SUPPLEMENTARY INFORMATION: The FRFO encompasses an area in southwestern Idaho extending north of the Snake River from approximately Glenns Ferry in the southeast, west to Weiser, and north to McCall. The planning area includes all public lands within the FRFO located outside of the the Morley Nelson Snake River Birds of Prey National Conservation Area (NCA), which is governed by a separate RMP. The Four Rivers RMP will determine management for approximately 783,000 surface acres and 1,173,150 acres of mineral estate in Ada, Adams, Boise, Camas, Canyon, Elmore, Gem, Owyhee, Payette, Valley, and Washington counties administered by the BLM. Much of the planning area comprises interspersed sections of public, private, State or U.S. Forest Service lands. When approved, the Four Rivers RMP will replace the 1983 Kuna Management Framework Plan, the 1987 Jarbidge RMP, and the 1988 Cascade RMP.

The BLM engaged in public scoping to help identify planning issues that directed the formulation of alternatives and framed the analysis. Issues include managing the scattered BLM-administered land base, balancing increasing public demand with conservation of resources, and balancing resource uses (including energy development). The planning effort also considers socio-economic concerns and special designations including lands
