RIN 3064-AE91

Regulatory Capital Rule: Capital Simplification for Qualifying Community Banking Organizations; Corrections**AGENCY:** Federal Deposit Insurance Corporation.**ACTION:** Correcting amendments.

SUMMARY: The Federal Deposit Insurance Corporation (FDIC) is correcting an interagency final rule that appeared in the **Federal Register** on Wednesday, November 13, 2019, regarding Capital Simplification for Qualifying Community Banking Organizations. These corrections are necessary to standardize the language in the FDIC regulations with the regulations of the other agencies that issued the final rule.

DATES: Effective January 30, 2020.**FOR FURTHER INFORMATION CONTACT:**

FDIC: Benedetto Bosco, Chief, Capital Policy Section, bbosco@fdic.gov; Stephanie Lorek, Senior Capital Markets Policy Analyst, slorek@fdic.gov; Dushan Gorechan, Financial Analyst, dgorechan@fdic.gov; Kyle McCormick, Financial Analyst, kmccormick@fdic.gov; Capital Markets Branch, Division of Risk Management Supervision, (202) 898-6888; or Michael Phillips, Counsel, mphillips@fdic.gov; Catherine Wood, Counsel, cawood@fdic.gov; Supervision Branch, Legal Division, Federal Deposit Insurance Corporation, 550 17th Street NW, Washington, DC 20429.

SUPPLEMENTARY INFORMATION: On November 13, 2019, the Office of the Comptroller of the Currency (OCC), Board of Governors of the Federal Reserve System (Board), and the FDIC (collectively, the agencies) published a final rule “Regulatory Capital Rule: Capital Simplification for Qualifying Community Banking Organizations.”¹ The final rule provides for a simple measure of capital adequacy for certain community banking organizations, consistent with section 201 of the Economic Growth, Regulatory Relief, and Consumer Protection Act. Under the final rule, depository institutions and depository institution holding companies that have less than \$10 billion in total consolidated assets and meet other qualifying criteria, including a leverage ratio of greater than 9 percent,

will be eligible to opt into the community bank leverage ratio framework. Instruction 61 of the **Federal Register** document resulted in the amendment of the entirety of paragraph (b) of 12 CFR 324.403, rather than modifying only § 324.403(b)(1), consistent with the intent of the agencies. Therefore, for the reasons set out in the preamble of the **Federal Register** document for the November 13, 2019, final rule and in this document, the FDIC hereby makes the following correcting amendments to 12 CFR 324.403(b).

List of Subjects in 12 CFR Part 324

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: The FAA is superseding Airworthiness Directive (AD) 2006-11-11, which applied to all The Boeing Company Model 757 airplanes. This AD retains those actions and requires revising the existing maintenance or inspection program, as applicable, to incorporate additional new or more restrictive airworthiness limitations. This AD was prompted by a determination that new or more restrictive airworthiness limitations are necessary. The FAA is issuing this AD to address the unsafe condition on these products.
