by each respondent for which it did not know that its merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.⁸

We intend to issue liquidation instructions to CBP 15 days after publication of these final results of review.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication in the **Federal Register** of this notice for all shipments of pipe and tube from India entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2) of the Act: (1) The cash deposit rate for companies subject to this review will be equal to the weighted-average dumping margin established in the final results of the review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior completed segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the producer has been covered in a prior completed segment of this proceeding, then the cash deposit rate will be the rate established in the completed segment for the most recent period for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 7.08 percent, the all-others rate established in the less-than-fair-value investigation for this proceeding.⁹ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that PT. Cheil Jedang Indonesia (CJ Indonesia), the sole producer or exporter subject to this administrative review, did not make sales below normal value of monosodium glutamate (MSG) from the Republic of Indonesia (Indonesia) during the period of review

(POR), November 1, 2017 through October 31, 2018. We invite interested parties to comment on these preliminary results.

DATES: Applicable January 16, 2020.

FOR FURTHER INFORMATION CONTACT:

Gene H. Calvert, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-3586.

SUPPLEMENTARY INFORMATION:

Background

Commerce is conducting an administrative review of the antidumping duty order on MSG from Indonesia covering the sole respondent, CJ Indonesia.¹ For a complete description of the events that followed the initiation of this review, see the Preliminary Decision Memorandum.² A list of topics included in the Preliminary Decision Memorandum is included as the appendix to this notice.

On September 3, 2019, we extended the deadline for these preliminary results until December 10, 2019.³ On December 2, 2019, we further extended the deadline for these preliminary results until no later than January 9, 2020.⁴

Scope of the Order

The merchandise covered by this order is MSG, whether or not blended or in solution with other products. Specifically, MSG that has been blended or is in solution with other product(s) is included in this order when the resulting mix contains 15 percent or more of MSG by dry weight. Products with which MSG may be blended include, but are not limited to, salts, sugars, starches, maltodextrins, and various seasonings. Further, MSG is included in this order regardless of physical form (including, but not limited to, in monohydrate or anhydrous form, or as substrates,

solutions, dry powders of any particle size, or unfinished forms such as MSG slurry), end-use application, or packaging. For a full description of the scope of the order, see the Preliminary Decision Memorandum.

Methodology

Commerce is conducting this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act). Constructed export price was calculated in accordance with section 772 of the Act. Normal value was calculated in accordance with section 773 of the Act. For a full description of the methodology underlying Commerce's preliminary results, see the Preliminary Decision Memorandum. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>, and is available to all parties in the Central Records Unit, Room B-8024 of the main Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/fn/index.html>. The signed and electronic versions of the Preliminary Decision Memorandum are identical in content.

Preliminary Results of Review

As a result of this review, we preliminarily determine that the following weighted-average dumping margin exists for the period November 1, 2017 through October 31, 2018:

Producer/exporter	Weighted-average dumping margin (percent)
PT. Cheil Jedang Indonesia	0.00 (<i>de minimis</i>).

Assessment Rate

Upon issuance of the final results of this administrative review, Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review. If the weighted-average dumping margin for CJ Indonesia is not zero or *de minimis* (i.e., less than 0.5 percent), then Commerce will calculate importer-specific *ad valorem* antidumping duty assessment rates based on the ratio of the total amount of dumping calculated for each importer's examined sales to the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1). If the weighted-average

dumping margin for CJ Indonesia is zero or *de minimis* in the final results, or if an importer-specific assessment rate is zero or *de minimis* in the final results, Commerce will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

In accordance with Commerce's "automatic assessment" practice, for entries of subject merchandise that entered the United States during the POR that were produced by CJ Indonesia for which CJ Indonesia did not know that its merchandise was destined to the United States, Commerce will instruct CBP to liquidate unreviewed entries at the all-others rate of 6.19 percent,⁵ if there is no rate for the intermediate company(ies) involved in the transaction.⁶ The final results of this review shall be the basis for the assessment of antidumping duties on entries of subject merchandise covered by the final results of this review, where applicable. We intend to issue assessment instructions to CBP 15 days after the publication of the final results of this review.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the notice of the final results of this administrative review for all shipments of MSG from Indonesia entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results in the **Federal Register**, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for CJ Indonesia will be equal to the weighted-average dumping margin established in the final results of this administrative review; (2) for merchandise exported by producers or exporters not covered in this administrative review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in a completed segment for the most recent period of review; (3) if the exporter is not a firm covered in this review or in the original investigation, but the producer is, then the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the producer of the merchandise; and (4) the cash deposit

Notification to Interested Parties

Commerce is issuing and publishing these preliminary results in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.221(b)(4).
