BILLING CODE 4410-18-P

DEPARTMENT OF JUSTICE

[OMB Number 1121-0094]

Agency Information Collection Activities; Proposed eCollection eComments Requested; Reinstatement, With Change, of a Previously Approved Collection for Which Approval Has Expired: Annual Survey of Jails

AGENCY: Bureau of Justice Statistics, Department of Justice.

ACTION: 60-Day Notice.

SUMMARY: The Department of Justice (DOJ), Office of Justice Programs, Bureau of Justice Statistics, will be submitting the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995.

DATES: Comments are encouraged and will be accepted for 60 days until March 27, 2020.

FOR FURTHER INFORMATION CONTACT: If you have comments especially on the estimated public burden or associated response time, suggestions, or need a copy of the proposed information collection instrument with instructions or additional information, please contact Zhen Zeng, Bureau of Justice Statistics, 810 Seventh Street NW, Washington, DC 20531 (email: Zhen.Zeng@usdoj.gov; telephone: 202-305-2711).

SUPPLEMENTARY INFORMATION: Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Bureau of Justice Statistics, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Evaluate whether and if so how the quality, utility, and clarity of the information to be collected can be enhanced; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

Overview of This Information Collection

1. Type of Information Collection: Reinstatement, with change, of a previously approved collection for which approval has expired.

2. Title of the Form/Collection: Annual Survey of Jails (ASJ).

3. Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection: The ASJ contains one form—CJ-5: 2020 Annual Survey of Jails. The applicable component within the Department of Justice is the Bureau of Justice Statistics (BJS), in the Office of Justice Programs.

4. Affected public who will be asked or required to respond, as well as a brief abstract: Approximately 950 jails, representing approximately 2,920 local jails (city, county, regional, and private), will be requested to provide information for the following categories:

(a) At midyear (last weekday in the month of June), the total number of inmates confined in jail facilities and the total number of persons under jail supervision, but not confined;

(b) At midyear, inmate counts by sex, juvenile status, race/Hispanic origin, probation and parole status, conviction status, severity of charge (felony or misdemeanor), and U.S. citizenship status;

(c) At midyear, the numbers of inmates held for federal authorities, state prison authorities, American Indian or Alaska Native tribal governments, and other local jails;

(d) On the weekend prior to midyear, whether the jail had a weekend program that allows offenders to serve their sentences of confinement only on

weekends, and the number of program participants;

(e) Rated capacity at midyear;

(f) The date and count for the greatest number of confined inmates during the 30-day period in June;

(g) The average daily population by sex during the 12-month period from July 1 of last year to June 30 of current year;

(h) The number of new admissions into jail, and final discharges from jail, by sex during the 12-month period from July 1 of last year to June 30 of current year;

(i) At midyear, the number of staff members employed by the facility by sex and occupation (*i.e.*, correctional officers or other staff).

The ASJ is the only national collection that tracks annual changes in the local jail population in the United States. The ASJ is fielded every year except in the years when BJS conducts the Census of Jails (OMB Control No. 1121-0100). BJS requests clearance for the 2020-22 ASJ under OMB Control No. 1121-0094. The ASJ was last approved under OMB Control No. 1121-0094 (exp. date 01/31/2019), where it was bundled with the Mortality in Correctional Institutions-Jails (MCI, formerly the Deaths in Custody Reporting Program, OMB Control No. 1121-0249) and Survey of Jails in Indian Country (OMB Control No. 1121-0329). In 2017, the ASJ was separated from the MCI-Jails and became a stand-alone collection again.

5. An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond: During data collection in 2020, 950 respondents will each take an average of 75 minutes to complete the CJ-5 form (see table 1). Data quality follow-up is needed for an estimated 70% of the respondents (665) and the validation will run an average of 10 minutes for each respondent. In addition, about 60 jails will be contacted to verify facility operational status and point-of-contact information, which takes 5 minutes each on average. These estimates are based on previous estimates of item burden and input received from participants in the 2018 jail collection cognitive test (generic OMB clearance, Control No. 1121-0249). Data collection in 2021 and 2022 will involve the same number of respondents and require the same level of burden. In total, there is an estimated 3,912 total burden hours associated with this collection for the three years of data collection, or approximately 1,304 hours for each year.

TABLE 1—REPORTING MODE AND ESTIMATED BURDEN

Primary reporting mode	Purpose of contact	Number of data providers (RUs)	Number of responses	Average reporting time (min)	Estimated total burden hours (hrs)
Web	Data collection	950	950	75	1,188
Email and telephone	Data quality follow-up validation	665	665	10	111
Email and telephone	Verify facility operational status and point-of-contact.	60	60	5	5
Total	1,304

If additional information is required, contact: Melody Braswell, Department Clearance Officer, United States Department of Justice, Justice Management Division, Policy and Planning Staff, Two Constitution Square, 145 N Street NE, 3E.405A, Washington, DC 20530.

Dated: January 21, 2020.

Melody Braswell,

Department Clearance Officer for PRA, U.S. Department of Justice.

BILLING CODE 4410-18-P

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Under the Clean Air Act

On January 21, 2020, the Department of Justice lodged a proposed consent decree with the United States District Court for the District of Colorado in the lawsuit entitled *United States of America and the State of Colorado v. K.P. Kauffman Company, Inc.*, Civil Action No. 1:18-cv-02559-RBJ.

The lawsuit seeks injunctive relief and civil penalties for violations of the Clean Air Act, the Colorado Air Pollution Prevention and Control Act (“Colorado Act”), Colorado’s federally approved State Implementation Plan (“Colorado SIP”), and Colorado Air Quality Control Commission Regulation Number 7 (“Regulation No. 7”) at condensate tank systems (referred to in the consent decree as “tank systems”) owned and operated by K.P. Kauffman Company, Inc. (“KPK”) in the Denver-Julesburg Basin in Colorado, an area designated as non-attainment for the National Ambient Air Quality Standards for ground-level ozone. The violations relate to alleged failures to adequately design, operate, and maintain vapor control systems at the tank systems, resulting in emissions of volatile organic compounds (“VOC”) and other pollutants to the atmosphere.

The proposed consent decree requires KPK to implement injunctive relief at 67

condensate tank systems to ensure that its vapor control systems adequately capture and control potential VOC emissions. The consent decree design, inspection, and preventative maintenance measures are intended to result in substantial reductions in VOC emissions from KPK tank systems throughout Colorado’s Denver-Julesburg Basin. In addition to injunctive relief, the proposed Consent Decree requires KPK to pay a \$1 million civil penalty, split evenly between the United States and the State of Colorado, and to undertake projects to mitigate environmental harm. Entering into and fully complying with the proposed consent decree will release KPK from past civil liability at the tank systems and associated vapor control systems for violations of the Colorado SIP and Regulation No. 7 relating to VOC emissions from condensate storage tanks.

The publication of this notice opens a period for public comment on the consent decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States, et al. v. K.P. Kauffman Company, Inc.*, D.J. Ref. No. 90-5-2-1-11478. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:

To submit comments:	Send them to:
By email	<i>pubcomment-ees.enrd@usdoj.gov.</i>
By mail	Assistant Attorney General, U.S. DOJ—ENRD, P.O. Box 7611, Washington, DC 20044-7611.

During the public comment period, the consent decree may be examined and downloaded at this Justice Department website: <https://www.justice.gov/enrd/consent-decrees>. We will provide a paper copy of the consent decree upon written request and payment of reproduction costs.

Please mail your request and payment to: Consent Decree Library, U.S. DOJ—ENRD, P.O. Box 7611, Washington, DC 20044-7611.

Please enclose a check or money order for \$31.25 (25 cents per page reproduction cost) payable to the United States Treasury.

Jeffrey Sands,

Assistant Section Chief, Environmental Enforcement Section, Environment and Natural Resources Division.

BILLING CODE 4410-15-P

DEPARTMENT OF LABOR

Mine Safety and Health Administration [OMB Control No. 1219-0124]

Proposed Extension of Information Collection; Health Standards for Diesel Particulate Matter Exposure (Underground Coal Mines)

AGENCY: Mine Safety and Health Administration, Labor.

ACTION: Request for public comments.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed collections of information in accordance with the Paperwork Reduction Act of 1995. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Mine Safety and Health Administration (MSHA) is soliciting comments on the information collection for Health Standards for Diesel Particulate Matter Exposure (Underground Coal Mines). **DATES:** All comments must be received on or before March 27, 2020.
