supporting the planning consistency requirements. However, the audit team found an inconsistency regarding a project’s termini as shown in a project plan and how that project was described in the STIP. This was identified as an observation in this audit (Observation #5). The audit team recognizes that DOT&PF’s manuals offer general guidance, but may want to consider providing additional tools to REMs for use when approving environmental documents, such as a checklist of items to be verified to ensure consistency with transportation plans.

Observation #3: Staff Capacity, Workload, and Turnover. During Audit #1, several DOT&PF staff explained through interviews, that since the State’s entry into the full NEPA Assignment Program, staff’s required review and documentation efforts dramatically increased, and because of the increased workload, the region office did not have sufficient resources to manage the workload associated with the NEPA Assignment Program. The DOT&PF stated as part of its responses for this audit that it has adequate staffing, continually monitors the number of environmental documents in development, and discusses regional workloads during the weekly NEPA manager’s meetings. Through interviews, the team learned that if an individual region experiences an unusually large workload and reports it to SEO, projects would be distributed among NEPA managers. However, based on interviews conducted for this audit, workload for some staff remains a concern.

Observation #4: Government-to-Government Consultation Protocol. The DOT&PF has committed to conducting tribal consultation in its program Section 106 PA. The DOT&PF’s EPM also identifies a process for coordinating with tribes that is sensitive to any request for Government-to-Government consultation. The DOT&PF leadership indicated that staff have received training, and is using monthly Cultural Resources Team (CRT) meetings to increase staff understanding of the Government-to-Government process.

Observation #5: Section 106 Compliance and Effect Determination. The DOT&PF examined and corrected the project-specific issues. It also indicated that it held a Section 106 training for environmental analysts in June of 2018, created specifically for Alaska DOT&PF by a consultant with input from SEO staff. The cross-regional CRT, which includes the SHPO office DOT&PF Liaison, meets on a monthly basis to discuss Section 106 procedures and compliance. The CRT was recognized by the DOT&PF Commissioner during the last audit year for outstanding team performance.

Observation #6: Identify QC staff roles and responsibilities in the DOT&PF’s QA/QC Plan. The DOT&PF has defined the roles of the Project Development Team members in the EPM manual and QA/QC Plan (EPM Sections 4.3, 5.4, 11.3, and 11.4) when project development teams are used.

Observation #7: Consider ways to accommodate training needs and timely delivery. The DOT&PF has hired consultants to develop interactive online training, and deliver in-person training to the regional offices. In-person training was conducted in June, October, November of 2018, and February 2019. This training included Section 106, Section 4(f), and the Alaska National Interest Lands Conservation Act. In addition, training is being offered in multiple formats: Manual review including the EPM, online courses, on-the-job training, and mentoring.

Next Steps
The FHWA provided this draft audit report to DOT&PF for a 14-day review and comment period. The audit team considered DOT&PF comments in developing this draft audit report. The FHWA will publish a notice in the Federal Register for a 30-day comment period in accordance with 23 U.S.C. 327(g). No later than 60 days after the close of the comment period, FHWA will respond to all comments submitted to finalize this draft audit report pursuant to 23 U.S.C. 327(g)(2)(B). The FHWA will publish the final audit report in the Federal Register.

SUPPLEMENTARY INFORMATION:

I. Background
The Secretary of Transportation created TRACS in accordance with the Federal Advisory Committee Act (FACA) (Pub. L. 92–463, 5 U.S.C. App. 2) to provide information, advice, and recommendations to the Secretary and FTA Administrator on matters relating to the safety of public transportation systems.

II. Agenda
• Welcome Remarks/Introductions
• Facility Use/Safety Briefing
• Review of TRACS Tasks and Work Plan
• Safety Focus Area Presentations and Discussion Groups
• Future TRACS Activities
• Public Comments
• Summary of Deliverables and Concluding Remarks
III. Public Participation

The meeting will be open to the public on a first-come, first-served basis, as space is limited. Members of the public who wish to attend in-person are asked to register via email by submitting their name and affiliation to the email address listed in the ADDRESSES section. The U.S. Department of Transportation is committed to providing equal access to this meeting for all participants. If you need alternative formats or services because of a disability, such as sign language, interpretation, or other ancillary aids, please contact the person listed in the ADDRESSES section.

There will be a total of 60 minutes allotted for oral comments from members of the public at the meeting. To accommodate as many speakers as possible, the time for each commenter may be limited. Individuals wishing to reserve speaking time during the meeting must submit a request at the time of registration, to include the individual’s name, address, and organizational affiliation to the person listed in the ADDRESSES section.

Written comments for consideration by TRACS during the meeting must be submitted no later than the deadline listed in the DATES section, to ensure transmission to TRACS members prior to the meeting. Comments received after that date will be distributed to the members but may not be reviewed prior to the meeting.

Issued in Washington, DC.

K. Jane Williams,
Acting Administrator.

Federal Transit Administration

Limitation on Claims Against Proposed Public Transportation Projects

AGENCY: Federal Transit Administration (FTA), DOT.

ACTION: Notice.

SUMMARY: This notice announces final environmental actions taken by the Federal Transit Administration (FTA). The purpose of this notice is to announce publicly the environmental decisions by FTA on the subject project and to activate the limitation on any claims that may challenge these final environmental actions.

DATES: By this notice, FTA is advising the public of final agency actions subject to 23 U.S.C. 139(l). A claim seeking judicial review of FTA actions announced herein for the listed public transportation project will be barred unless the claim is filed on or before July 13, 2020.

For further information contact: Nancy-Ellen Zusman, Assistant Chief Counsel, Office of Chief Counsel, (312) 353–2577 or Saadat Khan, Environmental Protection Specialist, Office of Environmental Programs, (312) 366–9647. FTA is located at 1200 New Jersey Avenue SE, Washington, DC 20590. Office hours are from 9:00 a.m. to 5:00 p.m., Monday through Friday, except Federal holidays.

Supplementary information: Notice is hereby given that FTA has taken final agency actions by issuing certain approvals for the public transportation project listed below. The actions on the project, as well as the laws under which such actions were taken, are described in the documentation issued in connection with the project to comply with the National Environmental Policy Act (NEPA) and in other documents in the FTA environmental project file for the project. Interested parties may contact either the project sponsor or the relevant FTA Regional Office for more information. Contact information for FTA’s Regional Offices may be found at https://www.fta.dot.gov.

This notice applies to all FTA decisions on the listed project as of the issuance date of this notice and all laws under which such actions were taken, including, but not limited to, NEPA [42 U.S.C. 4321–4375], Section 4(f) requirements [23 U.S.C. 138, 49 U.S.C. 303], Section 106 of the National Historic Preservation Act [54 U.S.C. 306108], and the Clean Air Act [42 U.S.C. 7401–7671q]. This notice does not, however, alter or extend the limitation period for challenges of project decisions subject to previous notices published in the Federal Register. The project and actions that are the subject of this notice follow. Project name and location: METRO Gold Line Bus Rapid Transit (BRT) Project, Twin Cities Metropolitan Area, Minnesota. Project Sponsor: The Metropolitan Council, Saint Paul, Minnesota. Project description: The project consists of a 10-mile bus transitway in Ramsey and Washington counties in the eastern part of the Twin Cities Metropolitan Area. The project will operate parallel to I–94 and connect downtown Saint Paul with the suburban cities of Maplewood, Landfall, Oakdale and Woodbury. The project will use 8 existing stations in downtown Saint Paul, two new stations at Union Depot, and 11 existing stations located along the remainder of the alignment. The Project will operate in a guideway dedicated to BRT for 66 percent of its route (new road construction) and in mixed traffic for 34 percent. Final agency action: Section 4(f) de minimis impact determination; executed Section 106 Programmatic Agreement, dated January 07, 2020; METRO Gold Line Bus Rapid Transit Project Finding of No Significant Impact, dated January 17, 2020. Supporting documentation: METRO Gold Line Bus Rapid Transit Environmental Assessment, September 26, 2019.
