BILLING CODE 5001-06-P

DEPARTMENT OF DEFENSE

Department of the Army, Corps of Engineers

Guidance To Establish Policies for the Agency Levee Safety Program Entitled Engineer Circular 1165-2-218

AGENCY: U.S. Army Corps of Engineers, Department of Defense.

ACTION: Notice.

SUMMARY: The U.S. Army Corps of Engineers (USACE) has developed draft agency guidance, entitled Engineer Circular 1165-2-218, to consolidate and formalize policies and procedures for its Levee Safety Program. The intent of the Levee Safety Program is to understand, monitor, and manage flood risk associated with levees over time, provide a framework to sustain long term benefits, and adapt activities and actions based on the dynamic nature of

flood risk. USACE is seeking feedback from non-federal levee sponsors, interested associations, Tribes, other federal agencies, and any other interested individuals on this proposed draft guidance document. This notice announces the availability of the draft Engineer Circular for comment. The comment period on the draft document starts with the publication of this notice in the **Federal Register** and will last for 60 days. The draft Engineer Circular is available for review on the USACE Levee Safety Program website (<https://www.usace.army.mil/Missions/Civil-Works/Levee-Safety-Program/>) and at (<http://www.regulations.gov>) reference docket number COE-2020-0003.

DATES: Comments must be submitted on or before April 27, 2020.

ADDRESSES: You may submit comments identified by docket number COE-2020-0003 by any of the following methods:

• **Federal eRulemaking Portal:** <http://www.regulations.gov> (<http://www.regulations.gov>). Follow the instructions for submitting comments.

• **Email:** EC218@usace.army.mil (mail to: EC218@usace.army.mil) and include the docket number, COE-2020-0003, in the subject line of the message.

• **Mail:** U.S. Army Corps of Engineers, Attn: CECW-EC/3E62, 441 G Street NW, Washington, DC 20314-1000.

Hand Delivery/Courier: Due to security requirements, we cannot receive comments by hand delivery or courier.

Instructions: If submitting comments through the Federal eRulemaking Portal, direct your comments to docket number COE-2020-0003. All comments received will be included in the public docket without change and may be made available on-line at <http://www.regulations.gov> (<http://www.regulations.gov>), including any personal information provided, unless the commenter indicates that the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI, or otherwise protected, through [regulations.gov](http://www.regulations.gov) or email. The [regulations.gov](http://www.regulations.gov) website is an anonymous access system, which means we will not know your identity or contact information unless you provide it in the body of your comment. If you send an email directly to USACE without going through [regulations.gov](http://www.regulations.gov), your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the

internet. If you submit an electronic comment, we recommend that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If we cannot read your comment because of technical difficulties and cannot contact you for clarification, we may not be able to consider your comment. Electronic comments should avoid the use of any special characters, any form of encryption, and be free of any defects or viruses.

Docket: For access to the docket to read background documents or comments received, go to www.regulations.gov (<http://www.regulations.gov>). All documents in the docket are listed. Although listed in the index, some information is not publicly available, such as CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form.

FOR FURTHER INFORMATION CONTACT: Ms. Tammy Conforti at 202-761-4649, email EC218@usace.army.mil (mail to: EC218@usace.army.mil) or visit <https://www.usace.army.mil/Missions/Civil-Works/Levee-Safety-Program/>.

SUPPLEMENTARY INFORMATION: Engineer Circular 1165-2-218, U.S. Army Corps of Engineers (USACE) Levee Safety Program, provides the context and policies for the implementation of program activities. Although Engineer Circulars are typically used to establish internal agency policy, this document has been drafted to include four volumes applicable to both USACE and non-federal levee sponsors. The Engineer Circular will be temporary in nature and will expire two years after the date of publication, providing USACE time to learn through implementation experience, identify clarifications or additional resources required, and to work with our partners in implementing the program. After two years, Engineer Circular 1165-2-218 will either be revised, rescinded, or converted to an Engineer Regulation, which does not expire.

Questions to Shape Focus of Public Comment Review: The purpose of this review is to solicit feedback on clarity and understandability of the draft Engineer Circular; on clarity and appropriateness of roles and responsibilities related to the program; and on clarity of program objectives, requirements, and available support.

Commenters are encouraged to use the following questions to guide their feedback:

Question 1: Are the goals and objectives of the USACE Levee Safety Program clearly stated? Please articulate any improvements or clarifications needed.

Question 2: Are the roles and responsibilities of non-federal levee sponsors clearly described? Please describe any improvements or clarifications needed.

Question 3: Are the activities and services provided by USACE understood? Please articulate any improvements or clarifications needed.

Question 4: Is how and when USACE engages with non-federal levee sponsors and other stakeholders throughout program activities clearly described? Please describe any improvements or clarification needed.

Question 5: Is it clear what assistance and support USACE can provide non-federal levee sponsors in the long-term management of flood risk? Please describe any improvements or clarifications needed.

Question 6: Are there any other materials or resources that would be helpful for non-federal levee sponsors or communities related to managing levees?

Question 7: Are there any opportunities to improve the USACE Levee Safety Program to further support public awareness of the risks and benefits of levees? Please identify specific activities or materials USACE should consider.

Question 8: Are there any specific changes you would recommend to improve the USACE Levee Safety Program?

Future Actions: In addition, USACE will be hosting two public webinars and five public meetings to provide an overview of the draft Engineer Circular and directions on how to provide comments. For information about the webinars and public meetings visit the USACE Civil Works Levee Safety Program website (<http://www.usace.army.mil/Missions/Civil-Works/Levee-Safety-Program/>).

Feedback and comments provided in response to this notice will be considered and the draft Engineer Circular will be updated as appropriate. When the final Engineer Circular is published, a notice will be placed in the **Federal Register** and on the USACE Civil Works Levee Safety Program website (<http://www.usace.army.mil/Missions/Civil-Works/Levee-Safety-Program/>). The final document itself will be made available through the

USACE publications website (<http://www.publications.usace.army.mil/>).

Dated: February 19, 2020.

R.D. James,

Assistant Secretary of the Army, Civil Works.

BILLING CODE 3720-58-P

DEPARTMENT OF EDUCATION

Applications for New Awards; Migrant Education Program Consortium Incentive Grant Program

AGENCY: Office of Elementary and Secondary Education, Department of Education.

ACTION: Notice.

SUMMARY: The Department of Education is issuing a notice inviting applications for fiscal year (FY) 2020 for the Migrant Education Program (MEP) Consortium Incentive Grant program (CIG), Catalog of Federal Domestic Assistance (CFDA) number 84.144F.

DATES:

Applications Available: February 28, 2020.

Deadline for Transmittal of Applications: April 27, 2020.

Deadline for Intergovernmental Review: June 24, 2020.

ADDRESSES: For the addresses for obtaining and submitting an application, please refer to our Common Instructions for Applicants to Department of Education Discretionary Grant Programs, published in the **Federal Register** on February 13, 2019 (84 FR 3768) and available at www.govinfo.gov/content/pkg/FR-2019-02-13/pdf/2019-02206.pdf.

FOR FURTHER INFORMATION CONTACT:

Patricia Meyertholen, U.S. Department of Education, 400 Maryland Avenue SW, Room 3E315, Washington, DC 20202-6135. Telephone: (202) 260-1394. Email: Patricia.Meyertholen@ed.gov.

If you use a telecommunications device for the deaf (TDD) or a text telephone (TTY), call the Federal Relay Service (FRS), toll free, at 1-800-877-8339.

SUPPLEMENTARY INFORMATION:

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The purpose of the MEP CIG program is to provide incentive grants to State educational agencies (SEAs) that participate in a consortium with one or more other SEAs or other appropriate entities to improve the delivery of services to

migratory children whose education is interrupted. Through this program, the Department provides financial incentives to SEAs that receive Title I, Part C (MEP) funding to participate in high-quality consortia to improve the intrastate and interstate coordination of migrant education programs by addressing key needs of migratory children whose education is interrupted.

Background: On March 3, 2004, the Department published in the **Federal Register** a notice of final requirements for the CIG program (69 FR 10110) (2004 CIG NFR). In the notice, the Department established seven absolute priorities that promote key national objectives of the MEP. The Department added an eighth absolute priority when it published in the **Federal Register** a notice of final priority on March 12, 2008 (73 FR 13217) (2008 CIG NFP).

For FY 2020, the Department is focusing the CIG competition on three absolute priorities. These absolute priorities were selected in order to improve alignment of program priorities with the Administration's priorities. Specifically, the FY 2020 competition will focus on improving the proper and timely identification and recruitment of eligible migratory children, strengthening the involvement of migratory parents in the education of their children, and improving the educational attainment of out-of-school youth.

We recognize the importance of sustaining efforts to properly and timely identify and recruit migratory children and continue to welcome applications that address this absolute priority. To promote a seamless transition between identification and recruitment, and taking the next step to enroll and serve these children, within this absolute priority, the FY 2020 competition includes an invitational priority for applications designed to develop, promote, and adopt enrollment, placement, and credit accrual policies that meet the unique needs of migratory children. This invitational priority encourages the transfer of educational records as it relates to proper enrollment in school and placement in grade and course, and accrual of credits.

The FY 2020 competition also includes two competitive preference priorities. The first is Supplemental Priority 6 from the Department's Notice of Final Supplemental Priorities and Definitions for Discretionary Grant Programs (Supplemental Priorities), published in the **Federal Register** on March 2, 2018 (83 FR 9096), which calls for projects in science, technology, engineering, and math (STEM)
