

existing movers, and new entrants will not incur any significant cost to add released rate information to the forms already required under other agency regulations. Therefore, there is no discernable, non-hourly cost burden for this collection.

Needs and Uses: In the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users, § 4215, Public Law 109–59, 119 Stat. 1144, 1760 (2005), Congress directed the Board to review consumer protection regulations concerning the loss or damage that occurs during interstate household goods moves. In Docket No. RR 999, the Board required household goods motor carriers and freight forwarders wishing to offer a rate limiting their liability on interstate moves to anything less than replacement value of the goods to provide their customers with clear written information concerning the two available cargo-liability options (a full replacement-value protection option and a lower, released-rate protection option). Movers are required to provide this information on the standard written estimate form that the Federal Motor Carrier Safety Administration requires movers to provide to their household goods moving customers. See 49 CFR 375.213. This information allows for early notice to household goods moving customers regarding the two liability options, as well as adequate time and information to help consumers decide which option to choose. If the customer elects anything other than full-value protection, the mover must inform the customer of his or her rights and obtain a signed waiver, as provided on the form. In doing so, this collection enables the Board to meet its statutory duty.

Under the PRA, a federal agency that conducts or sponsors a collection of information must display a currently valid OMB control number. A collection of information, which is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c), includes agency requirements that persons submit reports, keep records, or provide information to the agency, third parties, or the public. Under 44 U.S.C. 3506(c)(2)(A), federal agencies are required to provide, prior to an agency's submitting a collection to OMB for approval, a 60-day notice and comment period through publication in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information.

SURFACE TRANSPORTATION BOARD

60-Day Notice of Intent To Seek Extension of Approval: Petitions for Declaratory Order and Petitions for Relief Not Otherwise Specified

AGENCY: Surface Transportation Board.

ACTION: Notice and request for comments.

SUMMARY: As required by the Paperwork Reduction Act of 1995 (PRA), the Surface Transportation Board (STB or Board) gives notice of its intent to seek approval from the Office of Management and Budget (OMB) for extensions of the collections regarding petitions for declaratory order and petitions for relief not otherwise specified, as described below.

DATES: Comments on this information collection should be submitted by April 24, 2020.

ADDRESSES: Direct all comments to Chris Oehrle, Surface Transportation Board, 395 E Street SW, Washington, DC 20423-0001, or to PRA@stb.gov. When submitting comments, please refer to "Paperwork Reduction Act Comments, Petitions for Declaratory Orders and Petitions for Relief Not Otherwise Specified." For further information regarding this collection, contact Michael Higgins, Deputy Director, Office of Public Assistance, Governmental Affairs, and Compliance at (202) 245-0284 or michael.higgins@stb.gov. Assistance for the hearing impaired is available through the Federal Relay Service at (800) 877-8339.

SUPPLEMENTARY INFORMATION: For each collection, comments are requested concerning: (1) The accuracy of the Board's burden estimates; (2) ways to enhance the quality, utility, and clarity of the information collected; (3) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology, when appropriate; and (4) whether the collection of information is necessary for the proper performance of the functions of the Board, including whether the collection has practical utility. Description of Collections

Collection Number 1

Title: Petitions for declaratory order.

OMB Control Number: 2140-0031.

STB Form Number: None.

Type of Review: Extension without change.

Respondents: Affected shippers, railroads, communities, and other stakeholders that choose to seek a declaratory order from the Board to terminate a controversy or remove uncertainty.

Number of Respondents: Approximately 10.

Estimated Time per Response: 183 hours.

Frequency: On occasion. In calendar years 2017-2019, approximately 10 petitions for declaratory order were filed with the Board per year.

Total Burden Hours (annually including all respondents): 1,830 hours (estimated hours per petition (183) × total number of petitions (10)).

Total "Non-hour Burden" Cost: \$12,360 (estimated non-hour burden cost per petition (\$1,236) × total number of petitions (10)).

Needs and Uses: Under 5 U.S.C. 554(e) and 49 U.S.C. 1321, the Board may issue a declaratory order to terminate a controversy or remove uncertainty. Because petitions for declaratory order can encompass a broad range of issues and types of requests, the Board does not prescribe specific instructions for their filing. The collection by the Board regarding petitions for declaratory order that parties choose to file enables the Board to meet its statutory duty to regulate the rail industry.

Collection Number 2

Title: Petitions for relief not otherwise provided.

OMB Control Number: 2140-0030.

STB Form Number: None.

Type of Review: Extension without change.

Respondents: Affected shippers, railroads, communities, and other stakeholders that seek to address issues under the Board's jurisdiction that are not otherwise specifically provided for under the Board's other regulatory provisions.

Number of Respondents: Approximately four.

Estimated Time per Response: 25 hours.

Frequency: On occasion. In calendar years 2017-2019, approximately four petitions of this type were filed with the Board per year.

Total Burden Hours (annually including all respondents): 100 hours

(estimated hours per petition (25) × total number of petitions (4)).

Total "Non-hour Burden" Cost: \$280 (estimated non-hour burden cost per petition (\$70) × total number of petitions (four)).

Needs and Uses: Under 49 U.S.C. 1321 and 49 CFR part 1117 (the Board's catch-all petition provision), shippers, railroads, and the public in general may seek relief (such as waiver of the Board's regulations) not otherwise specifically provided for under the Board's other regulatory provisions. Under section 1117.1, such petitions should contain three items: (a) A short, plain statement of jurisdiction, (b) a short, plain statement of petitioner's claim, and (c) request for relief. The collection by the Board of these petitions that parties choose to file enables the Board to more fully meet its statutory duty to regulate the rail industry.
