

substantially all of the production of the domestic like product.

Because this CCR request was filed less than 24 months after the date of publication of notices of the final determinations in the investigations, pursuant to 19 CFR 351.216(c), Commerce must determine whether “good cause” exists to initiate this CCR. We find that the ten domestic producers’ affirmative statement of no interest with respect to certain specific large diameter welded pipe products, coupled with the circumstances described below, constitute good cause for the initiation of this review.<sup>7</sup> Specifically, the domestic industry stated on the record of the *Indian Welded Pipe CCR* that it does not currently produce the particular large diameter welded pipe products subject to this CCR request.<sup>8</sup> Furthermore, the domestic producers also stated on the record of the *Indian Welded Pipe CCR* that the investment needed for the industry to produce these products far exceeds the potential benefit of such an investment, given that the U.S. market for deep offshore projects, *i.e.*, the primary market for the large diameter welded pipe product groups at issue, is relatively small.<sup>9</sup> In addition, the domestic producers provided an explanation on the record of the *Indian Welded Pipe CCR* indicating that the commercial reality of welded pipe production has changed since the *Orders* were put in place.<sup>10</sup>

On February 5, 2020, we informed counsel to the domestic industry of the CCR request and notified them of the timing for initiation of a review.<sup>11</sup> Counsel to the domestic industry stated that they did not intend to file comments prior to the deadline for initiation.<sup>12</sup>

### Public Comment

We are inviting interested parties to file comments and new factual information not later than 14 days after the date of publication of this notice. Rebuttal comments and factual information may be filed not later than seven days after the due date for affirmative comments. Specifically, we

are requesting that domestic interested parties who expressed no interest regarding certain products in the AD and CVD orders on large diameter welded pipe from India provide comments with respect to those statements in the context of this case, and identify any considerations that distinguish those factors from the AD order on large diameter welded pipe from Greece. All submissions must be filed electronically using Enforcement and Compliance’s AD and CVD Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>, and to all parties in the Central Records Unit, room B8024 of the main Commerce building. An electronically filed document must be received successfully in its entirety in ACCESS by 5:00 p.m. Eastern Time on the due date set forth in this notice.

Commerce intends to publish in the **Federal Register** a notice of preliminary results of the antidumping duty changed circumstances review, in accordance with 19 CFR 351.221(b)(4) and 351.221(c)(3)(i), which will set forth Commerce’s preliminary factual and legal conclusions. Commerce will issue its final results of the review in accordance with the time limits set forth in 19 CFR 351.216(e).

### Notification to Interested Parties

This notice is published in accordance with sections 751(b)(1) and 777(i)(1) of the Act and 19 CFR 351.216 and 351.221(c)(3).

Dated: February 13, 2020.

**Jeffrey I. Kessler,**  
Assistant Secretary for Enforcement and Compliance.

### Certain Cold-Rolled Steel Flat Products From the United Kingdom: Rescission of Antidumping Duty Administrative Review; 2018–2019

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce (Commerce) is rescinding the administrative review of the antidumping duty order on certain cold-rolled steel flat products (CR Steel) from the United Kingdom (UK) for the period September 1, 2018, through August 31, 2019, based on the timely withdrawal of the request for review.

**DATES:** Applicable February 21, 2020.

**FOR FURTHER INFORMATION CONTACT:** Thomas Schauer, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–0410.

### SUPPLEMENTARY INFORMATION:

#### Background

On September 3, 2019, Commerce published a notice of opportunity to request an administrative review of the antidumping duty order on CR Steel from the UK for the period of review (POR) September 1, 2018, through August 31, 2019.<sup>1</sup> On September 30, 2019, the petitioners<sup>2</sup> timely requested an administrative review of the antidumping duty order with respect to Liberty Performance Steels Ltd., and Tata Steel UK Ltd.<sup>3</sup> On November 12, 2019, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.221(c)(1)(i), we initiated an administrative review of the order on CR Steel from the UK with respect to Liberty Performance Steels Ltd. and Tata Steel UK Ltd.<sup>4</sup> On January 21, 2020, the petitioners timely withdrew their request for an administrative review of Liberty

<sup>4</sup> See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 84 FR 61011 (November 12, 2019) (*Initiation Notice*).

Performance Steels Ltd. and Tata Steel UK Ltd.<sup>5</sup> Commerce received no other requests for an administrative review of this antidumping duty order.

#### Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review “in whole or in part, if a party that requested a review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review.” The petitioners withdrew their request for review within 90-days of the publication date of the *Initiation Notice*. Because we received no other requests for review of Liberty Performance Steels Ltd. and Tata Steel UK Ltd., and no other requests for the review of the order on CR Steel from the UK with respect to other companies subject to the order, we are rescinding the administrative review of the order in its entirety, in accordance with 19 CFR 351.213(d)(1).

#### Assessment

Commerce intends to instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries of CR Steel products from the UK during the POR at rates equal to the cash deposit rate of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions to CBP 15 days after publication of this notice in the **Federal Register**.

#### Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

#### Notification Regarding Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information

disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(d)(4).

Dated: February 18, 2020.

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

#### Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

*Agency:* National Oceanic and Atmospheric Administration (NOAA).

*Title:* Alaska Region Gear Identification Requirements.

*OMB Control Number:* 0648–0353.

*Form Number(s):* None.

*Type of Request:* Regular (request for extension of an approved information collection).

*Number of Respondents:* 827.

*Average Hours per Response:* Marking longline pot gear marker buoys and groundfish hook-and-line marker buoys, 15 minutes per buoy; 1 hour each for the Vessel Registration and Request for IFQ Sablefish Pot Gear Tags form and for the Request for Replacement of Longline Pot Gear Tags form.

*Burden Hours:* 1,586.

*Needs and Uses:* Regulations pertaining to gear markings are set forth at 50 CFR part 679 and in the annual management measures published in the **Federal Register** pursuant to 50 CFR 300.62. This information collection contains the following gear identification requirements for participants in the groundfish fisheries in the Exclusive Economic Zone off Alaska and for vessels using longline pot gear to fish for individual fishing quota (IFQ) sablefish in the Gulf of Alaska (GOA).

#### Marker Buoys

All hook-and-line, longline pot, and pot-and-line marker buoys carried on board or used by any vessel regulated under 50 CFR part 679 must be marked with the vessel’s Federal Fisheries Permit number or Alaska Department of Fish and Game vessel registration number. Regulations that marker buoys be marked with identification information are essential to facilitate fisheries enforcement and actions concerning damage, loss, and civil proceedings. The ability to link fishing gear to the vessel owner or operator is crucial to enforcement of regulations.

#### Longline Pot Gear Vessel Registration and Tags

A vessel owner using longline pot gear to fish for IFQ sablefish in the GOA must annually register their vessel with the National Marine Fisheries Service (NMFS) and be assigned pot tags for that vessel. Vessel registration and the use of pot tags provide NMFS with an additional enforcement tool to ensure that the pot limits are not exceeded. The use of pot tags requires a uniquely identified tag to be securely affixed to each pot, which allows at-sea enforcement and post-trip verification of the number of pots fished. NMFS uses information obtained from respondents applying for replacement tags to enforcement of pot limits and enhance tracking of lost fishing gear.

Vessel owners submit the form “Vessel Registration and Request for IFQ Sablefish Pot Gear Tags” to annually register their vessels and to request new pot tags if a vessel does not have previously issued tags. Tags assigned to a vessel in previous years are valid as long as the tag can be secured to a pot and the serial number is legible. Vessel owners submit the form “Request for Replacement of Longline Pot Gear Tags” if previously issued tags have been lost, stolen, or mutilated and need to be replaced.

*Affected Public:* Individuals or households; Business or other for-profit organizations.

*Frequency:* Annually; On occasion.

*Respondent’s Obligation:* Mandatory.

This information collection request may be viewed at [reginfo.gov](http://reginfo.gov). Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this
