HHS endeavors to ensure that the membership of the ACIM is fairly balanced in terms of points of view represented and that individuals from a broad representation of geographic areas, gender, and ethnic and minority groups, as well as individuals with disabilities, are considered for membership. Appointments shall be made without discrimination on the basis of age, ethnicity, gender, sexual orientation, or cultural, religious, or socioeconomic status.

Individuals who are selected to be considered for appointment will be required to provide detailed information regarding their financial holdings, consultancies, and research grants or contracts. Disclosure of this information is necessary in order for HRSA ethics officials to determine whether there is a potential conflict of interest between the SGE's public duties as a member of the ACIM and their private interests, including an appearance of a loss of impartiality as defined by federal laws and regulations, and to identify any required remedial action needed to address the potential conflict.

Authority: The ACIM was established under provisions of section 222 of the Public Health Service Act (42 U.S.C. 217a), as amended. The ACIM is governed by provisions of the Federal Advisory Committee Act (FACA), as amended (5 U.S.C. App.), as well as 41 CFR part 102-3, which set forth standards for the formation and use of Advisory Committees.
