Rural Business-Cooperative Service

Title: 7 CFR 4280-A, Rural Economic Development Loan and Grant Program.

OMB Control Number: 0570-0035.

Summary of Collection: The information collected is necessary to implement Section 313(b) (2) of the Rural Electrification Act of 1936 (7 U.S.C. 940(c)) that established a loan and grant program. Rural Business Service (RBS) mission is to improve the quality of life in rural America by financing community facilities and businesses, providing technical assistance and creating effective strategies for rural development. Under this program, zero interest loans and grants are provided to electric and telecommunications utilities that have borrowed funds from RUS. The purpose of the program is to encourage these electric and telecommunications utilities to promote rural economic development and job creation projects such as business start-up costs, business expansion, community development, and business incubator projects.

Need and Use of the Information: Various forms and narrative requirements will be used to collect the necessary information. RBS needs this collected information to select the projects it believes will provide the most long-term economic benefit to rural areas. The selection process is competitive and RBS has generally received more applications than it could fund. RBS also needs to make sure the funds are used for the intended purpose, and in the case of the loan, the funds will be repaid. RBS must determine that loans made from revolving loan funds established with grants are used for eligible purposes.

Description of Respondents: Not-for-profit Institutions; Business or other for-profit.

Number of Respondents: 120.

Frequency of Responses: Reporting On Occasion, Annually.

Total Burden Hours: 4,781.
