

The Commission has determined that the appropriate remedy in this investigation is: (1) A GEO prohibiting the unlicensed importation of platforms that sit on an existing desk or work surface and can be adjusted to different heights that infringe one or more of claims 1–2, 4, and 10–11 of the '703 patent; claims 11, 16, 18, and 22–26 of the '809 patent; claims 1, 4–5, 11–12, 26, and 33–36 of the '644 patent; and claims 20–21 and 40–50 of the '793 patent; and (2) CDOs prohibiting respondents Albeit, ATC Supply, Amazon Import, JV Products, Vanson Distributing, Vanson Group, and Smugdesk from further importing, selling, and distributing infringing products in the United States. (Chairman Johanson and Commissioner Stayin dissent with respect to the Commission's determination to issue CDOs in this investigation.) The Commission has also determined that the public interest factors enumerated in paragraphs 337(d)(1) and (f)(1), 19 U.S.C. 1337(d)(1) and (f)(1), do not preclude issuance of these remedial orders. Finally, the Commission has determined that the bond during the period of Presidential review pursuant to 19 U.S.C. 1337(j) shall be in the amount of 100 percent of the entered value of the imported articles. The Commission's order was delivered to the President and to the United States Trade Representative on the day of its issuance. The investigation is hereby terminated.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: January 22, 2020.

Lisa Barton,

Secretary to the Commission.

ACTION: Notice.

Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205–1810.

SUPPLEMENTARY INFORMATION: On December 26, 2017, the United States Court of Appeals for the Federal Circuit issued an order holding that the appeal in *Sizewise Rentals LLC v. International Trade Commission*, Appeal No. 2017–2334, had become moot during the pendency of the appeal and remanded the investigation to the Commission to determine whether to vacate the underlying final determination relating to the sole patent at issue on appeal, the '172 patent.

The Federal Circuit appeal at issue stemmed from Investigation No. 337–TA–971, *Certain Air Mattress Systems, Components Thereof, and Methods of Using the Same*. This investigation was

instituted based on a complaint filed on October 16, 2015 by Complainants Select Comfort Corporation and Select Comfort SC Corporation (collectively, “Complainants”) that alleged violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, by Sizewise Rentals LLC, American National Manufacturing Inc., and Dires LLC (d/b/a Personal Comfort Bed) (collectively, “Respondents”), based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain air mattress systems, components thereof, and methods of using the same that infringe certain claims of the '172 patent and United States Patent No. 7,389,554 (“the '554 patent”). See 80 FR 72738 (Nov. 20, 2015).

On November 18, 2016, the presiding Administrative Law Judge issued a final initial determination (“ID”) finding no violation of section 337 with respect to either patent. The Commission determined to review the ID in part, and on review, the Commission found a violation of section 337 with regard to the '172 patent and issued a limited exclusion order prohibiting the unlicensed entry of infringing air mattress systems, components thereof, and methods of using the same. *Certain Air Mattress Systems, Components Thereof, and Methods of Using the Same*, Inv. No. 337–TA–971, Comm'n Op. at 61–62 (May 17, 2018); 82 FR 8623 (Jan. 27, 2017); 82 FR 23593–5 (May 23, 2017). The Commission found no violation with regard to the '554 patent.

On July 19, 2017, Respondents filed an appeal to the Federal Circuit requesting review of the Commission's final determination regarding the '172 patent. Appeal No. 2017–2334. On October 18, 2017, the Commission filed a motion to dismiss the appeal as moot because the '172 patent had expired on July 28, 2017. Respondents did not object to the dismissal but requested vacatur of the Commission's final determination. Complainants also did not object to dismissal, but did object to vacatur. On December 26, 2017, the Federal Circuit issued its Order in which the Commission's motion was “granted to the extent that the appeal is deemed moot and the case is remanded for the Commission to address whether to vacate its final determination relating to the '172 patent.” Court Order at 3.

On February 26, 2018, the Commission ordered the parties to submit comments on whether the Commission should vacate its final determination regarding the '172 patent. Commission Order at 3. All relevant

parties timely filed opening and reply submissions.

The Commission has determined to vacate the portion of its final determination relating to the '172 patent and its limited exclusion order based thereon. The Commission's opinion is being issued concurrently herewith. The Commission hereby terminates this investigation.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: January 22, 2020.

Secretary to the Commission.

Notice of Lodging of Proposed Consent Decree Under the Clean Air Act

On January 22, 2020, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the Southern District of Ohio in the lawsuit entitled *United States v. Gulfport Energy Corporation*, Case No. 2:20-cv-00340-ALM-CMV.

The United States filed a Complaint in this lawsuit seeking civil penalties and injunctive relief from Defendant Gulfport Energy Corporation ("Gulfport") for alleged violations of the Clean Air Act, 42 U.S.C. 7401-7671q, at multiple oil and gas production well pads that Gulfport owns and operates in eastern Ohio (the "Facilities"). The United States' Complaint alleges that Gulfport has violated statutory and regulatory requirements applicable to storage tanks at the Facilities arising under the Clean Air Act and regulations promulgated by the U.S. Environmental Protection Agency establishing standards of performance for crude oil and natural gas production, transmission, and distribution facilities (codified at 40 CFR part 60, subpart OOOO), as well as corresponding requirements in Gulfport's Clean Air Act operating permits for the Facilities.

When the Complaint was filed, the United States also lodged a proposed Consent Decree that would settle the claims asserted in the Complaint. Among other things, the proposed Consent Decree would require Gulfport to implement appropriate injunctive

relief to control air pollutant emissions from storage tanks at the Facilities, undertake additional mitigation measures to help offset unauthorized past air pollutant emissions, and pay a total of \$1,700,000 in civil penalties (plus interest) to the United States.

The publication of this notice opens a period for public comment on the proposed Consent Decree.
