

biomass, fossil fuel, and nuclear. In June 2019, TVA released the final 2019 Integrated Resource Plan (IRP) and associated Environmental Impact Statement, which updated the 2015 IRP. The 2019 IRP is a comprehensive study of how TVA will meet the demand for electricity in its service territory over the next 20 years. The target supply mix adopted by TVA in the 2019 IRP envisions the addition of up to 14 GW of solar by 2038.

Alternatives

In addition to a No Action Alternative, this EIS will address alternatives that meet the purpose and need for the project. In evaluating alternatives, TVA will also consider the availability of other potential sites where the project could be located. For the proposed site, TVA plans to consider the establishment of a reduced footprint so that impacts to cultural and/or biological resources could be avoided. The EIS will also evaluate ways to mitigate impacts that cannot be avoided. The description and analysis of these alternatives in the EIS will inform decision makers, other agencies, and the public about the potential for environmental impacts associated with the proposed solar facility. TVA solicits comment on whether there are other alternatives that should be assessed in the EIS.

Proposed Resources and Issues To Be Considered

Public scoping is integral to the process for implementing NEPA and ensures that (1) issues are identified early and properly studied, (2) issues of little significance do not consume substantial time and effort, and (3) the analysis of identified issues is thorough and balanced. This EIS will identify the purpose and need of the project and will contain descriptions of the existing environmental and socioeconomic resources within the area that could be affected by the proposed solar facility, including the documented historical, cultural, and environmental resources. Evaluation of potential environmental impacts to these resources will include, but not be limited to, water quality, air quality, soil erosion, floodplains, aquatic and terrestrial ecology, threatened and endangered species, botany, wetlands, visual resources, transportation, safety, land use, historic and archaeological resources, recreation, geology, solid and hazardous waste, and socioeconomic and environmental justice issues. The final range of issues to be addressed in the environmental review will be determined, in part, from scoping comments received. TVA is

particularly interested in public input on other reasonable alternatives that should be considered in the EIS. The preliminary identification of reasonable alternatives and environmental issues in this notice is not meant to be exhaustive or final.

Public Participation

The public is invited to submit comments on the scope of this EIS no later than the date identified in the **DATES** section of this notice. Federal, state and local agencies and Native American Tribes are also invited to provide comments. After consideration of comments received during the scoping period, TVA will develop and distribute a scoping document that will summarize public and agency comments that were received and identify the schedule for completing the EIS process. Following analysis of the issues, TVA will prepare a draft EIS for public review and comment; the draft EIS is scheduled for completion in 2021. In finalizing the EIS and in making its final decision, TVA will consider the comments that it receives on the Draft EIS.

Authority: 40 CFR 1501.7.

Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2014-0071]

Hours of Service of Drivers: McKee Foods Transportation, LLC, Application for Exemption

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of application for renewal of exemption; request for comments.

SUMMARY: FMCSA announces that it has received an application from McKee Foods Transportation, LLC (MFT) for a renewal of its exemption from the hours-of-service (HOS) regulation pertaining to the use of a sleeper berth. The exemption renewal would allow MFT team drivers to take the equivalent of 10 consecutive hours off duty by splitting sleeper berth time into two periods totaling 10 hours, provided neither of the two periods is less than 3 hours. MFT currently holds an exemption for the period March 27,

2015, through March 27, 2020. FMCSA requests public comment on MFT's application for exemption. The application for a renewal is available for review in the docket referenced at the beginning of this notice.

DATES: Comments must be received on or before March 2, 2020.

ADDRESSES: You may submit comments identified by Federal Docket Management System (FDMS) Number FMCSA-2014-0071 by any of the following methods:

- *Federal eRulemaking Portal:* www.regulations.gov. Follow the online instructions for submitting comments.
- *Mail:* Docket Management Facility, U.S. Department of Transportation, 1200 New Jersey Avenue SE, West Building, Ground Floor, Room W12-140, Washington, DC 20590-0001.
- *Hand Delivery or Courier:* West Building, Ground Floor, Room W12-140, 1200 New Jersey Avenue SE, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

I. Public Participation and Request for Comments

FMCSA encourages you to participate by submitting comments and related materials.

Submitting Comments

If you submit a comment, please include the docket number for this notice (FMCSA-2014-0071), indicate the specific section of this document to which the comment applies, and provide a reason for suggestions or recommendations. You may submit your comments and material online or by fax, mail, or hand delivery, but please use only one of these means. FMCSA recommends that you include your name and a mailing address, an email address, or a phone number in the body of your document so the Agency can contact you if it has questions regarding your submission.

To submit your comments online, go to www.regulations.gov and put the docket number, "FMCSA-2014-0071" in the "Keyword" box, and click "Search." When the new screen appears, click on "Comment Now!" button and type your comment into the text box in the following screen. Choose whether you are submitting your comment as an individual or on behalf of a third party and then submit. An option to upload a file is provided. If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit comments by mail and would like to know that they reached the facility, please enclose a stamped, self-addressed postcard or envelope. FMCSA will consider all comments and material received during the comment period and may grant or not grant this application based on your comments.

II. Legal Basis

FMCSA has authority under 49 U.S.C. 31136(e) and 31315 to grant exemptions from certain parts of the Federal Motor Carrier Safety Regulations. FMCSA must publish a notice of each exemption request in the **Federal Register** (49 CFR 381.315(a)). The Agency must provide the public an opportunity to inspect the information relevant to the application, including any safety analyses that have been conducted. The Agency must also provide an opportunity for public comment on the request.

The Agency reviews safety analyses and public comments submitted, and determines whether granting the exemption would likely achieve a level of safety equivalent to, or greater than,

the level that would be achieved by the current regulation (49 CFR 381.305). The decision of the Agency must be published in the **Federal Register** (49 CFR 381.315(b)) with the reasons for denying or granting the application and, if granted, the name of the person or class of persons receiving the exemption, and the regulatory provision from which the exemption is granted. The notice must also specify the effective period and explain the terms and conditions of the exemption. The exemption may be renewed (49 CFR 381.300(b)).

III. MFT's Request for a Renewal

MFT requested a renewal of its exemption from 49 CFR 395.1(g)(1)(ii)(A)(1-2) pertaining to the use of a sleeper berth. The exemption renewal would allow MFT team drivers to continue to take the equivalent of 10 consecutive hours off duty by splitting sleeper berth time into two periods totaling 10 hours, provided neither of the two periods is less than 3 hours. The application for a renewal is available for review in the docket referenced at the beginning of this notice.

FMCSA granted MFT a one-year exemption on March 27, 2015 (80 FR 16503). On April 20, 2016 (81 FR 23349) the Agency extended its expiration date to March 27, 2020, in response to Section 5206(b)(2)(A) of the "Fixing America's Surface Transportation Act" (FAST Act). The statute extended the expiration date of hours-of-service (HOS) exemptions in effect on the date of enactment of the FAST Act to 5 years from the date of issuance of the exemptions.

IV. Request for Comments

In accordance with 49 U.S.C. 31315(b)(6), FMCSA requests public comment from all interested persons on MFT's application for an exemption. All comments received before the close of business on the comment closing date indicated at the beginning of this notice will be considered and will be available for examination in the docket at the location listed under the **ADDRESSES** section of this notice. Comments received after the comment closing date will be filed in the public docket and will be considered to the extent practicable.

Issued on: January 27, 2020.

Larry W. Minor,

Associate Administrator for Policy.
