

The proposed subzone (44.66 acres) is located at 34 Maple Street and 5 Technology Drive, Milford. A notification of proposed production activity has been submitted and is being processed under 15 CFR 400.37 (Doc. B-76-2019). The proposed subzone would be subject to the existing 129-acre activation limit of FTZ 27.

In accordance with the Board's regulations, Elizabeth Whiteman of the FTZ Staff is designated examiner to review the application and make recommendations to the Executive Secretary.

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: [ftz@trade.gov](mailto:ftz@trade.gov). The closing period for their receipt is April 6, 2020. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to April 21, 2020.

A copy of the application will be available for public inspection in the "Reading Room" section of the Board's website, which is accessible via [www.trade.gov/ftz](http://www.trade.gov/ftz).

For further information, contact Elizabeth Whiteman at [Elizabeth.Whiteman@trade.gov](mailto:Elizabeth.Whiteman@trade.gov) or (202) 482-0473.

Dated: February 18, 2020.

**Andrew McGilvray,**  
*Executive Secretary.*

### Foreign-Trade Zones Board

[B-67-2019]

#### **Foreign-Trade Zone (FTZ) 26—Atlanta, Georgia, Authorization of Production Activity, Kubota North America Corporation (Agricultural and Specialty Vehicles), Jefferson and Gainesville, Georgia**

On October 18, 2019, Kubota North America Corporation submitted a notification of proposed production activity to the FTZ Board for its facilities within FTZ 26, in Jefferson and Gainesville, Georgia.

The notification was processed in accordance with the regulations of the FTZ Board (15 CFR part 400), including notice in the **Federal Register** inviting public comment (84 FR 57844-57845, October 29, 2019). On February 18, 2020, the applicant was notified of the FTZ Board's decision that no further review of the proposed activity is

warranted at this time. The FTZ Board authorized the production activity described in the notification, subject to the FTZ Act and the Board's regulations, including Section 400.14. Bonnet bands must be admitted in privileged foreign status (19 CFR 146.41).

Dated: February 18, 2020.

**Andrew McGilvray,**  
*Executive Secretary.*

#### **University of Minnesota, et al.; Notice of Decision on Application for Duty-Free Entry of Scientific Instruments**

This is a decision pursuant to Section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, as amended by Pub. L. 106-36; 80 Stat. 897; 15 CFR part 301). Related records can be viewed between 8:30 a.m. and 5:00 p.m. in Room 3720, U.S. Department of Commerce, 14th and Constitution Ave. NW, Washington, DC.

Docket Number: 19-012. Applicant: University of Minnesota, 116 Union Street SE, Minneapolis, MN 55455. Instrument: Photomultiplier tube. Manufacturer: Hainan Zhanchuang Photonic Technology, China. Intended Use: See notice at 85 FR 3892, January 23, 2020. Comments: None received. Decision: Approved. We know of no instruments of equivalent scientific value to the foreign instruments described below, for such purposes as this is intended to be used, that was being manufactured in the United States at the time of order. Reasons: The instrument will be used to study the properties of neutrino oscillation. Neutrinos are very hard to detect and require several thousand tonnes of target material to have any chance of seeing the neutrino interactions. The CHIPS detector is a pilot project which aims to reduce the cost of neutrino experimentation by around a factor of fifty. This is done by reducing the structural engineering and installing the detector in a lake, where students can exploit the buoyancy of the used materials. Photomultipliers are highly sensitive light detectors able to detect light at the single photon level; these will be installed in a large 25 meter diameter cylindrical detector filled with water. This experiment is built employing several physics graduate students and provides work experience

for many physics and engineering undergraduates.

### International Trade Administration

[A-351-845]

#### **Certain Hot-Rolled Steel Flat Products From Brazil: Rescission of Antidumping Duty Administrative Review: 2018-2019**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce (Commerce) is rescinding the administrative review of the antidumping duty (AD) order on certain hot-rolled steel flat products from Brazil for the period of review (POR) October 1, 2018 through September 30, 2019,

based on the timely withdrawal of the request for review.

**DATES:** Applicable February 26, 2020.

**FOR FURTHER INFORMATION CONTACT:**

William Langley, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-3861.

**SUPPLEMENTARY INFORMATION:**

**Background**

On October 1, 2019, Commerce published a notice of opportunity to request an administrative review of the antidumping duty order on certain hot-rolled steel flat products (hot-rolled steel) from Brazil for the POR of October 1, 2018 through September 30, 2019.<sup>1</sup> United States Steel Corporation, Steel Dynamics, Inc., and SSAB Enterprises, LLC (collectively, the domestic interested parties) timely filed a request for administrative review of the following Brazilian exporters/producers of hot-rolled steel: AG Royce Metal Marketing; Aperam South America; Companhia Siderurgica Nacional; Companhia Siderurgica Suape; Cummins Inc.; Erico Incorporated; Gautier Steel Limited; Gerdau Acominas S.A.; Mahle Engine Components USA Inc.; Mahle Metal Leve S.A.; Marcegaglia do Brasil; Modine do Brasil Sistemas Termicos; Nvent do Brasil Eletrometalurgica Ltda.; Nvent Erico; Optimus Steel Inc.; Ternium Brasil Ltda.; Ternium Mexico S.A. de C.V.; and Usinas Siderurgicas de Minas Gerais S.A. (Usiminas), in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.213(b).<sup>2</sup>

On December 11, 2019, pursuant to these requests and in accordance with 19 CFR 351.221(c)(1)(i), Commerce published a notice initiating an administrative review of the antidumping order on hot-rolled steel from Brazil with respect to all 18 companies for which a review was requested.<sup>3</sup> On February 10, 2020, the domestic interested parties withdrew their request for an administrative review with respect to all of the

companies for which they had requested a review.<sup>4</sup>

**Rescission of Review**

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if the party or parties that requested a review withdraws the request within 90 days of the publication date of the notice of initiation of the requested review. The domestic interested parties withdrew their request for review of all of the Brazilian producers/exporters of hot-rolled steel for which they had requested an administrative review, within 90 days of the publication date of the notice of initiation. No other parties requested an administrative review of the order. Therefore, in accordance with 19 CFR 351.213(d)(1), we are rescinding this review in its entirety.

**Assessment**

Commerce will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries of hot-rolled steel from Brazil. Antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions to CBP 15 days after the date of publication of this notice in the **Federal Register**.

**Notification to Importers**

This notice serves as a reminder to importers of their responsibility under 19 CFR 351.42(f)(2) to file a certificate regarding the reimbursement of AD duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of AD duties occurred and the subsequent assessment of doubled AD duties.

**Notification Regarding Administrative Protective Orders**

This notice also serves as a reminder to all parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely written

notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(d)(4).

Dated: February 20, 2020,
