Forged Steel Fittings From India and the Republic of Korea: Postponement of Preliminary Determinations in the Less-Than-Fair-Value Investigations

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable February 28, 2020.

FOR FURTHER INFORMATION CONTACT: Caitlin Monks at (202) 482-2670, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On November 12, 2019, the Department of Commerce (Commerce) initiated less-than-fair-value (LTFV) investigations of imports of forged steel fittings from India and the Republic of Korea.¹ Currently, the preliminary

¹ See *Forged Steel Fittings from India and the Republic of Korea: Initiation of Less-Than-Fair-*

determinations are due no later than March 31, 2020.

Postponement of Preliminary Determinations

Section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in an LTFV investigation within 140 days after the date on which Commerce initiated the investigation. However, section 733(c)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 190 days after the date on which Commerce initiated the investigation if: (A) The petitioner makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.

On February 5, 2020, the petitioners² submitted timely requests that Commerce postpone the preliminary determinations in these LTFV investigations.³ The petitioners request postponement because “based on the complexity of the process for selecting mandatory respondents in this investigation, Commerce will not have complete questionnaire responses and sufficient information to issue preliminary determinations if the deadlines are not extended.”⁴

For the reasons stated above and because there are no compelling reasons to deny the request, Commerce, in accordance with section 733(c)(1)(A) of the Act, is postponing the deadline for the preliminary determinations by 50 days (*i.e.*, 190 days after the date on which these investigations were initiated). As a result, Commerce will issue its preliminary determinations no later than May 20, 2020. In accordance with section 735(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the

Value Investigations, 84 FR 64265 (November 21, 2019).

² The petitioners are Bonney Forge Corporation and the United Steel, Paper and Forestry, Rubber Manufacturing, Energy, Allied Industrial and Service Workers International Union (USW).

³ See Petitioner's Letters, “Forged Steel Fittings from India: Request for Extension of Preliminary Determination,” and “Forged Steel Fittings from Korea: Request for Extension of Preliminary Determination,” both dated February 5, 2020.

final determinations of these investigations will continue to be 75 days after the date of the preliminary determinations, unless postponed at a later date.

Notification to Interested Parties

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: February 25, 2020.

Jeffrey I. Kessler,

Assistant Secretary for Enforcement and Compliance.

The Hydrographic Services Review Panel (HSRP) is a Federal Advisory Committee established to advise the Under Secretary of Commerce for Oceans and Atmosphere, the NOAA Administrator, on matters related to the responsibilities and authorities set forth in section 303 of the Hydrographic Services Improvement Act of 1998, as amended, and such other appropriate matters that the Under Secretary refers to the Panel for review and advice. The charter, issue papers with recommendations, and other information are located online at: <https://www.nauticalcharts.noaa.gov/hsrp/CharterBylawsHSIAStatute.htm>.

Past recommendations and issue papers are at: <https://www.nauticalcharts.noaa.gov/hsrp/recommendations.htm>.

Past HSRP public meeting summary reports, agendas, presentations, transcripts, and other information is available online at: <https://www.nauticalcharts.noaa.gov/hsrp/meetings.htm>.

Matters to be Considered: The panel is convening on issues relevant to NOAA's navigation services, Hawaii and the

Pacific and elsewhere, including stakeholder use of navigation services data, products and services, flooding, inundation and sea level rise, hydrographic survey and nautical charting, the National Spatial Reference System (NSRS), legislative priorities and other topics. Navigation services include the data, products, and services provided by the NOAA programs and activities that undertake geodetic observations, gravity modeling, shoreline mapping, bathymetric mapping, hydrographic surveying, nautical charting, tide and water level observations, current observations, marine modeling, and related topics. This suite of NOAA products and services support safe and efficient navigation, resilient coasts and communities, and the nationwide positioning infrastructure to support America's commerce. The Panel will hear from state and federal agencies, non-federal organizations and associations, local, regional and national stakeholders and partners about their missions and use of NOAA's navigation services, the value these services bring, and what improvements could be made. Other administrative matters may be considered. The agenda and speakers are subject to change, please refer to the website for the most updated information.

Special Accommodations: This meeting is physically accessible to people with disabilities. Please direct requests for sign language interpretation or other auxiliary aids to Lynne.Mersfelder@noaa.gov by March 31, 2020.
