I. Funding Opportunity Description

Purpose of Program: The major purposes of the CSP are to expand opportunities for all students, particularly traditionally underserved students, to attend public charter schools 1 and meet challenging State academic standards; provide financial assistance for the planning, program design, and initial implementation of charter schools; increase the number of high-quality charter schools available to students across the United States; evaluate the impact of charter schools on student achievement, families, and communities; share best practices between charter schools and other public schools; encourage States to provide facilities support to charter schools; and support efforts to strengthen the charter school authorizing process.

Through the CSP Grants to State Entities (CSP State Entities) competition (CFDA number 84.282A), the Department awards grants to State entities that, in turn, award subgrants to eligible applicants for the purpose of opening new charter schools and replicating and expanding high-quality charter schools. Grant funds may also be used to provide technical assistance to eligible applicants and authorized public chartering agencies in opening new charter schools and replicating and expanding high-quality charter schools; and to work with authorized public chartering agencies in the State to improve authorizing quality, including developing capacity for, and conducting, fiscal oversight and auditing of charter schools.

Background: The CSP State Entities program provides financial assistance to State entities to support charter schools that serve elementary and secondary school students in a given State. Charter schools receiving funds under the CSP State Entities program also may serve students in early childhood education programs or postsecondary students.

The CSP State Entities program is authorized under Title IV, Part C of the Elementary and Secondary Education Act of 1965, as amended by the Every Student Succeeds Act (ESEA) (20 U.S.C. 7221–7221j). This notice contains information regarding eligibility, priorities, definitions, application requirements, and selection criteria under the CSP State Entities program.

All charter schools receiving CSP funds must meet each element of the definition of charter school in section 4310(b)(2) of the ESEA, including the requirement to comply with the Age Discrimination Act of 1975, Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, section 444 of the General Education Provisions Act (GEPA), and part B of the Individuals with Disabilities Education Act (IDEA).

Priorities: This notice includes seven competitive preference priorities. In accordance with 34 CFR 75.105(b)(2)(iv), Competitive Preference Priority 1 is from the notice of final priority, published in the Federal Register on November 27, 2019 (84 FR 65300) (Opportunity Zones NFP), and Competitive Preference Priorities 2–7 are from section 4303(g)(2) of the ESEA.

Competitive Preference Priorities: For FY 2020 and any subsequent year in which we make awards from the list of unfunded applications from this competition, these priorities are competitive preference priorities. Under 34 CFR 75.105(c)(2)(i) we award:

• An additional four points to an application that meets Competitive Preference Priority 1;
• An additional two points to an application that meets Competitive Preference Priority 2; and
• Up to an additional 16 points to an application, depending on whether and how well the application addresses Competitive Preference Priorities 3–7.

An application may receive a total of up to 22 additional points under the competitive preference priorities. These priorities are:

(b) In the case of a State in which LEAs are the only authorized public chartering agencies, the State has an
appeals process for the denial of an application for a charter school.

Competitive Preference Priority 3—Equitable Financing (up to 3 points).
To be eligible to receive points under this priority, an applicant must demonstrate the extent to which the State in which it is located ensures equitable financing, as compared to traditional public schools, for charter schools and students in a prompt manner.

Competitive Preference Priority 6—Serving At-Risk Students (up to 3 points).
To be eligible to receive points under this priority, an applicant must demonstrate the extent to which it supports charter schools that serve at-risk students through activities such as dropout prevention, dropout recovery, or comprehensive career counseling services.

To be eligible to receive points under this priority, an applicant must demonstrate the extent to which it has taken steps to ensure that all authorized public chartering agencies implement best practices for charter school authorizing.

Note: For purposes of this competition, “best practices for charter school authorizing” includes, but is not limited to, the practices for monitoring charter schools described in Assurance (E) in paragraph (II) below.

Application Requirements: These application requirements are from section 4303(f) of the ESEA (20 U.S.C. 7221b(f)). The Department will reject an application that does not meet each application requirement.

Project Period: Up to 60 months.

III. Eligibility Information

1. Eligible Entities: State entities in States with a specific State statute authorizing the granting of charters to schools.

Under section 4303(e)(1) of the ESEA, no State entity may receive a grant under this competition for use in a State in which a State entity is currently using a CSP State Entities grant. Accordingly, State entities in States in which a State entity has a current CSP State Entities grant that is not in its final budget period (i.e., Alabama, Arizona, Arkansas, Colorado, Delaware, Idaho, Indiana, Maryland, Michigan, Minnesota, Mississippi, New Hampshire, New Mexico, New York, North Carolina, Oklahoma, Rhode Island, Washington, and Wisconsin) are ineligible to apply for a CSP State Entities grant under this competition. State entities in States in which a State entity has a current CSP State Entity grant that is in its final budget period (i.e., Texas), however, are eligible to apply for a new CSP State Entity grant under this competition.

Consistent with section 4303(e)(1), if a State entity is approved for a new CSP State Entities grant under this competition for use in a State in which a State entity has a current CSP State Entities grant that is in its final budget period, all funding under the current CSP State Entities grant must be obligated prior to the end of the final budget period. Likewise, if multiple State entities in a State submit applications that receive high enough scores to be recommended for funding under this competition, only the highest-scoring application among such State entities would be funded.

State entities in States in which an SEA has a current CSP Grant for SEAs that was awarded under the No Child Left Behind Act of 2001 (i.e., prior to FY 2017) are eligible to apply for a CSP State Entities grant under this competition, so long as no other State entity in the State has a current CSP State Entities grant that is not in its final budget period.

2. Cost Sharing or Matching: This program does not require cost sharing or matching.

3. Subgrantees: (a) Under section 4303(b) and (c)(2) of the ESEA, a State entity may award subgrants to eligible applicants and technical assistance providers.

(b) Under section 4303(d)(2) of the ESEA, a State entity awarding subgrants to eligible applicants must use a peer-review process to review applications. Additional information about the CSP Grants to Developers program and any upcoming competitions is available at https://oeese.ed.gov/offices/office-of-discretionary-grants-support-services/charter-school-programs/charter-schools-program-non-state-educational-agencies-non-state-educational-design-and-initial-implementation-grant/.

4. Other: (a) Reasonable and Necessary Costs: The Secretary may elect to impose maximum limits on the amount of subgrant funds that a State entity may award to an eligible applicant for a new charter school created or replicated, per charter school expanded, or per new school seat created.

For this competition, the maximum amount of subgrant funds a State entity may award to a subgrantee per new charter school, replicated high-quality charter school, or expanded high-quality charter school over a five-year subgrant period is $1,500,000.

Note: The Secretary must ensure that all costs included in the proposed budget are necessary and reasonable to meet the goals and objectives of the proposed project. Any costs determined by the Secretary to be unreasonable or unnecessary will be removed from the final approved budget.

(b) Audits: (i) A non-Federal entity that expends $750,000 or more during the non-Federal entity’s fiscal year in Federal awards must have a single or program-specific audit conducted for that year in accordance with the provisions of 2 CFR part 200. (2 CFR 200.501(a))

(ii) A non-Federal entity that expends less than $750,000 during the non-Federal entity’s fiscal year in Federal awards is exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503 (Relation to other audit requirements), but records must be available for review or audit by appropriate officials of the Federal agency, pass-through entity, and Government Accountability Office. (2 CFR 200.501(d)).

3. Intergovernmental Review: This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for this competition.

4. Funding Restrictions: In accordance with section 4303(c) of the ESEA, a State entity receiving a grant under this program shall: (a) Use not less than 90 percent of the grant funds to award subgrants to eligible applicants, in accordance with the quality charter school program described in the State entity's application pursuant to section 4303(f), for activities related to opening and preparing for the operation of new charter schools and replicated high-quality charter schools, or expanding high-quality charter schools; (b) reserve not less than 7 percent of the grant funds to provide technical assistance to eligible applicants and authorized public charter agencies in carrying out such activities, and to work with authorized public chartering agencies in the State to improve authorizing quality, including developing capacity for, and conducting, fiscal oversight and auditing of charter schools; and (c) reserve not more than 3 percent of the grant funds for administrative costs, which may include technical assistance. A State entity may use a grant received under this program to provide technical assistance and to work with authorized public chartering agencies to improve authorizing quality under section 4303(b)(2) of the ESEA directly or through grants, contracts, or cooperative agreements.

Limitation on Grants and Subgrants: Under section 4303(d) of the ESEA, a grant awarded by the Secretary to a State entity under this competition shall be for a period of not more than five years.

A subgrant awarded by a State entity under this program shall be for a period of not more than five years, of which an eligible applicant may use not more than 18 months for planning and program design. An eligible applicant may not receive more than one subgrant under this program for each individual charter school for a five-year period, unless the eligible applicant demonstrates to the State entity that such individual charter school has at least three years of improved educational results for students enrolled in such charter school, with respect to the elements described in section 4310(b)(A) and (D) of the ESEA.4

Other CSP Grants: A charter school that previously received funds for opening or preparing to operate a new charter school, or replicating or expanding a high-quality charter school, under the CSP Grants to State Entities program (CFDA number 84.282A), the CSP Grants to Charter Management Organizations for the Replication and Expansion of High-Quality Charter Schools (CMO) program (CFDA number 84.282M), or the CSP Grants to Developers for the Opening of New Charter Schools and for the Replication and Expansion of High-Quality Charter Schools (Developer) program (CFDA numbers 84.282B and 84.282E) may not use funds under this program to carry out the same or substantially similar activities. However, such charter school may be eligible to receive funds under this competition to expand the charter school beyond the existing grade levels or student count.

Likewise, a charter school that previously was awarded a subgrant from a State entity under this program (or the former CSP Grants for SEAs program) is ineligible to receive funds to carry out the same activities under the CMO program (CFDA number 84.282M) or Developer program (CFDA numbers 84.282B and 84.282E), including for opening or preparing to operate a new charter school, replication, or expansion.

Uses of Subgrant Funds: Under section 4303(b) of the ESEA, State entities awarded grants under this competition shall award subgrants to eligible applicants to enable such eligible applicants to—

(a) Open and prepare for the operation of new charter schools;
(b) Open and prepare for the operation of replicated high-quality charter schools; or
(c) Expand high-quality charter schools.

Under section 4303(h) of the ESEA, an eligible applicant receiving a subgrant under this program shall use such funds to support activities related to opening and preparing for the operation of new charter schools or replicating or expanding high-quality charter schools, which shall include one or more of the following:

(a) Preparing teachers, school leaders, and specialized instructional support personnel, including through paying costs associated with—
(i) Providing professional development; and

(b) Acquiring supplies, training, equipment (including technology), and educational materials (including developing and acquiring instructional materials).
(c) Carrying out necessary renovations to ensure that a new school building complies with applicable statutes and regulations, and minor facilities repairs (excluding construction).
(d) Providing one-time, startup costs associated with providing transportation to students to and from the charter school.
(e) Carrying out community engagement activities, which may include paying the cost of student and staff recruitment.
(f) Providing for other appropriate, non-sustained costs related to opening, replicating, or expanding high-quality charter schools when such costs cannot be met from other sources.

Diversity of Projects: Per section 4303(d)(4) of the ESEA, each State entity awarding subgrants under this competition shall award subgrants in a manner that, to the extent practicable and applicable, ensures that such subgrants—

(a) Are distributed throughout different areas, including urban, suburban, and rural areas; and
(b) Will assist charter schools representing a variety of educational approaches.

Award Basis: In determining whether to approve a grant award and the amount of such award, the Department will consider, among other things, the applicant’s performance and use of funds under a previous or existing award under any Department program (34 CFR 75.217(d)(3)(ii) and 233(b)). In assessing the applicant’s performance and use of funds under a previous or existing award, the Secretary will consider, among other things, the outcomes the applicant has achieved and the results of any Departmental grant monitoring, including the applicant’s progress in remedying any deficiencies identified in such monitoring.

We reference additional regulations outlining funding restrictions in the
Applicable Regulations section of this notice.

5. Recommended Page Limit and English Language Requirement: The application narrative (Part III of the application) is where you, the applicant, address the priorities, selection criteria, and application requirements that reviewers use to evaluate your application. - Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).
- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial.

Applications must be in English, and peer reviewers will only consider supporting documents submitted with the application that are in English.

The recommended page limit does not apply to Part I, the cover sheet; Part II, the budget section, including the narrative budget justification; Part IV, the assurances and certifications; or the one-page abstract, the resumes, the bibliography, or the letters of support. However, the recommended page limit does apply to all of the application narrative.

The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary requires various assurances, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

In doing so, we must consider any information about you that is in the integrity and performance system (currently referred to as the Federal Awardee Performance and Integrity Information System (FAPIIS)), accessible through the System for Award Management. You may review and comment on any information about yourself that a Federal agency previously entered and that is currently in FAPIIS.

Please note that, if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal Government exceeds $10,000,000, the reporting requirements in 2 CFR part 200, Appendix XII, require you to report certain integrity information to FAPIIS semiannually. Please review the requirements in 2 CFR part 200, Appendix XII, if this grant plus all the other Federal funds you receive exceed $10,000,000.

VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email contact for a link to access an electronic version of your GAN. We may notify you informally, also.

   If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice. We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Open Licensing Requirements: Unless an exception applies, if you are awarded a grant under this competition, you will be required to openly license to the public grant deliverables created in whole, or in part, with Department grant funds. When the deliverable consists of modifications to pre-existing works, the license extends only to those modifications that can be separately identified and only to the extent that open licensing is permitted under the terms of any licenses or other legal restrictions on the use of pre-existing works. Additionally, a grantee or subgrantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. This dissemination plan can be developed and submitted after your application has been reviewed and selected for funding. For additional information on the open licensing requirements please refer to 2 CFR 3474.20.

4. Reporting: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

   (b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit annual performance reports that provide the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

   (c) In accordance with section 4303(i) of the ESEA, each State entity receiving a grant under this section must submit to the Secretary, at the end of the third year of the five-year grant period (or at the end of the second year if the grant period is less than five years), and at the end of such grant period, a report that includes the following:

      (1) The number of students served by each subgrant awarded under this section and, if applicable, the number of new students served during each year of the period of the subgrant.

      (2) A description of how the State entity met the objectives of the quality charter school program described in the State entity’s application, including—

         (A) How the State entity met the objective of sharing best and promising practices as outlined in section 4303(f)(1)(A)(ix) of the ESEA in areas such as instruction, professional development, curricula development, and operations between charter schools and other public schools; and

         (B) If known, the extent to which such practices were adopted and implemented by such other public schools.

      (3) The number and amount of subgrants awarded under this program to carry out activities described in section 4303(b)(1)(A) through (C) of the ESEA.

      (4) A description of—

         (A) How the State entity complied with, and ensured that eligible applicants complied with, the assurances included in the State entity’s application; and

         (B) How the State entity worked with authorized public chartering agencies, and how the agencies worked with the management company or leadership of the schools that received subgrant funds under this program, if applicable.

   (d) Under 34 CFR 75.250(b), the Secretary may provide a grantee with additional funding for data collection analysis and reporting. In this case the Secretary establishes a data collection period.

5. Performance Measures:

   (a) The Secretary has established two performance indicators to measure annual progress towards achieving the purposes of the program, which are discussed elsewhere in this notice. The performance indicators are: (1) The number of charter schools in operation around the Nation; and (2) the percentage of fourth- and eighth-grade charter school students who are achieving at or above the proficient level on State assessments in mathematics and reading/language arts. Additionally, the Secretary has established the following measure to examine the efficiency of the CSP: The Federal cost per student in implementing a successful school (defined as a school in operation for three or more consecutive years).

   (b) Project-Specific Performance Measures. Applicants must propose project-specific performance measures and performance targets consistent with the objectives of the proposed project. Applications must provide the following information as directed under 34 CFR 75.110(b) and (c): (1) Performance measures. How each proposed performance measure would accurately measure the performance of the project and how the proposed performance measure would be consistent with the performance measures established for the program funding the competition.

   (2) Baseline data. (i) Why each proposed baseline is valid; or (ii) if the applicant has determined that there are no established baseline data for a particular performance measure, an explanation of why there is no established baseline and of how and
when, during the project period, the applicant would establish a valid baseline for the performance measure.

(3) Performance targets. Why each proposed performance target is ambitious yet achievable compared to the baseline for the performance measure and when, during the project period, the applicant would meet the performance target(s).

(4) Data collection and reporting. (i) The data collection and reporting methods the applicant would use and why those methods are likely to yield reliable, valid, and meaningful performance data; and (ii) the applicant’s capacity to collect and report reliable, valid, and meaningful performance data, as evidenced by high-quality data collection, analysis, and reporting in other projects or research.

All grantees must submit an annual performance report with information that is responsive to these performance measures.

6. Continuation Awards: In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: Whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, the performance targets in the grantee’s approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

7. Project Director’s Meeting: Applicants approved for funding under this competition must attend a two-day meeting for project directors at a location to be determined in the continental United States during each year of the project. Applicants may include the cost of attending this meeting in their proposed budgets as allowable administrative costs.
