AGENCY: U.S. International Trade Commission.

ACTION: Notice.

persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal, telephone 202-205-1810.

SUPPLEMENTARY INFORMATION: On October 18, 2016, the Commission instituted this investigation based on a complaint filed by R2 Semiconductor, Inc. of Sunnyvale, California. 81 FR 71764 (Oct. 18, 2016). The complaint alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337 ("section 337") based upon the importation into the United States, the sale for importation, or the sale within the United States after importation of certain integrated circuits with voltage regulators and products containing the same by reason of infringement of certain claims of U.S. Patent No. 8,233,250 ("the '250 patent"). *Id.* The Commission's notice of investigation named as respondents Intel Corporation of Santa Clara, California; Intel Ireland Ltd. of Leixlip, Ireland; Intel Products Vietnam Co., Ltd. of Ho Chi Minh City, Vietnam; Intel Israel 74 Ltd. of Haifa, Israel; Intel Malaysia Sdn. Berhad of Penang, Malaysia; Intel China, Ltd. of Beijing, China; Dell, Inc. of Round Rock, Texas; Dell Technologies Inc. of Round Rock, Texas; HP Inc. of Palo Alto, California; and Hewlett Packard Enterprise Co. of Palo Alto, California (collectively, "Respondents"). *Id.* The Office of Unfair Import Investigations ("OUII") is participating in this investigation. *Id.*

On July 31, 2018, the Patent Trial and Appeal Board ("PTAB") issued final written decisions in inter partes review proceedings, finding all asserted claims of the '250 patent to be invalid. On August 16, 2018, Respondents filed an unopposed motion to stay this investigation pending appellate review of those decisions by the Federal Circuit. On August 31, 2018, the presiding administrative law judge ("ALJ") granted that motion. Order No. 55 (Aug. 31, 2018).

On December 23, 2019, R2 and Respondents filed a joint motion to terminate this investigation in its entirety for good cause in light of the Federal Circuit's November 13, 2019 decision affirming the PTAB's decision finding all asserted claims of the '250 patent unpatentable. OUII did not oppose the motion.

On January 10, 2020, the ALJ issued the subject ID (Order No. 59), which grants the motion. The ALJ found that the motion complies with Commission Rule 210.21(a) and that no extraordinary circumstances prohibit termination of the investigation. No petitions for review were filed.

The Commission has determined not to review the subject ID. This investigation is terminated.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: January 31, 2020.

Secretary to the Commission.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-1147]

Certain Blood Separation and Cell Preparation Devices; Notice of Commission Determination Not To Review an Initial Determination Terminating the Investigation Based on the Withdrawal of the Complaint; Termination of Investigation

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission ("Commission") has determined not to review an initial determination ("ID") (Order No. 17) that grants the complainant's motion to terminate this investigation based on the withdrawal of the complaint. This investigation is terminated.

FOR FURTHER INFORMATION CONTACT: Ron Traud, Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone 202-205-3427. Copies of non-confidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone 202-205-2000. General information concerning the Commission may also be obtained by accessing its internet server at <https://www.usitc.gov>. The public record for this investigation may be viewed on the Commission's electronic docket ("EDIS") at <https://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal, telephone 202-205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on March 12, 2019, based on a complaint filed by RegenLab USA LLC of New York, New York (“RegenLab”). 84 FR 8891 (Mar. 12, 2019). The complaint, as amended, alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337 (“section 337”), based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain blood separation and cell preparation devices by reason of infringement of certain claims of U.S. Patent No. 10,064,894. *Id.* The amended complaint further alleges that an industry in the United States exists as required by section 337. *Id.* The notice of investigation named as respondents Estar Technologies, Ltd. of Holon, Israel, and Eclipse MedCorp, LLC of The Colony, Texas (collectively, “Respondents”). *Id.* The Office of Unfair Import Investigations (“OUII”) was named as a party to the investigation. *Id.*

On November 13, 2019, RegenLab filed a motion to terminate the investigation in its entirety based on the withdrawal of the complaint. On November 15, 2019, Respondents filed a response stating that they did not oppose the motion to terminate, on the condition that an order to show cause issue regarding whether RegenLab and its previous counsel should not be sanctioned. On November 22, 2019, Respondents filed a motion seeking that show cause order. On November 25, 2019, OUII filed a response supporting the motion to terminate the investigation.

On December 20, 2019, the presiding administrative law judge (“ALJ”) issued Order No. 16, which denied Respondents’ motion for the show cause order.

Also on December 20, 2019, the ALJ issued Order No. 17, the subject ID, granting pursuant to 19 CFR 210.21(a) RegenLab’s motion to terminate the investigation. The ID finds that RegenLab’s motion complies with the Commission’s Rules. No petitions for review were filed.

The Commission has determined not to review the subject ID. However, the Commission notes that RegenLab filed its motion to terminate six days before the hearing was scheduled to begin, after extensive proceedings, including discovery, had occurred before the ALJ. As a general matter, the Commission notes that withdrawal of a complaint at such a late stage of the investigation raises questions about what effect, if any, termination would have on a future complaint that might be filed based on

the same or similar alleged violations of section 337 by the same respondents, and how the record from the terminated investigation may be used in such a future investigation. This investigation is terminated.

The authority for the Commission’s determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in part 210 of the Commission’s Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: January 31, 2020.

Lisa Barton,

Secretary to the Commission.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on December 4, 2017, based on a complaint filed by Netlist, Inc. of Irvine, California (“Netlist”). 82 FR 57290–91. The complaint, as supplemented, alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain memory modules and components thereof that infringe claims 1–8, 10, 12, 14, 16–22, 24, 25, 27, 29–35, 38, 43–45, 47, 48, 50, 52, and 58 of U.S. Patent No. 9,606,907 (“the ‘907 patent”) and claims 1–5, 7–15, 17–25, 27, and 29 of U.S. Patent No. 9,535,623 (“the ‘623 patent”). *Id.* The Commission’s notice of investigation named as respondents SK hynix Inc. of the Republic of Korea; SK hynix America Inc. of San Jose, California; and SK hynix memory solutions Inc. of San Jose, California (together, “SK hynix”). *Id.* at 57291. Accordingly, at the time of the Final ID, the remaining asserted claims were claims 1–8, 10, 12, 14, and 15 of the ‘907 patent and claims 1–5 and 7–11 of the ‘623 patent.

On October 19, 2019, the ALJ issued a final initial determination (“Final ID”) finding a violation of section 337 with respect to claims 6 and 12 of the ‘907 patent. Final ID at 164–65. The ALJ found that Netlist showed that SK hynix infringes claims 1–8, 10, 12, 14, and 15 of the ‘907 patent, but failed to show
