

duty assessment rates based on the ratio of the total amount of dumping calculated for the examined sales to the total entered value of the sales for which entered value was reported. Where either the respondent's weighted-average dumping margin is zero or *de minimis* within the meaning of 19 CFR 351.106(c)(1), or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.<sup>6</sup>

We intend to issue instructions to CBP 41 days after the publication date of the final results of this review.

#### Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for Electrolux will be that established in the final results of this review, except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for previously reviewed or investigated companies not participating in this review, the cash deposit rate will continue to be the company-specific cash deposit rate published for the most recently completed segment; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value (LTFV) investigation, but the producer is, then the cash deposit rate will be the rate established for the most recent segment for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 36.52 percent, the all-others rate established in the LTFV investigation.<sup>7</sup> These deposit requirements, when imposed, shall remain in effect until further notice.

#### Disclosure and Public Comment

Commerce intends to disclose the calculations performed in connection with these preliminary results to

interested parties within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).<sup>8</sup> Interested parties may submit case briefs no later than 30 days after the date of publication of this notice.<sup>9</sup> Rebuttal briefs, limited to issues raised in the case briefs, may be filed no later than five days after the time limit for filing case briefs.<sup>10</sup> Parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.<sup>11</sup> Case and rebuttal briefs should be filed using ACCESS.<sup>12</sup>

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, filed electronically via ACCESS within 30 days after the date of publication of this notice.<sup>13</sup> Hearing requests should contain: (1) The party's name, address, and telephone number; (2) the number of participants; and (3) a list of the issues to be discussed. Issues raised in the hearing will be limited to issues raised in the briefs. If a request for a hearing is made, parties will be notified of the time and date for the hearing to be held at the U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.<sup>14</sup>

An electronically-filed document must be received successfully in its entirety by ACCESS by 5 p.m. Eastern Time on the established deadline.

Commerce intends to issue the final results of this administrative review, including the results of its analysis of issues raised in any written briefs, not later than 120 days after the date of publication of this notice, unless the deadline is extended.<sup>15</sup>

#### Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties

occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties  
We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: February 20, 2020.

#### Non-Oriented Electrical Steel From the People's Republic of China: Final Results of the Expedited First Sunset Review of the Countervailing Duty Order

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce (Commerce) finds that revocation of the countervailing duty (CVD) order would be likely to lead to the continuation or recurrence of a countervailable subsidy at the levels indicated in the "Final Results of Review" section of this notice.

**DATES:** Applicable February 27, 2020.

#### SUPPLEMENTARY INFORMATION:

##### Background

On December 3, 2014, Commerce published in the **Federal Register** the CVD order on non-oriented electrical steel (NOES) from the People's Republic of China (China).<sup>1</sup> On November 1,

<sup>1</sup> See *Non-Oriented Electrical Steel from the People's Republic of China and Taiwan: Countervailing Duty Orders*, 79 FR 71749 (December 3, 2014) (*Order*).

<sup>14</sup> See 19 CFR 351.310(d).

<sup>15</sup> See section 751(a)(3)(A) of the Act.

<sup>6</sup> See section 751(a)(2)(C) of the Act.

<sup>7</sup> See *Large Residential Washers from Mexico and the Republic of Korea: Antidumping Duty Orders*, 78 FR 11148 (February 15, 2013).

2019, Commerce published the notice of initiation of the first sunset review of the CVD order on NOES from China, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).<sup>2</sup> On November 15, 2019, Commerce received a notice of intent to participate from the domestic interested party, AK Steel Corporation (AK Steel).<sup>3</sup> The notice of intent to participate was timely filed within the deadline specified in 19 CFR 351.218(d)(1)(i). Additionally, AK Steel claimed interested party status under section 771(9)(C) of the Act, as a domestic producer of NOES.

Commerce received an adequate substantive response to the notice of initiation from the domestic producer within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i).<sup>4</sup> However, because we did not receive a substantive response from the Government of China (GOC) or from any other respondent interested parties who are producers or exporters of NOES, we determined that respondent interested parties provided inadequate responses to Commerce's notice of initiation.

On December 13, 2019, Commerce notified the U.S. International Trade Commission that it did not receive an adequate substantive response from respondent interested parties.<sup>5</sup> As a result, pursuant to 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(B)(2) and 351.218(e)(1)(ii)(C)(2), Commerce conducted an expedited (120-day) sunset review of the CVD Order on NOES from China.

**Scope of the Order**

The merchandise covered by the Order is NOES, which includes cold-rolled, flat-rolled, alloy steel products, whether or not in coils, regardless of width, having an actual thickness of 0.20 mm or more, in which the core loss is substantially equal in any direction of magnetization in the plane of the material. The term "substantially equal" means that the cross grain direction of core loss is no more than 1.5 times the straight grain direction (*i.e.*, the rolling direction) of core loss. NOES has a magnetic permeability that does not

exceed 1.65 Tesla when tested at a field of 800 A/m (equivalent to 10 Oersteds) along (*i.e.*, parallel to) the rolling direction of the sheet (*i.e.*, B<sub>800</sub> value). NOES contains by weight more than 1.00 percent of silicon but less than 3.5 percent of silicon, not more than 0.08 percent of carbon, and not more than 1.5 percent of aluminum. NOES has a surface oxide coating, to which an insulation coating may be applied.

NOES is subject to the Order whether it is fully processed (*i.e.*, fully annealed to develop final magnetic properties) or semi-processed (*i.e.*, finished to final thickness and physical form but not fully annealed to develop final magnetic properties). Fully processed NOES is typically made to the requirements of ASTM specification A 677, Japanese Industrial Standards (JIS) specification C 2552, and/or International Electrotechnical Commission (IEC) specification 60404–8–4. Semi-processed NOES is typically made to the requirements of ASTM specification A 683. However, the scope of the Order is not limited to merchandise meeting the ASTM, JIS, and IEC specifications noted immediately above.

NOES is sometimes referred to as cold-rolled non-oriented (CRNO), non-grain oriented (NGO), non-oriented (NO), or cold-rolled non-grain oriented (CRNGO) electrical steel. These terms are interchangeable.

Excluded from the scope of the Order are flat-rolled products not in coils that, prior to importation into the United States, have been cut to a shape and undergone all punching, coating, or other operations necessary for classification in Chapter 85 of the Harmonized Tariff Schedule of the United States (HTSUS) as a part (*i.e.*, lamination) for use in a device such as a motor, generator, or transformer.

The subject merchandise is provided for in subheadings 7225.19.0000, 7226.19.1000, and 7226.19.9000 of the HTSUS. Subject merchandise may also be entered under subheadings 7225.50.8085, 7225.99.0090, 7226.92.5000, 7226.92.7050, 7226.92.8050, 7226.99.0180 of the HTSUS. Although the HTSUS subheadings above are provided for convenience and customs purpose, the written description of the scope of the Order is dispositive.

**Analysis of Comments Received**

All issues raised in this sunset review are addressed in the Issues and Decision Memorandum,<sup>6</sup> which is hereby

adopted by this notice. The issues discussed in the Issues and Decision Memorandum are the likelihood of continuation or recurrence of a countervailable subsidy and the net countervailable subsidy rates likely to prevail if the order were revoked. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>, and to all in the Central Records Unit, Room B8024 of the main Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>.

**Final Results of Review**

Pursuant to sections 751(c)(1) and 752(b) of the Act, Commerce determines that revocation of the CVD order on NOES from China would be likely to lead to the continuation or recurrence of a countervailable subsidy at the rates listed below:

Producer/exporter	Net subsidy rate (percent)
Baoshan Iron & Steel Co., Ltd ...	158.88
All Others .....	158.88

Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

#### Utility Scale Wind Towers From the Socialist Republic of Vietnam: Postponement of Final Determination of Sales at Less-Than-Fair-Value Investigation

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce (Commerce) is postponing the deadline for issuing the final determination in the less-than-fair-value (LTFV) investigation of utility scale wind towers (wind towers) from the Socialist Republic of Vietnam (Vietnam) until June 29, 2020, and is extending the provisional measures from a four-month period to a period of not more than six months.

**DATES:** Applicable February 27, 2020.

**FOR FURTHER INFORMATION CONTACT:** Joshua A. DeMoss, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-3362.

**SUPPLEMENTARY INFORMATION:**

### Background

On August 5, 2019, Commerce initiated an LTFV investigation of imports of wind towers from Vietnam.<sup>1</sup> The period of investigation is January 1, 2019 through June 30, 2019. On

<sup>1</sup> See *Utility Scale Wind Towers from Canada, Indonesia, the Republic of Korea, and the Socialist Republic of Vietnam: Initiation of Less-Than-Fair-Value Investigations*, 84 FR 37992 (August 5, 2019).

February 14, 2020, Commerce published its *Preliminary Determination* in this LTFV investigation.<sup>2</sup>

### Postponement of Final Determination

Section 735(a)(2) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.210(b)(2) provide that a final determination may be postponed until not later than 135 days after the date of the publication of the preliminary determination if, in the event of an affirmative preliminary determination, a request for such postponement is made by the exporters or producers who account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by the petitioner. Further, 19 CFR 351.210(e)(2) requires that such postponement requests by exporters be accompanied by a request for extension of provisional measures from a four-month period to a period of not more than six months, in accordance with section 733(d) of the Act.

On February 11, 2020, CS Wind Vietnam Co., Ltd. (CS Wind), the mandatory respondent in this investigation, requested that Commerce postpone the deadline for the final determination until no later than 135 days from the publication of the *Preliminary Determination*, and extend the application of the provisional measures from a four-month period to a period of not more than six months.<sup>3</sup> In accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii), because: (1) The preliminary determination was affirmative; (2) the request was made by the exporter and producer who accounts for a significant proportion of exports of the subject merchandise; and (3) no compelling reasons for denial exist, Commerce is postponing the final determination until no later than 135 days after the date of the publication of the *Preliminary Determination*, and extending the provisional measures from a four-month period to a period of not more than six months. Accordingly, Commerce will issue its final determination no later than June 29, 2020.<sup>4</sup>

#### Drawn Stainless Steel Sinks From the People's Republic of China: Final Results of Antidumping Duty Administrative Review; 2018-2019

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce (Commerce) determines that the two mandatory respondents, Guangdong New Shichu Import and Export Company Limited (New Shichu) and KaiPing Dawn Plumbing Products, Inc. (KaiPing), have not established their eligibility for a separate rate and are part of the China-wide entity. We also continue to assign the China-wide rate to an additional nine companies, because we determine that they are not eligible for a separate rate. Finally, we continue to grant a separate rate to Jiangmen New Star Hi-Tech Enterprise Ltd. (New Star), which demonstrated eligibility for separate rate status but was not selected for individual examination. The period of review (POR) is April 1, 2018 through March 31, 2019.

**DATES:** Applicable February 27, 2020.
