Title of Collection: Grants to Charter Management Organizations for Replication and Expansion of High-Quality Charter Schools Program.

OMB Control Number: 1855-0032.

Type of Review: An extension of an existing information collection.

Respondents/Affected Public: Private Sector.

Total Estimated Number of Annual Responses: 50.

Total Estimated Number of Annual Burden Hours: 2,000.

Abstract: The Charter Management Organizations (CMO) program provides grants to charter management organizations to enable them to replicate or expand one or more high-quality charter schools, as defined in the Notice Inviting Applications. Grant funds may be used to expand the enrollment of one or more existing high-quality charter schools, or to replicate one or more new charter schools that are based on an existing, high-quality charter school model.

The CMO grant program is intended to support high-quality charter schools that are operated by high-performing CMOs seeking to broaden and increase their impact on student achievement. Since FY 2010, the Department has awarded new CMO grants each year

(except in FY 2013), which has resulted in a portfolio of high-quality CMOs using Federal funds to replicate and expand their successful charter school models to serve greater numbers of students, particularly educationally disadvantaged students.

Abstract: Borrowers who have defaulted on their Direct Loan or FFEL Program loans may remove those loans from default through a process called rehabilitation. Loan rehabilitation requires the borrower to make 9 payments within 10 months. The payment amount is set according to one of two formulas. The second of the two formulas uses the information that is collected in this form. The form makes it easier for borrowers to complete through simplified language, and easier for loan holders through a uniform, common format.
