[Docket No. CP20–47–000]

PennEast Pipeline Company, LLC; Notice of Application

Take notice that on January 30, 2020, PennEast Pipeline Company, LLC (PennEast), 835 Knitting Mills Way, Wyomissing, PA 19610, filed in Docket No. CP20–47–000 an application (2020 Amendment) pursuant to section 7(c) of the Natural Gas Act (NGA) and Part 157 of the Commission's regulations for authorization to amend the certificate of public convenience and necessity for the PennEast Pipeline Project (Project) that was granted on January 19, 2018.¹ The Project comprises approximately 116 miles of 36-inch-diameter pipeline, three (3) lateral pipelines, one compressor station, and related appurtenances located in Pennsylvania and New Jersey. The certificated facilities will provide up to 1,107,000 dekatherms per day of new firm natural gas transportation capacity.

PennEast states that it has encountered delays in obtaining certain New Jersey governmental authorizations and in acquiring certain real property rights for the proposed Project facilities. Therefore, with the 2020 Amendment application PennEast requests authorization to construct, own, and operate the certificated Project in two phases. The facilities proposed to be located in Pennsylvania through approximate milepost (MP) 68 of the Certificated Route, including two of the compressor units at the Kidder Compressor Station, as well as new interconnection facilities in Pennsylvania, are included as part of Phase 1, which is independent of the New Jersey authorizations. The proposed facilities located downstream of approximately MP 68, including facilities proposed to be located in New Jersey, as well as the third compressor unit at the Kidder Compressor Station, are included as part of Phase 2. PennEast also requested authorization to charge its proposed initial recourse rate for service on the Phase 1 facilities, and its revised initial recourse rates for service on the entire Project following completion of Phase 2. PennEast anticipates to place the Phase 1 facilities into service on November 1, 2021, and to construct, own and operate the Phase 2 facilities upon receipt of the New
