Description of Collection

Title: Household Goods Movers' Disclosure Requirements.

OMB Control Number: 2140-0027.

STB Form Number: None.

Type of Review: Extension without change.

Respondents: Household goods movers that desire to offer a rate limiting their liability on interstate moves to anything less than replacement value of the goods.

Number of Respondents: 4,500

(approximate number of active household goods carriers in the United States according to the Federal Motor Carrier Safety Administration. *See* 2019 Pocket Guide to Large Truck and Bus Statistics (January 2020) section 1-7 Household Goods Carriers and Brokers Operating in the United States, 2014-2018)).

Frequency: On occasion.

Total Burden Hours: None. The change to the estimate form was a one-time, start-up cost, which was considered in the cost analysis of the Board's initial approval for this collection. The Board's initial request for approval estimated that 15 of the approximately 4,500 household goods movers were large firms that print their own forms and would have to produce modified forms to meet the new requirement. Further, any new large mover entrants would have to create forms based on other agency regulations—with or without the released rate disclosure—and, therefore, there is no hourly burden for this collection.

Total "Non-hour Burden" Cost: Movers may provide these forms to shippers electronically. Further, as with the burden hours above, the one-time, start-up costs that were previously considered will no longer apply to
