low-effect screening form, which are also available for public review.

Project

Dean Wooley requests a 5-year ITP to take scrub-jays incidental to converting approximately 1.02 acres (ac) of occupied scrub-jay foraging and sheltering habitat incidental to the construction of residential homes located on five lots with Tax ID numbers 2943000, 2942922, 2942997, 2942925, and 2942940, totaling 6.73 ac in Section 27, Township 29 South, and Range 37 East, Brevard County, Florida. The applicant proposes to mitigate for take of the scrub-jays by contributing $58,507.00 to the Florida Scrub-jay Conservation Fund, which is administered by The Nature Conservancy. The Service would require the applicant to make this contribution prior to engaging in activities associated with the project.

Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, be aware that your entire comment—including your personal identifying information—may be made available to the public. While you may request that we withhold your personal identifying information, we cannot guarantee that we will be able to do so.

Our Preliminary Determination

The Service has made a preliminary determination that the applicant’s project, including land clearing, infrastructure building, landscaping, and the proposed mitigation measure, would individually and cumulatively have a minor or negligible effect on the scrub-jays and the environment. Therefore, we have preliminarily concluded that the ITP for this project would qualify for categorical exclusion and the HCP is low effect under our NEPA regulations at 43 CFR 46.205 and 46.210. A low-effect HCP is one that would result in (1) minor or negligible effects on federally listed, proposed, and candidate species and their habitats; (2) minor or negligible effects on other environmental values or resources; and (3) impacts that, when considered together with the impacts of other past, present, and reasonably foreseeable similarly situated projects, would not over time result in significant cumulative effects to environmental values or resources.

Next Steps

The Service will evaluate the application and the comments received to determine whether to issue the requested permit. We will also conduct an intra-Service consultation pursuant to section 7 of the ESA to evaluate the effects of the proposed take. After considering the above findings, we will determine whether the permit issuance criteria of section 10(a)(1)(B) of the ESA have been met. If met, the Service will issue ITP number TE 56400D–0 to Dean Wooley.

Authority

The Service provides this notice under section 10(c) (16 U.S.C. 1539(c)) of the ESA and NEPA regulation 40 CFR 1506.6.

Jay Herrington, Field Supervisor, Jacksonville Field Office.

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701–TA–614 and 731–TA–1431 (Final)]

Magnesium From Israel

Determinations

On the basis of the record 1 developed in the subject investigations, the United States International Trade Commission (“Commission”) determines, pursuant to the Tariff Act of 1930 (“the Act”), that an industry in the United States is not materially injured or threatened with material injury, and the establishment of an industry in the United States is not materially retarded, by reason of imports of magnesium from Israel, provided for in subheadings 8104.11.00, 8104.19.00, and 8104.30.00 of the Harmonized Tariff Schedule of the United States, that have been found by the U.S. Department of Commerce (“Commerce”) to be sold in the United States at less than fair value (“LTFV”), and to be subsidized by the government of Israel.

Background

The Commission, pursuant to sections 705(b) and 735(b) of the Act (19 U.S.C. 1671b(b) and 19 U.S.C. 1673(d)(b)), instituted these investigations effective October 24, 2018, following receipt of petitions filed with the Commission and Commerce by US Magnesium LLC, Salt Lake City, Utah. The final phase of the investigations was scheduled by the Commission following notification of preliminary determinations by Commerce that imports of magnesium from Israel were subsidized within the meaning of section 703(b) of the Act (19 U.S.C. 1671b(b)) and sold at LTFV within the meaning of 733(b) of the Act (19 U.S.C. 1673(b)). Notice of the scheduling of the final phase of the Commission’s investigations and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the Federal Register on August 5, 2019 (84 FR 38057). The hearing was held in Washington, DC, on November 21, 2019, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission made these determinations pursuant to sections 705(b) and 735(b) of the Act (19 U.S.C. 1671d(b) and 19 U.S.C. 1673d(b)). It completed and filed its determinations in these investigations on January 13, 2020. The views of the Commission are contained in USITC Publication 5009 (January 2020), entitled Magnesium from Israel: Investigation Nos. 701–TA–614 and 731–TA–1431 (Final).

Lisa Barton, Secretary to the Commission.

Notice of Lodging of Proposed Consent Decree Under the Comprehensive Environmental Response, Compensation, and Liability Act

On January 13, 2020, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the Southern District of Ohio in the lawsuit entitled United States v. Dayton Industrial Drum, Inc., et al., Civil Action No. 3:16–cv–232–WHR.

In June 2016, the United States filed suit against Dayton Industrial Drum, Inc. and Sunoco, Inc. (“Sunoco”) under the Comprehensive Environmental Response, Compensation, and Liability Act for the recovery of response costs incurred at the Lammers Barrel Superfund Site in Beavercreek, Ohio (the “Site”). The Consent Decree resolves the liability of Sunoco and the alleged liability of its indemnitor, Carbone Company, at the Site for a total of $1,300,000. The publication of this notice opens a period for public comment on the proposed Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to United States v. Dayton Industrial Drum, Inc., D.J. Ref. No. 90–11–3–07706/3. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:
