60-Day Notice of Proposed Information Collection: Evaluation of the Supportive Services Demonstration

AGENCY: Office of the Assistant Secretary for Policy Development and Research, HUD.

ACTION: Notice.

SUMMARY: HUD is seeking approval from the Office of Management and Budget (OMB) for the information collection described below. In accordance with the Paperwork Reduction Act, HUD is requesting comment from all interested parties on the proposed collection of information. The purpose of this notice is to allow for 60 days of public comment.

DATES: *Comments Due Date:* April 14, 2020.

ADDRESSES: Interested persons are invited to submit comments regarding

this proposal. Comments should refer to the proposal by name and/or OMB Control Number and should be sent to: Anna P. Guido, Reports Management Officer, QDAM, Department of Housing and Urban Development, 451 7th Street SW, Room 4176, Washington, DC 20410–5000; telephone 202–402–5534 (this is not a toll-free number) or email at Anna.P.Guido@hud.gov for a copy of the proposed forms or other available information. Persons with hearing or speech impairments may access this number through TTY by calling the toll-free Federal Relay Service at (800) 877–8339.

FOR FURTHER INFORMATION CONTACT: Anna P. Guido, Reports Management Officer, QDAM, Department of Housing and Urban Development, 451 7th Street SW, Washington, DC 20410; email Anna P. Guido at Anna.P.Guido@hud.gov or telephone 202–402–5535. This is not a toll-free number. Persons with hearing or speech impairments may access this number through TTY by calling the toll-free Federal Relay Service at (800) 877–8339.

Copies of available documents submitted to OMB may be obtained from Ms. Guido.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: Evaluation of the Supportive Services Demonstration.

OMB Approval Number: 2528–0321.

Type of Request: Revision.

Form Number: N/A.

Description of the need for the information and proposed use: This request is for the clearance of additional data collection for the evaluation of HUD’s Supportive Services Demonstration (SSD), also referred to as Integrated Wellness in Supportive Housing (IWISH). The SSD is a three-year demonstration sponsored by HUD to test the impact of a new model of

housing-based supportive services on the healthcare utilization and housing stability of low-income older adults. The goal of the SSD model is to help older adults in HUD-assisted housing to age in place successfully. The SSD model funds a full-time Resident Wellness Director (RWD) and part-time Wellness Nurse (WN) to work in HUD-assisted housing developments that either predominantly or exclusively serve households headed by people aged 62 or over. These services are not typically available in HUD-assisted housing developments for this population and are anticipated to positively impact outcomes.

Eligible HUD-assisted properties applied for the demonstration and were randomly assigned to one of three groups: A “treatment group” that received grant funding to hire a RWD and WN and implement the SSD model (40 properties); an “active control” group that did not receive grant funding but received a stipend to participate in the evaluation (40 properties); and a “passive control” group that received neither grant funding nor a stipend (44 properties). The random assignment permits an evaluation that quantifies the impact of the SSD model by comparing outcomes at the 40 treatment group properties to outcomes at the 84 properties in the active and passive control groups.

Under contract with HUD’s Office of Policy Development and Research, Abt Associates Inc. is conducting a two-part evaluation—a process study to describe the implementation of the demonstration and an impact study to measure the impact of the SSD model on residents’ use of healthcare services and housing stability. The evaluation features analysis of administrative data and primary data collection. The following primary data collection activities have already received OMB approval: Questionnaires with staff from the treatment and active control properties, site visits and in-depth interviews with staff from the treatment and active control properties, and focus

groups with residents of the treatment and active control properties and with caregivers of residents of the treatment properties. This request is for a final round of data collection through: (1) Interviews with RWD at the 40 treatment group properties; (2) interviews with WN at the 40 treatment group properties; (3) interviews with Service Coordinators at the 40 active control properties; and (4) interviews with representatives of the 28 organizations that own or manage the 40 treatment properties. The purpose of these activities is to collect data from multiple perspectives about implementation experience with the demonstration, the strengths and weakness of the model, and how resident wellness activities compare across treatment and control properties. This information is necessary to complete the study of the demonstration’s implementation—providing input from key stakeholders as of the end of the demonstration. The new information will complement the research already collected at the start and mid-point of the demonstration and will offer stakeholders a final opportunity to provide their input on the demonstration.

Respondents: Staff working at the properties in the study’s treatment and active control groups and representatives of the organizations that own or manage the treatment group properties.

Estimated Number of Respondents: 156.

Estimated Time per Response: 1.5 hours (up to 1 hour for the interview and up to 0.5 hours for preparation).

Frequency of Response: 1 time.

Estimated Total Annual Burden Hours: 234.

Estimated Total Annual Cost: \$10,639.

Respondent’s Obligation: Voluntary.

Legal Authority: The survey is conducted under Title 12, United States Code, Section 1701z and Section 3507 of the Paperwork Reduction Act of 1995, 44, U.S.C., 35, as amended.

Information collection	Number of respondents	Frequency of response	Responses per annum	Burden hour per response	Annual burden hours	Hourly cost per response	Cost
Interviews with Resident Wellness Directors	54	1	1	1.5	81	\$36.93	\$2,991
Interviews with Wellness Nurses	42	1	1	1.5	63	57.12	3,599
Interviews with Service Coordinators	40	1	1	1.5	60	36.93	2,216
Interviews with owner organizations	20	1	1	1.5	30	61.11	1,833
Total	156	234	10,639

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

C. Authority

Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35.

Dated: February 3, 2020.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: Strategies for Removing the Regulatory Impediments to the Financing and Siting of Factory-Built Housing in American Communities.

OMB Approval Number: N/A.

Type of Request (i.e., new, revision or extension of currently approved collection): New collection.

Form Number: N/A.

Description of the need for the information and proposed use: To assess the cost-effectiveness of factory-built housing as a potential affordable housing option in urban and suburban communities, HUD seeks to better understand the regulatory barriers preventing or limiting the use of factory-built housing. This study is framed by the general research question: What are the main drivers or barriers to the financing, siting and development of factory-built housing systems in various communities? A significant portion of

the work of this study will involve identifying the types of barriers, their potential impact (or stringency), and their use in various communities. This process will involve research on several different communities in order to develop a typology of different barriers, catalog the community contexts where different barriers are more prevalent, and develop opportunity cost estimates of different barriers in different contexts. Information will be collected online and by telephone from local land use planning officials and manufacturers and dealers of factory-built housing to help determine the extent to which regulatory barriers limit the development of factory-built housing systems as an affordable housing option.

Members of affected public: This study will involve collecting information from two primary groups (1) Local land use planning officials (2) Manufacturers and dealers of factory-built housing.

Estimated Number of Respondents: 125. The objective of this study is to conduct in-depth telephone interviews with local land use planning officials on regulatory barriers to factory-built housing from a sample of 30 communities, for a total of 30 completed interviews. The study team anticipates contacting multiple individuals in the land use planning department from each sampled community to ascertain the targeted respondent. Therefore, the total estimated number of community respondents is estimated at 120 (*i.e.*, 4 persons per community). In-depth interviews will also be conducted with 5 manufacturers or dealers of factory-built housing.

Estimated Time per Response: 0.36 hours. The estimated time per response will vary depending on the respondent category (*e.g.*, informant vs. respondent) and may range from 5 to 45 minutes. In-depth interviews will not exceed 45 minutes. Across all study respondents, the average estimated time per response is 0.36 hours.

Frequency of Response: Once.

Estimated Total Annual Burden Hours: 45 hours.

Estimated Total Annual Cost: The only cost to respondents is that of their time estimated to be \$1,740.

Respondent's Obligation: Voluntary.

Legal Authority: The survey is conducted under Title 12, United States Code, Section 1701Z and Section 3507 of the Paperwork Reduction Act of 1995, 44, U.S.C., 35, as amended.
