requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the Federal Register on September 20, 2019 (84 FR 49559).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the ADDRESSES section within thirty-(30) days of publication of this notice in the Federal Register. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1219–0016. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility:
  - Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.
  - Enhance the quality, utility, and clarity of the information to be collected; and
  - Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

DEPARTMENT OF LABOR
Bureau of Labor Statistics
Information Collection Activities; Comment Request
AGENCY: Bureau of Labor Statistics, Department of Labor.
ACTION: Notice of information collection; request for comment.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. The Bureau of Labor Statistics (BLS) is soliciting comments concerning the proposed new collection of the “QCEW Business Supplement.” A copy of the proposed information collection request (ICR) can be obtained by contacting the individual listed below in the ADDRESSES section of this notice.

DATES: Written comments must be submitted to the Office of Information and Regulatory Affairs at the Departmental Clearance Officer, by March 23, 2020.

ADDRESSES: Send comments to Carol Rowan, BLS Clearance Officer, Division of Management Systems, Bureau of Labor Statistics, Room 4080, 2 Massachusetts Avenue NE, Washington, DC 20212. Written comments also may be transmitted by fax to 202–691–5111 (this is not a toll free number).

FOR FURTHER INFORMATION CONTACT: Carol Rowan, BLS Clearance Officer, at 202–691–7628 (this is not a toll free number). (See ADDRESSES section.)

SUPPLEMENTARY INFORMATION:
I. Background

The Bureau of Labor Statistics (BLS) intends to implement a new collection for a QCEW Business Supplement (QBS). Through the QBS, the BLS will be able to capture information on the US economy in a more efficient and timely manner than is currently possible. The QBS will allow BLS to quickly collect information so that stakeholders and data users can understand the impact of specific events on the US economy as they occur, improving the relevancy of the data.

The BLS will use the Annual Refiling Survey (ARS) as a platform for conducting the QBS. Each year, the BLS Quarterly Census of Employment and Wages (QCEW) Program conducts the ARS by reaching out to approximately 1.2 million establishments requesting verification of their main business activity, and their mailing and physical location addresses. The fully web-based ARS allows for an accelerated timeframe for collection and provides a low-cost platform for conducting the quick, short surveys of the QBS. The QBSs accompanying the ARS will have little data collection overhead, leveraging the respondent contact process undertaken as part of the production ARS. QBS respondents already logged into the ARS secure website would be directed to a QBS and asked to answer a limited number of additional survey questions after completing the ARS.

II. Current Action

Office of Management and Budget clearance is being sought for the QCEW Business Supplement (QBS).

The QBS, based on the ARS data collection platform, will allow BLS to leverage the multitude of information already known about the sample units to allow for targeted sampling. It also will permit BLS to target only the units meeting the specific set of characteristics desired allowing BLS to delve into specific areas of economic interest without burdening establishments which do not meet the specific targeted features.

The QBS is designed to encourage a fast response and minimize respondent burden on the public by limiting the number of questions on each survey and by asking questions that respondents should be able to answer without research or referring to records. In this manner, BLS can provide information that is needed quickly and is not collected elsewhere.

The QBS is designed to incorporate new questionnaires as the need for data arises, as frequently as twice a year. The BLS plans to conduct multiple small surveys under the QBS clearance. The initial survey will focus on the ways employers and individuals. For example, employers may use the services of other companies or individuals to maintain their computers or networks, manufacture their products, for customer outreach activities, or facilities maintenance rather than their own employees.
III. Desired Focus of Comments

The Bureau of Labor Statistics is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.
- Enhance the quality, utility, and clarity of the information to be collected.
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

BILLING CODE 4510–24–P

LIBRARY OF CONGRESS

Copyright Royalty Board
[Docket No. 19–CRB–0016–AU (Spanish Broadcasting System, Inc.)]

Notice of Intent To Audit

AGENCY: Copyright Royalty Board (CRB), Library of Congress.

ACTION: Public notice.

SUMMARY: The Copyright Royalty Judges announce receipt of a notice of intent to audit the 2016, 2017, and 2018 statements of account submitted by licensee Slacker, Inc. concerning the royalty payments it made pursuant to two statutory licenses.

ADDRESSES: Docket: For access to the docket to read background documents, go to eCRB, the Copyright Royalty Board’s electronic filing and case management system, at https://app.crb.gov/ and search for docket number 19–CRB–0014–AU (Slacker, Inc.).

FOR FURTHER INFORMATION CONTACT: Anita Blaine, Program Specialist, by telephone at (202) 707–7658 or by email at crb@loc.gov.

SUPPLEMENTARY INFORMATION: The Copyright Act, title 17 of the United States Code, grants to sound recordings copyright owners the exclusive right to publicly perform sound recordings by means of certain digital audio transmissions, subject to limitations. Specifically, the performance right is limited by the statutory license in section 114, which allows nonexempt noninteractive digital subscription services, eligible nonsubscription services, pre-existing subscription services, and preexisting satellite digital audio radio services to perform publicly sound recordings by means of digital audio transmissions. 17 U.S.C. 114(f). In addition, a statutory license in section 112 allows a service to make necessary ephemeral reproductions to facilitate the digital transmission of the sound recording. 17 U.S.C. 112(e).

Licensees may operate under these licenses provided they pay the royalty fees and comply with the terms set by the Copyright Royalty Judges. The rates and terms for the section 112 and 114 licenses are set forth in 37 CFR parts 380 and 382 through 384.

As part of the terms for these licenses, the Judges designated SoundExchange, Inc., as the Collective, i.e., the organization charged with collecting royalty payments and statements of account submitted by eligible licensees and with distributing royalties to the copyright owners and performers entitled to receive them under the section 112 and 114 licenses. See, e.g., 37 CFR 380.2(a).

As the Collective, SoundExchange may, only once a year, conduct an audit of a licensee for any or all of the prior three calendar years in order to verify royalty payments. SoundExchange must first file with the Judges a notice of intent to audit a licensee and deliver the notice to the licensee. See, e.g., 37 CFR 380.6(b)–(c).

On December 20, 2019, SoundExchange filed with the Judges a notice of intent to audit commercial webcaster Slacker, Inc., for the years 2016, 2017, and 2018. The Judges must publish notice in the Federal Register within 30 days of receipt of a notice announcing the Collective’s intent to conduct an audit. See 37 CFR 380.6(c). Today’s notice fulfills this requirement with respect to SoundExchange’s notice of intent to audit filed December 20, 2019.

Jesse M. Feder,
Chief Copyright Royalty Judge.
