Bureau of the Census

[Docket Number 200127-0030]

Management and Organizational Practices Survey—Hospitals (MOPS-HP)

AGENCY: Bureau of the Census, Department of Commerce.

ACTION: Notice of consideration and request for comments.

SUMMARY: Notice is hereby given that the Bureau of the Census (Census Bureau) is considering a proposal to conduct a Management and Organizational Practices Survey—Hospitals (MOPS-HP) as a joint project with Harvard Business School. Based on information and recommendations received by the Census Bureau, we understand that the data have significant application to the needs of other government agencies and the public. The MOPS-HP will collect data on management practices from Chief Nursing Officers (CNOs) at general, medical, and surgical hospitals to assist in identifying determinants of clinical and financial performance. These data are not publicly available from nongovernment or other governmental sources.

DATES: Written comments on this notice must be submitted on or before March 13, 2020.

ADDRESSES: Please direct all written comments to Edward Watkins, U.S. Census Bureau, Economy-Wide Statistics Division, 8K151, Washington, DC 20233-6600, or at edward.e.watkins.iii@census.gov.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Edward Watkins at edward.e.watkins.iii@census.gov or 301-763-4750.

SUPPLEMENTARY INFORMATION: The Census Bureau is considering a proposal to conduct the MOPS-HP for survey year 2019 as a joint project with Harvard Business School. The MOPS-HP will utilize the Service Annual Survey (SAS) mail-out sample and will collect data on management practices from CNOs at general, medical, and surgical hospitals to assist in identifying determinants of clinical and financial performance.

Currently, no official statistics on management practices in hospitals exist. Past research shows these practices are related to health care providers' clinical and financial outcomes. This suggests that providing measures on management practices may potentially help the United States health care system, which is challenged by rising health care costs, increased demand from an aging society, and quality objectives. These data would permit users, such as Harvard Business School, to examine relationships between management practices and financial outcomes using Census Bureau data (*e.g.*, revenues) and relationships with clinical outcomes using external data sources. Additionally, these data would provide hospital administrators and managers information to evaluate their practices in comparison to other hospitals at an aggregate level.

The MOPS-HP content was proposed by external researchers with past experience in surveying hospitals on management practices. Some questions are adapted from the Management and Organizational Practices Survey (MOPS), conducted in the manufacturing sector, allowing for inter-sectoral comparisons. Content for the MOPS-HP includes performance monitoring, financial and clinical targets, and incentives. The 39 questions are grouped into the following sections: Tenure, Management Practices, Management Training, Management of Team Interactions, Staffing and Allocation of Human Resources, Standardized Clinical Protocols, Documentation of Patients' Medical Records, and Organizational Characteristics.

The MOPS-HP sample will consist of approximately 4,500 hospital locations for enterprises classified under General Medical and Surgical Hospitals (NAICS 6221) and sampled in the SAS. The survey will be mailed separately from

the 2019 SAS and collected electronically through the Census Bureau's Centurion online reporting system. Respondents will be sent an initial letter with instructions detailing how to log into the instrument and report their information. These letters will be addressed to the location's CNO. Before mailing, the Census Bureau will attempt to identify the CNO at each location. In instances where the CNO is not identifiable, the letter will be addressed to the hospital's administrative office with attention to the CNO. Collection is scheduled to begin in September 2020 and end in April 2021.

Paperwork Reduction Act

Notwithstanding, any other provision of law, no person is required to respond to, nor shall a person be subject to a penalty for failure to comply with a collection of information subject to the requirements of the Paperwork Reduction Act (PRA) unless that collection of information displays a currently valid OMB control number. In accordance with the PRA, 44 United States Code, Chapter 45, the Census Bureau will submit a request for approval to the OMB for approval of the MOPS-HP.

Dated: February 5, 2020.

Director, Bureau of the Census.

Foreign-Trade Zones Board

[B-07-2020]

Foreign-Trade Zone (FTZ) 52—Hauppauge, New York, Notification of Proposed Production Activity, Regent Tek Industries, Inc. (Road Marking Material), Shirley, New York

Regent Tek Industries, Inc. (Regent Tek), submitted a notification of proposed production activity to the FTZ Board for its facility in Shirley, New York. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on January 31, 2020.

Regent Tek's facility is located within FTZ 52. The facility is used for the production of thermoplastic road marking material. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and

subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Regent Tek from customs duty payments on the foreign-status components used in export production. On its domestic sales, for the foreign-status materials/components noted below, Regent Tek would be able to choose the duty rates during customs entry procedures that apply to thermoplastic granular road marking material (duty rate 3.2%). Regent Tek would be able to avoid duty on foreign-status components which become scrap/waste. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The components and materials sourced from abroad include: Titanium dioxide (TiO₂); glass beads (M247 Type 1); resins—pentaerythritol ester of rosin and alkyd gum-based resin; and, stearic acid—saturated fatty acid (duty rate ranges from 2.1c/kg + 3.8% to 6%). The request indicates that certain materials/components are subject to special duties under Section 301 of the Trade Act of 1974 (Section 301), depending on the country of origin. The applicable Section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is March 23, 2020.

A copy of the notification will be available for public inspection in the "Reading Room" section of the Board's website, which is accessible via www.trade.gov/ftz.

For further information, contact Christopher Wedderburn at Chris.Wedderburn@trade.gov or (202) 482-1963.

Dated: February 7, 2020.

Andrew McGilvray,

Executive Secretary.

Foreign-Trade Zones Board

[S-27-2020]

Foreign-Trade Zone 107—Polk County, Iowa; Application for Subzone; Warehouse Specialists, LLC; Council Bluffs, Iowa

An application has been submitted to the Foreign-Trade Zones Board (the

Board) by the Iowa Foreign Trade Zone Corporation, grantee of FTZ 107, requesting subzone status for the facility of Warehouse Specialists, LLC, located in Council Bluffs, Iowa. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally docketed on February 7, 2020.

The proposed subzone (48.04 acres) is located at 19301 Bunge Avenue (Highway H10), Council Bluffs, Iowa. No authorization for production activity has been requested at this time. The proposed subzone would be subject to the existing activation limit of FTZ 107.

In accordance with the Board's regulations, Elizabeth Whiteman of the FTZ Staff is designated examiner to review the application and make recommendations to the Executive Secretary.

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is March 23, 2020. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to April 7, 2020.

A copy of the application will be available for public inspection in the "Reading Room" section of the Board's website, which is accessible via www.trade.gov/ftz.

For further information, contact Elizabeth Whiteman at Elizabeth.Whiteman@trade.gov or (202) 482-0473.

Dated: February 7, 2020.
