Federal Register

Vol. 85, No. 14

Wednesday, January 22, 2020

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Office of the Secretary

[Docket No. USDA-2020-0001]

Notice of Request for Extension of a Currently Approved Information Collection

AGENCY: Office of Safety, Security and Protection.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Office of Safety, Security and Protection's (OSSP) intention to request an extension for and revision to a currently approved information collection for US Department of Agriculture (USDA) Personal Identity Verification (PIV) Request for Credential, the USDA Homeland Security Presidential Directive 12 (HSPD-12) program. HSPD-12 establishes a mandatory, Government-wide standard for secure and reliable forms of identification (credentials) issued by the Federal Government to its Federal Employees, Non-Federal employees and contractors. The Office of Management and Budget (OMB) mandated that these credentials be issued to all Federal Government employees, contractors, and other applicable individuals who require long-term access to federally controlled facilities and/or information systems. The HSPD-12 compliant program is jointly owned and administered by the Office of the Chief Information Officer (OCIO) and OSSP.

ADDRESSES: Office of Safety, Security and Protection invites interested persons to submit comments on this notice. Comments may be submitted by one of the following methods:

- *Federal eRulemaking Portal:* This website provides the ability to type short comments directly into the comment field on this web page or

attach a file for lengthier comments. Go to <https://www.regulations.gov/docket?D=USDA-2020-0001>. Follow the on-line instructions at that site for submitting comments.

- *Mail, including CD-ROMs, etc.:* Send to Docket Clerk, U.S. Department of Agriculture, Office of Safety, Security and Protection, 1400 Independence Ave. SW, Suite 12B, Washington, DC 20250-3700.

- *Hand- or courier-delivered submittals:* Deliver to 1400 Independence Ave. SW, Suite 12B, Washington, DC 20250-3700.

Instructions: All items submitted by mail or electronic mail must include the Agency name: the Office of Safety, Security and Protection. The item must also include the Docket number USDA-2020-0001. Comments received in response to this docket will be made available for public inspection and posted without change, including any personal information, to <http://www.regulations.gov>.

Docket: For access to background documents or comments received, go to the Office of Safety, Security and Protection, 1400 Independence Ave. SW, Suite 12B, Washington, DC 20250-3700 between 8:00 a.m. and 3:00 p.m., Monday through Friday.

DATES: Comments on this notice must be received by March 23, 2020 to be assured of consideration.

FOR FURTHER INFORMATION CONTACT: Contact Joseph Reale, Director, Facility Protection Division, Office of Safety, Security and Protection U.S. Department of Agriculture, Whitten Building, 1400 Independence Ave. SW, Suite 12B, Washington, DC 20250, 202-720-3901.

SUPPLEMENTARY INFORMATION:

Title: USDA PIV Request for Credential.

OMB Number: 0505-0022.

Expiration Date of Approval: April 30, 2020.

Type of Request: Extension and revision of a currently approved information collection.

Abstract: The HSPD-12 information collection is required for establishing the applicant's identity for PIV credential issuance. The information requested must be provided by Federal employees, contractors and other applicable individuals when applying for a USDA credential (identification card). This information collection is

necessary to comply with the requirements outlined in Homeland Security Presidential Directive (HSPD) 12, and Federal Information Processing Standard (FIPS) 201-2. USDA must implement an identity proofing, registration, and issuance process consistent with the requirements outlined in FIPS 201-2. This information collection form was required as part of USDA's identity proofing and registration process. After 10/27/06, form AD 1197 has been eliminated and the identity process has been streamlined with the addition of a Web-based HSPD-12 system. As USDA continues the HSPD-12 program, one estimate of burden has been calculated and one process description has been included.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 1.5 hours. The Burden is estimated based on the three prerequisites for PIV Credential issuance as well as the receipt of the PIV Credential itself.

Respondents: New long-term contractors, affiliates, and employees must undergo the information collection process. Existing contractors/employees/affiliates must undergo the process to receive a PIV Credential.

Estimated Number of Respondents: Estimated Annual Number of Respondents: 12,000.

Estimated Number of Responses per Respondent: Each respondent should complete one response.

Estimated Total One-Time Burden on Respondents: 18,000 hours.

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. Comments may be sent to Joseph Reale. All comments received will be available

for public inspection during regular business hours at the same address.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will become a matter of public record.

David Wu,

Acting Assistant Secretary of Administration.

BILLING CODE 3412-BA-P

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

January 16, 2020.

The Department of Agriculture will submit the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13 on or after the date of publication of this notice. Comments are requested regarding: Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), New Executive Office Building, Washington, DC; New Executive Office Building, 725—17th Street NW, Washington, DC, 20503. Commenters are encouraged to submit their comments to OMB via email to: OIRA_Submission@omb.eop.gov or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602.

Comments regarding these information collections are best assured of having their full effect if received by February 21, 2020. Copies of the submission(s) may be obtained by calling (202) 720-8681.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to

the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Agricultural Marketing Service

Title: Fruit Crops.

OMB Control Number: 0581-0189.

Summary of Collection: Marketing orders and marketing agreements are authorized by the Agricultural Marketing Agreement Act (AMAA) of 1937 (U.S.C. 601-674; Act). This legislation permits the regulation of certain agricultural commodities for the purpose of providing orderly marketing conditions in interstate and intrastate commerce and improving returns to producers. Marketing Order programs provide an opportunity for producers of fresh fruits vegetables and specialty crops in specified production areas, to work together to solve marketing problems that cannot be solved individually. Marketing order regulations help ensure adequate supplies of high-quality product and adequate returns to producers. Under the market orders, producers and handlers are nominated by their respective peers and serve as representatives on their respective committees/boards.

Need and Use of the Information: The information collection requirements in this request are essential to carry out the intent of the Act, to provide the respondents the type of service they request, and to administer the marketing orders. The Agricultural Marketing Service (AMS) requires several forms to be filed to enable the administration of each marketing order. These include forms covering the selection process for industry members to serve on a marketing order's committee or board and ballots used in referenda to amend or continue marketing orders. If this information collection was not conducted, not only would the Secretary lose his ability to administer the marketing orders, but the respective committees also would have no way of monitoring industry compliance with their respective marketing order and agreement. They would also not be able to determine the assessments due from industry handlers and growers, which would negatively impact any market research and promotion activities.

Description of Respondents: Business or other for-profit; Farms.

Number of Respondents: 6,800.

Frequency of Responses:

Recordkeeping; Reporting; on Occasion, Quarterly; Biennially; Weekly; Semi-annually; Monthly; Annually.

Total Burden Hours: 7,780.

Agricultural Marketing Service

Title: National Organic Program.

OMB Control Number: 0581-0191.

Summary of Collection: The Organic Foods Production Act of 1990 (OFPA) as amended (7 U.S.C. 6501-6522) mandates that the Secretary of Agriculture develop a National Organic Program (NOP) to accredit eligible State government, State officials or private person as certifying agents who would certify producers or handlers of agricultural products that have been produced using organic methods as provided for in OFPA. The purposes of the regulation mandated by OFPA are: (1) To establish national standards governing the marketing of certain agricultural products as organically produced products; (2) to assure consumers that organically produced products meet a consistent standard; and (3) to facilitate interstate commerce in fresh and processed food that is organically produced. The NOP regulation fulfills the requirements of the OFPA. It includes comprehensive production and handling standards, labeling provisions, requirements for the certification of producers and handlers, accreditation of certifying agents by USDA and an administrative subpart for fees, State Programs, National List, appeals, compliance and pesticide residue testing. The Agricultural Marketing Service will approve programs for State governments wishing to establish State Organic Programs.

Need and Use of the Information: The information collected is used by USDA, State program governing State officials, and certifying agents. The information is used to evaluate compliance with OFPA and NOP for administering the program, for management decisions and planning, for establishing the cost of the program and to support any administrative and regulatory actions in response to non-compliance with OFPA. Certifying agents will have to submit an application to USDA to become accredited to certify organic production and handling operations. Auditors will review the application, perform site evaluation and submit reports to USDA, who will make a decision to grant or deny accreditation. Producers, handlers and certifying agents whose operations are not approved have the right to mediation and appeal the decision. Reporting and recordkeeping are essential to the integrity of the organic certification system. If the collection of information was not conducted, the AMS would not be able to carry out the intent of Congress as it enforces the OFPA.
