Title: Recordkeeping Requirements for Securities Transactions.

OMB Number: 1557–0142.

Description: The information collection requirements in 12 CFR parts 12 and 151 are required to ensure that national banks and Federal savings associations comply with securities laws and to improve the protections afforded to persons who purchase and sell securities through these financial institutions. Parts 12 and 151 establish recordkeeping and confirmation requirements applicable to certain securities transactions effected by national banks or Federal savings associations for customers. The transaction confirmation information required by these regulations ensures that customers receive a record of each securities transaction and that both financial institutions and the OCC have the records necessary to monitor compliance with securities laws and regulations. The OCC uses the required information in the course of its examinations to evaluate, among other things, an institution’s compliance with the antifraud provisions of the Federal securities laws.

The information collection requirements contained in 12 CFR parts 12 and 151 are as follows:

- 12 CFR 12.3 requires a national bank effecting securities transactions for customers to maintain certain records for at least three years. 12 CFR 12.3(b) provides that the records required by this section must clearly and accurately reflect the information required and provide an adequate basis for the audit of the information.

- 12 CFR 151.50 requires a Federal savings association effecting securities transactions for customers to maintain certain records for at least three years. 12 CFR 151.60 provides that the records required by 12 CFR 151.50 must clearly and accurately reflect the information required and provide an adequate basis for audit of the information.

- 12 CFR 12.4 requires a national bank to give or send to the customer a written notification of the transaction at or before completion of the securities transaction or, if using a confirmation from a registered broker/dealer, to send a copy of that confirmation within one business day from the bank’s receipt of the confirmation from the broker dealer. Section 12.4 also establishes the required minimum disclosures for a customer’s securities transactions.

- 12 CFR 151.70 requires a Federal savings association that effects a securities transaction for a customer to give or send that customer a written notice of the transaction or give or send the customer the registered broker-dealer confirmation. 12 CFR 151.80 establishes when a Federal savings association must provide notice if it elects to comply with § 151.70 by using a broker-dealer confirmation and also requires the Federal savings association to provide a statement of the source and amount of any remuneration it has received or will receive in connection with the transaction, unless it has determined remuneration in a written agreement with the customer. 12 CFR 151.90 establishes when a Federal savings association must provide notice if it elects to comply with § 151.70 by providing the customer with a written notice and establishes the minimum disclosures that must be included in that notice. 12 CFR 151.90 requires a Federal savings association to give or send the written notice to the customer at or before the completion of the securities transaction.

- 12 CFR 12.5 sets forth notification procedures that a national bank may elect to use, as an alternative to complying with § 12.4, to notify customers of securities transactions for accounts in which the bank does not exercise investment discretion, trust transactions, agency transactions, and certain periodic plan transactions.

- 12 CFR 151.100 describes notification procedures that a Federal savings association may use, as an alternative to complying with 12 CFR 151.70, for customer accounts in which the savings association does not exercise investment discretion, certain accounts for which it exercises investment discretion in other than an agency capacity, trust transactions, agency transactions, certain periodic plan transactions, collective investment fund transactions, and money market funds.

- 12 CFR 12.7(a) requires national banks to maintain and adhere to policies and procedures that assign responsibility for supervision of employees who perform certain securities trading functions; provide for the fair and equitable allocation of securities and prices to accounts for certain types of orders; provide for crossing of buy and sell orders on a fair and equitable basis to the parties to the transaction, where permissible under applicable law; and require certain officers and employees to report to the bank all personal transactions in securities made by them or on their behalf in which they have a beneficial interest.

- 12 CFR 151.140 requires Federal savings associations that effect securities transactions for customers to maintain and follow policies and procedures and sets forth the minimum requirements for such policies and procedures. These policies and procedures must assign responsibility for the supervision of employees who perform certain securities trading functions; provide for the fair and equitable allocation of securities and prices to accounts for certain types of orders; provide for crossing of buy and sell orders on a fair and equitable basis to the parties to the transaction, where permissible under applicable law; and require certain officers and employees to file personal securities trading reports as required by 12 CFR 151.150.

- 12 CFR 12.7(a)(4) requires certain national bank officers and employees involved in the securities trading process to report to the bank all personal transactions in securities made by them or on their behalf in which they have a beneficial interest.

- 12 CFR 151.150 requires certain Federal savings association officers and employees to report to the savings association personal transactions in securities made by them or on their behalf in which they have a beneficial interest. 12 CFR 151.150(a) sets forth the information to be included in the report and requires the report to be filed no later than 30 days after the end of each calendar quarter. 12 CFR 12.8 requires a national bank seeking a waiver of one or more of the requirements of 12 CFR 12.2 through 12.7 to file a written request for waiver with the OCC.
