OMB No. 0955-NEW-ONC.

Abstract: The Office of the National Coordinator for Health Information Technology is seeking the approval for a new information collection request item the "US Core Data for Interoperability (USCDI) New Data Element Submission Form." The U.S. Core Data for Interoperability (USCDI) is a standardized set of health data classes and constituent data elements used to support nationwide, interoperable health information exchange. When published, the USCDI will become the required standard data elements set to which all health IT developers must conform to obtain ONC certification. This certification is required for

participation in some federal healthcare payment plans. In order to insure the USCDI remains current and reflects the needs of the health IT community, ONC has established a predictable, transparent, and collaborative process to solicit broad stakeholder input to expand the USCDI. Anyone, including ONC staff, staff from other federal agencies, and other stakeholders may submit proposals for new data elements. These contributions will be in the form of public comments through our Health IT Advisory Committee (HITAC) as well as direct public contributions by proposing new data classes and data elements for addition to future versions of this health IT standard. The ONC will evaluate each submission in collaboration with the HITAC and upon approval by the National Coordinator for Health IT, new data classes and data elements from these submissions will be added to the newest version of the USCDI standard for integration into health information technology products such as electronic health records. The ONC is seeking approval to collect this information yearly from Health IT Stakeholders.

Announcement Type: Initial.

CFDA Number: 93.164.

Key Dates: February 15, 2020, first award cycle deadline date; August 15, 2020, last award cycle deadline date; September 15, 2020, last award cycle deadline date for supplemental loan repayment program funds; September 30, 2020, entry on duty deadline date.

I. Funding Opportunity Description

The Indian Health Service (IHS) estimated budget for fiscal year (FY) 2020 includes \$34,800,000 for the IHS Loan Repayment Program (LRP) for health professional educational loans (undergraduate and graduate) in return for full-time clinical service as defined in the IHS LRP policy at <https://www.ihs.gov/loanrepayment/policiesandprocedures/> in Indian health programs.

This notice is being published early to coincide with the recruitment activity of the IHS which competes with other Government and private health management organizations to employ qualified health professionals.

This program is authorized by the Indian Health Care Improvement Act (IHCIA) Section 108, codified at 25 U.S.C. 1616a.

II. Award Information

The estimated amount available is approximately \$22,405,000 to support approximately 492 competing awards

averaging \$45,565 per award for a two-year contract. The estimated amount available is approximately \$12,395,000 to support approximately 500 competing awards averaging \$24,790 per award for a one-year extension. One-year contract extensions will receive priority consideration in any award cycle. Applicants selected for participation in the FY 2020 program cycle will be expected to begin their service period no later than September 30, 2020.

III. Eligibility Information

A. Eligible Applicants

Pursuant to 25 U.S.C. 1616a(b), to be eligible to participate in the LRP, an individual must:

(1)(A) Be enrolled—

(i) In a course of study or program in an accredited institution, as determined by the Secretary, within any State and be scheduled to complete such course of study in the same year such individual applies to participate in such program; or

(ii) In an approved graduate training program in a health profession; or
(B) Have a degree in a health profession and a license to practice in a State; and

(2)(A) Be eligible for, or hold an appointment as a commissioned officer in the Regular Corps of the Public Health Service (PHS); or

Participants will be required to fulfill their contract service agreements through full-time clinical practice at an Indian health program site determined by the Secretary. Loan repayment sites are characterized by physical, cultural, and professional isolation, and have histories of frequent staff turnover. Indian health program sites are annually prioritized within the Agency by discipline, based on need or vacancy. The IHS LRP's ranking system gives high site scores to those sites that are most in need of specific health professions. Awards are given to the applications that match the highest priorities until funds are no longer available.

Any individual who owes an obligation for health professional service to the Federal Government, a State, or other entity, is not eligible for the LRP unless the obligation will be completely satisfied before they begin service under this program.

25 U.S.C. 1616a authorizes the IHS LRP and provides in pertinent part as follows:

(a)(1) The Secretary, acting through the Service, shall establish a program to be known as the Indian Health Service Loan Repayment Program (hereinafter referred to as the Loan Repayment Program) in order to assure an adequate supply of trained health professionals necessary to maintain accreditation of, and provide health care services to Indians through, Indian health programs.

For the purposes of this program, the term "Indian health program" is defined in 25 U.S.C. 1616a(a)(2)(A), as follows:

(A) The term Indian health program means any health program or facility funded, in whole or in part, by the Service for the benefit of Indians and administered—

(i) Directly by the Service;

(ii) By any Indian Tribe or Tribal or Indian organization pursuant to a contract under—

(I) The Indian Self-Determination Act, or

(II) Section 23 of the Act of April 30, 1908, (25 U.S.C. 47), popularly known as the Buy Indian Act; or

(iii) By an urban Indian organization pursuant to Title V of [the Indian Health Care Improvement Act].

25 U.S.C. 1616a, authorizes the IHS to determine specific health professions for which IHS LRP contracts will be awarded. Annually, the Director, Division of Health Professions Support, sends a letter to the Director, Office of Clinical and Preventive Services, IHS Area Directors, Tribal health officials, and Urban Indian health programs directors to request a list of positions for which there is a need or vacancy. The list of priority health professions that follows is based upon the needs of the IHS as well as upon the needs of American Indians and Alaska Natives.

The IHS will utilize the Health Professional Shortage Area (HPSA) score developed by the Health Resources and Services Administration for each Indian health program for which there is a need or vacancy. At each Indian health facility, the HPSA score for mental health will be utilized for all behavioral health professions, the HPSA score for dental health will be utilized for all dentistry and dental hygiene health professions, and the HPSA score for primary care will be used for all other approved health professions.

In determining applications to be approved and contracts to accept, the IHS will give priority to applications made by American Indians and Alaska Natives and to individuals recruited through the efforts of Indian Tribes or Tribal or Indian organizations.

B. Review and Selection Process

Loan repayment awards will be made only to those individuals serving at facilities with have a site score of 17 or above through March 1, 2020, if funding is available.

One or all of the following factors may be applicable to an applicant, and the applicant who has the most of these factors, all other criteria being equal, will be selected.

(1) An applicant's length of current employment in the IHS, Tribal, or Urban program.

(2) Availability for service earlier than other applicants (first come, first served).

(3) Date the individual's application was received.

C. Anticipated Announcement and Award Dates

Not applicable.

VI. Award Administration Information

A. Award Notices

Notice of awards will be mailed on the last working day of each month. Once the applicant is approved for participation in the LRP, the applicant will receive confirmation of his/her loan repayment award and the duty site at which he/she will serve his/her loan repayment obligation.

B. Administrative and National Policy Requirements

Applicants may sign contractual agreements with the Secretary for two years. The IHS may repay all, or a portion, of the applicant's health profession educational loans (undergraduate and graduate) for tuition expenses and reasonable educational and living expenses in amounts up to \$20,000 per year for each year of contracted service. Payments will be made annually to the participant for the purpose of repaying his/her outstanding health profession educational loans. Payment of health profession education loans will be made to the participant within 120 days, from the date the contract becomes effective. The effective date of the contract is calculated from the date it is signed by the Secretary or his/her delegate, or the IHS, Tribal, Urban, or Buy Indian health center entry-on-duty date, whichever is more recent.

In addition to the loan payment, participants are provided tax assistance payments in an amount not less than 20 percent and not more than 39 percent of the participant's total amount of loan repayments made for the taxable year involved. The loan repayments and the tax assistance payments are taxable income and will be reported to the Internal Revenue Service (IRS). The tax assistance payment will be paid to the IRS directly on the participant's behalf. LRP award recipients should be aware that the IRS may place them in a higher tax bracket than they would otherwise have been prior to their award.

C. Contract Extensions

Any individual who enters this program and satisfactorily completes his

or her obligated period of service may apply to extend his/her contract on a year-by-year basis, as determined by the IHS. Participants extending their contracts may receive up to the maximum amount of \$20,000 per year plus an additional 20 percent for Federal withholding.

VII. Agency Contact

Please address inquiries to Ms. Jacqueline K. Santiago, Chief, IHS Loan Repayment Program, 5600 Fishers Lane, Mail Stop: OHR (11E53A), Rockville, Maryland 20857, Telephone: 301/443-3396 [between 8:00 a.m. and 5:00 p.m. (Eastern Standard Time) Monday through Friday, except Federal holidays].

VIII. Other Information

Indian Health Service area offices and service units that are financially able are authorized to provide additional funding to make awards to applicants in the LRP, but not to exceed the maximum allowable amount authorized by statute per year, plus tax assistance. All additional funding must be made in accordance with the priority system outlined below. Health professions given priority for selection above the \$20,000 threshold are those identified as meeting the criteria in 25 U.S.C. 1616a(g)(2)(A), which provides that the Secretary shall consider the extent to which each such determination:

(i) Affects the ability of the Secretary to maximize the number of contracts that can be provided under the LRP from the amounts appropriated for such contracts;

(ii) Provides an incentive to serve in Indian health programs with the greatest shortages of health professionals; and

(iii) Provides an incentive with respect to the health professional involved remaining in an Indian health program with such a health professional shortage, and continuing to provide primary health services, after the completion of the period of obligated service under the LRP.

Contracts may be awarded to those who are available for service no later than September 30, 2020, and must be in compliance with 25 U.S.C. 1616a. In order to ensure compliance with the statutes, area offices or service units providing additional funding under this section are responsible for notifying the LRP of such payments before funding is offered to the LRP participant.

Should an IHS area office contribute to the LRP, those funds will be used for only those sites located in that area. Those sites will retain their relative ranking from their Health Professions Shortage Areas (HPSA) scores. For

example, the Albuquerque Area Office identifies supplemental monies for dentists. Only the dental positions within the Albuquerque Area will be funded with the supplemental monies consistent with the HPSA scores within that area.

Should an IHS service unit contribute to the LRP, those funds will be used for only those sites located in that service unit. Those sites will retain their relative ranking from their HPSA scores.

RADM Michael D. Weahkee,

Assistant Surgeon General, U.S. Public Health Service, Principal Deputy Director, Indian Health Service.

Full-time and part-time scholarships will be funded for each of the three scholarship programs. The scholarship award selections and funding are subject to availability of funds.

II. Award Information

Type of Award

Scholarship.

Estimated Funds Available

An estimated \$13.7 million will be available for fiscal year (FY) 2020 awards. The IHS Scholarship Program (IHSSP) anticipates, but cannot guarantee, student scholarship selections from any or all of the approved disciplines in the Preparatory Scholarship, Pre-graduate Scholarship, and Health Professions Scholarship programs for the scholarship period 2020–2021 academic year. Due to the rising cost of education and the decreasing number of scholars who can be funded by the IHSSP, the IHSSP previously changed the funding policy for Preparatory Scholarship and Pre-graduate Scholarship awards and reallocated a greater percentage of its funding in an effort to increase the number of Health Professions Scholarship, and inherently the number of service-obligated scholars, to better meet the health care needs of the IHS and its Tribal and Urban Indian health care system partners. This policy continues in effect for 2020–2021 academic year.

Anticipated Number of Awards

Approximately 25 new awards will be made by the IHSSP under the Preparatory Scholarship and Pre-graduate Scholarship programs for Indians. The awards are for 10 months in duration, with an additional 2 months for approved summer school requests, and will cover both tuition and fees and other related costs (ORC). The average award to a full-time student in both programs is approximately \$40,372.61. Approximately 100 new awards will be made by the IHSSP under the Health Professions Scholarship program. The awards are for 12 months in duration and will cover both tuition and fees and ORC. The average award to a full-time student is approximately \$120,814.38. Approximately a total of 300 awards will be made under the IHSSP Scholarship Program for FY 2020–2021.

Project Period

The project period for the Preparatory Scholarship stipend support, tuition,

fees and ORC is limited to 2 years for full-time students and the part-time equivalent of 2 years, not to exceed 4 years for part-time students. The project period for the Pre-graduate Scholarship stipend support, tuition, fees and ORC is limited to 4 years for full-time students and the part-time equivalent of 4 years, not to exceed 8 years for part-time students. The Health Professions Scholarship provides stipend support, tuition, fees, and ORC and is limited to 4 years for full-time students and the part-time equivalent of 4 years, not to exceed 8 years for part-time students.

III. Eligibility Information

This is a limited competition announcement. New and continuation scholarship awards are limited to “Indians” as defined at 25 U.S.C. 1603(13). *Note:* The definition of “Indians” for Section 103 Preparatory Scholarship and Pre-graduate Scholarship is broader than the definition of “Indians” for the Section 104 Health Professions Scholarship, as specified below. Continuation awards are non-competitive.

1. Eligibility

The Indian Health Professions Preparatory Scholarship awards are made to American Indians (members of Federally recognized Tribes, including those from Tribes terminated since 1940, first and second degree descendants of members of federally recognized Tribes, members of State-recognized Tribes and first and second degree descendants of members of State-recognized Tribes), or Eskimo, Aleut, and other Alaska Natives who:

- Have successfully completed high school education or high school equivalency; and
- Have been accepted for enrollment in a compensatory, pre-professional general education course or curriculum.

The Indian Health Professions Pre-graduate Scholarship awards are made to American Indians (members of Federally recognized Tribes, including those from Tribes terminated since 1940, first and second degree descendants of members of federally recognized Tribes, members of State recognized Tribes, and first and second degree descendants of members of State-recognized Tribes), or Eskimo, Aleut, or other Alaska Natives who:

- Have successfully completed high school education or high school equivalency; and
