SUPPLEMENTARY INFORMATION:

Agenda: In the Agency’s document entitled “Food Handler Antiseptic Drug Products for Over-the-Counter Human Use; Request for Data and Information” (December 7, 2018, 83 FR 63168)

(Docket No. FDA-2018-N-3458), FDA sought input on the current use of over-the-counter antiseptics in the food handler setting and the recommended testing criteria to establish the safety and effectiveness of these products. Now that the comment period has closed, FDA plans to hold an advisory committee meeting to review the information submitted and discuss its key points.

FDA intends to make background material available to the public no later than 2 business days before the meeting. If FDA is unable to post the background material on its website prior to the meeting, the background material will be made publicly available at the location of the advisory committee meeting, and the background material will be posted on FDA’s website after the meeting. Background material is available at <https://www.fda.gov/AdvisoryCommittees/Calendar/default.htm>. Scroll down to the appropriate advisory committee meeting link.

Procedure: Interested persons may present data, information, or views, orally or in writing, on issues pending before the committee. All electronic and written submissions submitted to the Docket (see **ADDRESSES**) on or before March 3, 2020, will be provided to the committee. Oral presentations from the public will be scheduled between approximately 1 p.m. and 2 p.m. Those individuals interested in making formal oral presentations should notify the contact person and submit a brief statement of the general nature of the evidence or arguments they wish to present, the names and addresses of proposed participants, and an indication of the approximate time requested to make their presentation on or before February 24, 2020. Time allotted for each presentation may be limited. If the number of registrants requesting to speak is greater than can be reasonably accommodated during the scheduled open public hearing session, FDA may conduct a lottery to determine the speakers for the scheduled open public hearing session. The contact person will notify interested persons regarding their request to speak by February 25, 2020.
