

day-ahead congestion is associated with FTRs.

Commission staff recognizes there are varying methodologies for calculating new entrant net revenues in Metric #18 and requests that respondents explain in the Explanatory Text field any clarifications they wish to provide. The intent of Metric #19 is to measure the impact that shortage events will have on reserve market clearing prices. If respondents would like to provide more granular data or improvements to the methodology, these can be submitted in the Input Spreadsheet and described in the Explanatory Text field provided. The intent of Metric #21 is to measure the maximum importable external capacity into a capacity zone for the purpose of resource deliverability in the capacity auction and should therefore focus on imports by zone. Commission staff confirms Metric #24 should be calculated both by zone and for the RTO as a whole.

Finally, Commission staff notes that this information collection is a voluntary, collaborative process. To the extent respondents have outstanding or additional questions about the twenty-nine Common Metrics, including the relevant definitions and calculations, Commission staff is available to provide guidance.

Further Comments Requested

Comments are invited on: (1) Whether the collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information collection; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Dated: January 24, 2020.

Kimberly D. Bose,
Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. ER20-859-000]

Outlaw Wind Project, LLC; Supplemental Notice That Initial Market-Based Rate Filing Includes Request for Blanket Section 204 Authorization

This is a supplemental notice in the above-referenced proceeding of Outlaw Wind Project, LLC's application for market-based rate authority, with an accompanying rate tariff, noting that such application includes a request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability.

Any person desiring to intervene or to protest should file with the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant.

Notice is hereby given that the deadline for filing protests with regard to the applicant's request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability, is February 12, 2020.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 5 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

The filings in the above-referenced proceeding are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for electronic review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the website that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC

Online service, please email FERCOnlineSupport@ferc.gov. or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Dated: January 23, 2020.

Nathaniel J. Davis, Sr.,
Deputy Secretary.
