

a notice of availability of the draft EIS on October 19, 2018.

The draft EIS assesses the likely environmental impacts associated with the implementation of the activities proposed in the HCP compared to the likely consequences of not issuing the requested ITPs, *i.e.*, uncoordinated project-by-project and lot-by-lot planning and mitigation. The Department of the Army, through its bureau the U.S. Army Corps of Engineers, Jacksonville District, is a cooperating agency in the development of the draft EIS.

Public Comments

Comments previously submitted on the HCP, draft EIS, or 11 ITP applications need not be resubmitted. We have incorporated them into the public record and will fully consider them in our deliberations on whether to issue the requested ITPs.

If you wish to comment on Gargiulo, Inc.'s ITP application, you may submit comments by any one of the methods listed above in **ADDRESSES**. Before including your address, phone number, email address, or other personal identifying information in your comment, be aware that your entire comment—including your personal identifying information—may be made available to the public at any time. While you may request in your comment that we withhold your personal identifying information, we cannot guarantee that we will be able to do so.

Next Steps

We will evaluate the HCP, draft EIS, and public comments to determine whether the ITP application meets the permit issuance requirements of section 10(a) of the ESA. We will also conduct an intra-Service consultation pursuant to section 7 of the ESA. If the requirements for permit issuance are met, we will issue an ITP to the applicant.
