

flooding. The current NWS designated flood stage for the North Platte River at North Platte is 6.0 feet. Central has consulted and received concurrence for this temporary variance from the Platte Program, the U.S. Fish and Wildlife Service, and the Nebraska Public Power District.

l. *Locations of the Application:* A copy of the application is available for inspection and reproduction at the Commission's Public Reference Room, located at 888 First Street NE, Room 2A, Washington, DC 20426, or by calling (202) 502-8371. This filing may also be viewed on the Commission's website at <http://www.ferc.gov/docs-filing/elibrary.asp>. Enter the docket number excluding the last three digits in the docket number field to access the document. You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, call 1-866-208-3676 or email FERCOnlineSupport@ferc.gov, for TTY, call (202) 502-8659. A copy is also available for inspection and reproduction at the address in item (h) above. Agencies may obtain copies of the application directly from the applicant.

m. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

n. *Comments, Motions to Intervene, or Protests:* Anyone may submit comments, a motion to intervene, or a protest in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, motions to intervene, or protests must be received on or before the specified comment date for the particular application.

o. *Filing and Service of Responsive Documents:* Any filing must (1) bear in all capital letters the title "COMMENTS", "MOTION TO INTERVENE", or "PROTEST" as applicable; (2) set forth in the heading the name of the applicant and the project number(s) of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person intervening or protesting; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. All comments, motions to intervene, or

protests must set forth their evidentiary basis. A copy of all other filings in reference to this application must be accompanied by proof of service on all persons listed in the service list prepared by the Commission in this proceeding, in accordance with 385.2010.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. RP20-481-000]

BP Energy Company v. Natural Gas Pipeline Company of America LLC; Notice of Complaint

Take notice that on January 31, 2020, pursuant to Rule 206 of the Federal Energy Regulatory Commission's (Commission) Rules of Practice and Procedure, 18 CFR 385.206 (2019), BP Energy Company (Complainant) filed a formal complaint against Natural Gas Pipeline Company of America LLC (NGPL or Respondent) requesting the Commission to direct NGPL to follow its FERC Gas Tariff, section 4 of the Natural Gas Act and the Commission's regulations thereunder as it relates to certain rights of first refusal provisions, all as more fully explained in the complaint.

The Complainant certifies that copies of the complaint were served on Respondent's corporate representatives designated on the Commission's Corporate Officials List.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. The Respondent's answer and all interventions, or protests must be filed on or before the comment date. The Respondent's answer, motions to intervene, and protests must be served on the Complainants.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>.

Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for electronic review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the website that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please email FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Comment Date: 5:00 p.m. Eastern Time on February 20, 2020.

Dated: February 6, 2020.

Nathaniel J. Davis, Sr.,

Deputy Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP19-484-000; Docket No. CP19-488-000]

Kinder Morgan Louisiana Pipeline LLC; Columbia Gulf Transmission, LLC; Notice of Availability of the Environmental Assessment for the Proposed Acadiana Project and the Louisiana Xpress Project

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) for the Acadiana Project and Louisiana Xpress Project, proposed by Kinder Morgan Louisiana Pipeline LLC (KMLP) and Columbia Gulf Transmission, LLC (Columbia Gulf) respectively in the above-referenced dockets.

KMLP requests authorization to construct and operate three new natural gas-fired compressor units (31,900 horsepower [hp] each) at its existing Compressor Station 760 in Acadia Parish, Louisiana, make modifications to meter piping and new control valves at its existing meter station in Evangeline Parish, Louisiana, as well as install auxiliary facilities at both locations. The Acadiana Project would increase the north-south natural gas delivery capacity on KMLP's pipeline system by approximately 894 million cubic feet per day.
