Title: FERC–922 (Performance Metrics for ISOs, RTOs, and Regions Outside ISOs and RTOs).

OMB Control No.: 1902–0262.¹

Type of Request: Reinstatement of the FERC–922 information collection, with revisions, as discussed in Docket No. AD19–16–000.

Abstract: On July 10, 2019, the Commission published a notice in the **Federal Register** in Docket No. AD19–16–000 requesting comment on the proposed information collection. The Commission received eight comments on the proposed reinstatement and revision of the FERC–922. Commission staff addresses these comments in this notice and in its submittal to OMB. In addition to addressing the comments received, Commission staff also has updated the attachments to the notice of information collection to reflect the correction of certain typographical and formatting errors.

In December 2017, the GAO issued a report on the RTOs/ISOs with

¹ The Commission previously had OMB approval for the information collection FERC–922 under OMB Control No. 1902–0262. Commission staff plans to request authority from OMB to reinstate the information collection FERC–922, with certain revisions, as described in more detail herein. See 44 U.S.C. 3507 (2012).
