

On May 3, 2019, the ALJ issued an initial determination (“ID”) (Order No. 50) granting Complainants’ motion. He found no extraordinary circumstances exist that would prevent the requested termination of this investigation. Order No. 50 at 3.

On May 10, 2019, Respondents filed a petition for review of the ID. On May 17, 2019, Complainants filed a response opposing the petition.

On June 26, 2019, the Commission determined to review the subject ID. Commission Notice (June 26, 2019).

Upon review, the Commission has determined to grant Complainants’ request to terminate the investigation based on withdrawal of its complaint allegations. The Commission has considered Respondents’ arguments regarding Complainants’ filing of their motion to terminate shortly before the hearing was scheduled to begin, after extensive proceedings, including discovery, had occurred before the ALJ. However, it would be premature at this time for the Commission to decide the effect, if any, of this termination on a future complaint that might be filed. Accordingly, the Commission need not and does not now decide what action it may take, or what conditions may apply, should Complainants file a complaint based on the same or similar alleged violations of section 337 by these Respondents in the future. Nor does the Commission now decide whether and how, if a new investigation were instituted based on the same or similar allegations, the record from the instant investigation may be used in such future investigation.

The investigation is terminated.

The authority for the Commission’s determination is contained in section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, and in Part 210 of the Commission’s Rules of Practice and Procedure, 19 CFR part 210.

By order of the Commission.

Issued: January 24, 2020.
