ENVIRONMENTAL PROTECTION AGENCY

Information Collection Request Submitted to OMB for Review and Approval; Comment Request; NSPS for Phosphate Rock Plants (Renewal)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) has submitted an information collection request (ICR), NSPS for Phosphate Rock Plants (EPA ICR Number 1078.12, OMB Control Number 2060–0111), to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. This is a proposed extension of the ICR, which is currently approved through March 31, 2020. Public comments were previously requested via the Federal Register on May 6, 2019 during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An agency may neither conduct nor sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

DATES: Additional comments may be submitted on or before March 2, 2020.

ADDRESSES: Submit your comments, referencing Docket ID Number EPA–HQ–OECA–2013–0314, to: (1) EPA online using www.regulations.gov (our preferred method), or by email to docket.oeca@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW, Washington, DC 20460; and (2) OMB via email to oira_submission@omb.eop.gov. Address comments to OMB Desk Officer for EPA.

EPA’s policy is that all comments received will be included in the public docket without change, including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI), or other information whose disclosure is restricted by statute.

FOR FURTHER INFORMATION CONTACT: Patrick Yellin, Monitoring, Assistance, and Media Programs Division, Office of Compliance, Mail Code 2227A, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460; telephone number: (202) 564–2970; fax number: (202) 564–0050; email address: yellin.patrick@epa.gov.

SUPPLEMENTARY INFORMATION: Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov, or in person, at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202–566–1744. For additional information about EPA’s public docket, visit: http://www.epa.gov/dockets.

Abstract: The New Source Performance Standards (NSPS) for Phosphate Rock Plants (40 CFR part 60, subpart NN) apply to the following existing facilities and new facilities at phosphate rock plants with capacities greater than 4 tons per hour: Dryers, calciners, grinders, and ground rock handling and storage facilities, except those facilities producing or preparing phosphate rock solely for consumption in elemental phosphorus production. New facilities include those that commenced construction, modification or reconstruction after the date of proposal. This information is being collected to assure compliance with 40 CFR part 60, subpart NN. In general, all NSPS standards require initial notifications, performance tests, and periodic reports by the owners/operators of the affected facilities. They are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. These notifications, reports, and records are essential in determining compliance, and are required of all affected facilities subject to NSPS.

Form Numbers: None.

Respondent’s obligation to respond: Mandatory (40 CFR part 60, subpart NN).

Estimated number of respondents: 15 (total).

Frequency of response: Initially and semiannually.

Total estimated burden: 1,800 hours (per year). Burden is defined at 5 CFR 1220.3(b).

Total estimated cost: $335,000 (per year), which includes $126,000 in annualized capital/startup and/or operation & maintenance costs.

Changes in the Estimates: There is an adjustment decrease in the total estimated burden in this ICR as currently identified in the OMB Inventory of Approved Burdens. This increase is not due to any program changes. The adjustment decrease in burden from the most-recently approved ICR is due to a decrease in the number of sources. The growth rate for the industry is very low, negative or non-existent, so the ICR has been adjusted to account for no new respondents over the next three years. This also results in a reduction in capital/startup costs.

Courtney Kerwin,
Director, Regulatory Support Division.

Meeting of the Mobile Sources Technical Review Subcommittee

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of meeting.

SUMMARY: Pursuant to the Federal Advisory Committee Act notice is hereby given that the Mobile Sources Technical Review Subcommittee (MSTRS) will meet on March 31, 2020. The MSTRS is a subcommittee under the Clean Air Act Advisory Committee. This is an open meeting. The meeting will include discussion of current topics and presentations about activities being conducted by EPA’s Office of Transportation and Air Quality. The preliminary agenda for the meeting and any notices about change in venue will be posted on the Subcommittee’s website: http://www2.epa.gov/caaac/mobile-sources-technical-review-subcommittee-mstrs-caaac. MSTRS listserv subscribers will receive notification when the agenda is available on the Subcommittee website. To subscribe to the MSTRS listserv,
send an email to mccubbin.courtney@epa.gov.

DATES: Tuesday, March 31, 2020 from 9:00 a.m. to 4:30 p.m. Registration begins at 8:30 a.m.

ADDRESSES: The meeting is currently scheduled to be held at The Residence Inn Arlington Capital View Hotel at 2850 South Potomac Avenue, Arlington, Virginia 22202. However, this date and location are subject to change and interested parties should monitor the Subcommittee website (above) for the latest logistical information.

FOR FURTHER INFORMATION CONTACT: Courtney McCubbin, Designated Federal Officer, Office of Transportation and Air Quality, Mail code 6401A, U.S. EPA, 1200 Pennsylvania Ave. NW, Washington, DC 20460; Phone number: 202–564–2436; email: mccubbin.courtney@epa.gov.

Background on the work of the Subcommittee is available at: https://www.epa.gov/caaac/mobile-sources-technical-review-subcommittee-mstrs-ccaaac.

Individuals or organizations wishing to provide comments to the Subcommittee should submit them to Ms. McCubbin at the address above by March 17, 2020. The Subcommittee expects that public statements presented at its meetings will not be repetitive of previously submitted oral or written statements.

SUPPLEMENTARY INFORMATION: During the meeting, the Subcommittee may also hear progress reports from some of its workgroups as well as updates and announcements on activities of general interest to attendees.

For individuals with disabilities: For information on access or services for individuals with disabilities, please contact Ms. McCubbin (see above). To request accommodation of a disability, please contact Ms. McCubbin, preferably at least 10 days prior to the meeting, to give EPA as much time as possible to process your request.

Sarah Dunham,
Director, Office of Transportation and Air Quality.

ENVIRONMENTAL PROTECTION AGENCY

Information Collection Request Submitted to OMB for Review and Approval: Comment Request; Fine Particulate Matter (PM2.5) National Ambient Air Quality Standards (NAAQS) State Implementation Plan (SIP) Requirements Rule (Renewal)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) has submitted an information collection request (ICR), Fine Particulate Matter (PM2.5) National Ambient Air Quality Standards (NAAQS) State Implementation Plan (SIP) Requirements Rule (EPA ICR Number 2258.05, OMB Control Number 2020–0611), to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. This is a proposed renewal of the existing ICR for the PM2.5 NAAQS State Implementation Plan (SIP) Requirements Rule, which is currently approved through January 31, 2020. Public comments were previously requested via the Federal Register on October 1, 2019, during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public.

An Agency may not conduct, or sponsor, a collection of information unless it displays a currently valid OMB control number.

DATES: Additional comments may be submitted on or before March 2, 2020.

The EPA’s policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information, or other information whose disclosure is restricted by statute.

FOR FURTHER INFORMATION CONTACT: Ms. Leigh Herrington, Office of Air Quality Planning and Standards, U.S. Environmental Protection Agency, by phone at (919) 541–0882 or by email at herrington.leigh@epa.gov.

SUPPLEMENTARY INFORMATION: Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at http://www.regulations.gov, or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is (202) 566–1744. For additional information about EPA’s public docket, visit http://www.epa.gov/dockets.

Abstract: The PM2.5 NAAQS SIP Requirements Rule became effective on October 24, 2016 (81 FR 58010). This rule provides the framework of Clean Air Act (CAA) requirements for air agencies to develop state implementation plans to help attain and maintain the PM2.5 NAAQS. States have applied this framework to develop attainment plans and redesignation requests and maintenance plans for areas designated nonattainment for the 1997 PM2.5 NAAQS, the 2006 PM2.5 NAAQS, and the 2012 PM2.5 NAAQS.

The ICR finalized with the PM2.5 NAAQS SIP Requirements Rule estimated, for the 3 years following the ICR approval date, the burden associated with plan development and plan revisions related to ongoing implementation efforts in 31 areas designated nonattainment for the 1997, 2006 and 2012 PM2.5 NAAQS. The estimates included the burden to develop and submit, and the burden to the EPA to review and to approve or disapprove, attainment plans to meet the requirements prescribed in CAA sections 110 and part D, subparts 1 and 4 of title I. A PM2.5 NAAQS attainment plan contains rules and other measures designed to improve air quality and achieve the NAAQS by the deadlines established under the CAA. It also must address several additional CAA requirements related to demonstrating timely attainment and must contain contingency measures in the event the nonattainment area does not achieve reasonable further progress throughout the attainment period or in the event that area does not attain the NAAQS by its attainment date. States that have attained by the applicable attainment date may be eligible to submit a redesignation request and maintenance plan to receive a redesignation from “nonattainment” to “attainment.” After a state submits an attainment or maintenance plan, the CAA requires the
