

the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Study of State Policies to Prohibit Aiding and Abetting Sexual Misconduct in Schools.

OMB Control Number: 1810-NEW.

Type of Review: A new information collection.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 56.

Total Estimated Number of Annual Burden Hours: 56.

Abstract: Under Section 8546 of the Every Student Succeeds Act (ESSA), every state must have laws, regulations, or policies that prohibit the state education agency, a district, a school, or any school employee, contractor, or agent, from assisting an individual in obtaining new employment if they know, or have probable cause to believe, that the individual has engaged in sexual misconduct with a student or minor in violation of the law. The U.S. Department of Education is conducting a study that will examine states' development and implementation of laws and policies to prohibit aiding and abetting sexual misconduct in schools. The study will also describe the challenges states have encountered implementing the requirements of Section 8546 and how they have addressed these challenges. The study is not intended to determine the extent to which each state is complying with Section 8546. Rather, the Department seeks to understand how states are addressing implementing the provisions in Section 8546 in order to inform the Department's technical assistance efforts to states on this section of the law.

Title of Collection: National Assessment of Educational Progress (NAEP) 2021.

OMB Control Number: 1850-0928.

Type of Review: A revision of an existing information collection.

Respondents/Affected Public: Individuals or Households.

Total Estimated Number of Annual Responses: 628,121.

Total Estimated Number of Annual Burden Hours: 371,982.

Abstract: The National Assessment of Educational Progress (NAEP), conducted by the National Center for Education Statistics (NCES), is a federally authorized survey of student achievement at grades 4, 8, and 12 in various subject areas, such as mathematics, reading, writing, science, U.S. history, civics, geography, economics, technology and engineering literacy (TEL), and the arts. The National Assessment of Educational Progress Authorization Act (Pub. L. 107-279 Title III, section 303) requires the assessment to collect data on specified student groups and characteristics, including information organized by race/ethnicity, gender, socio-economic status, disability, and limited English proficiency. It requires fair and accurate presentation of

achievement data and permits the collection of background, noncognitive, or descriptive information that is related to academic achievement and aids in fair reporting of results. The intent of the law is to provide representative sample data on student achievement for the nation, the states, and subpopulations of students and to monitor progress over time. The nature of NAEP is that burden alternates from a relatively low burden in national-level administration years to a substantial burden increase in state-level administration years when the sample has to allow for estimates for individual states and some of the large urban districts (as part of the Trial Urban District Assessment, or TUDA, program). This request is to conduct NAEP 2021, including operational assessments and pilot tests: Operational national/state/TUDA Digitally Based Assessments (DBA) in mathematics and reading at grades 4 and 8, and Puerto Rico in mathematics at grades 4 and 8; and operational national DBA in U.S. history and civics at grade 8. In 2021, NAEP will begin to transition to a design in which students will take additional set(s) of cognitive items from another subject area. This design will allow more information to be collected from each individual student, thereby reducing the number of overall students (and, thus, schools) that are required. The NAEP results will be reported to the public through the Nation's Report Card as well as other online NAEP tools.
