5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* Based on the projected increases in registrations from 2017 to 2020, an estimated 140 new registrants will complete Form NSD-1 (OMB 1124-0001). 6. *An estimate of the total public burden (in hours) associated with the collection:* The estimated public burden associated with this collection is 105 annual burden hours. It is estimated that respondents will take .75 hours to complete the form. (140 respondents × .75 hours = 105 annual burden hours).

7. Beginning September 23, 2019, NSD completed its ongoing multi-year design review, testing, and requirements enhancement efforts under the FARA e-File 4.0 initiative to a level where it began to rollout initial capabilities for new registrants only. NSD continues to make progress in enhancing the functionality of FARA e-File and Form NSD-1.
