SUPPLEMENTARY INFORMATION:

Background

On October 1, 2019, Commerce published in the **Federal Register** a notice of opportunity to request an administrative review of the CVD order on hot-rolled steel flat products from Brazil for the POR.¹ On October 31, 2019, Commerce received a timely request from United States Steel Corporation, Steel Dynamics, Inc., and SSAB Enterprises, LLC (collectively, domestic interested parties), in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.213(b), to conduct an administrative review of this CVD order for 10 companies.²

On December 11, 2019, Commerce published in the **Federal Register** a notice of initiation with respect to these companies.³ On February 10, 2020, the domestic interested parties timely withdrew their request for an administrative review for all 10 companies.⁴

Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if the parties that requested a review withdraw the request within 90 days of the date of publication of notice of initiation of the requested review. As noted above, the domestic interested parties withdrew their request for review by the 90-day deadline, and no other party requested an administrative review of this order. Therefore, we are rescinding the administrative review of the CVD order on hot-rolled steel flat products from Brazil covering the period January 1, 2018, through December 31, 2018, in its entirety.

Assessment

Commerce will instruct U.S. Customs and Border Protection (CBP) to assess countervailing duties on all appropriate entries. Because Commerce is rescinding this administrative review in its entirety, the entries to which this administrative review pertained shall be assessed at rates equal to the cash deposit of estimated countervailing duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions directly to CBP 15 days after the date of publication of this notice in the **Federal Register**.

Notification Regarding Administrative Protective Orders

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

investigation (POI) January 1, 2018 through December 31, 2018. Interested parties are invited to comment on this preliminary determination.

SUPPLEMENTARY INFORMATION:

Background

This preliminary determination is made in accordance with section 703(b) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this investigation on October 21, 2019.¹ On December 4, 2019, pursuant to a request from the American Glass Packaging Coalition (the petitioner),² Commerce published the postponement of the preliminary determination of this investigation to February 24, 2020.³ For a complete description of the events that followed the initiation of this investigation, see the Preliminary Decision Memorandum.⁴ A list of topics discussed in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>, and is available to all parties in the Central Records Unit, Room B8024 of the main Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>. The signed and electronic versions of

the Preliminary Decision Memorandum are identical in content.

Scope of the Investigation

The products covered by this investigation are glass containers from China. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

In accordance with the preamble to Commerce’s regulations,⁵ the *Initiation Notice* set aside a period of time for parties to raise issues regarding product coverage (*i.e.*, scope).⁶ Certain interested parties commented on the scope of the investigation as it appeared in the *Initiation Notice*.⁷ Commerce intends to issue its preliminary decision regarding comments concerning the scope of the antidumping duty (AD) and countervailing duty (CVD) investigations in the preliminary determination of the companion AD investigation.

Methodology

Commerce is conducting this investigation in accordance with section 701 of the Act. For each of the subsidy

programs found countervailable, Commerce preliminarily determines that there is a subsidy, *i.e.*, a financial contribution by an “authority” that gives rise to a benefit to the recipient, and that the subsidy is specific.⁸

Commerce notes that, in making these findings, it relied, in part, on the facts available, including on adverse facts available. Further, at the outset of this investigation, several companies failed to respond to Commerce’s quantity and value questionnaire (Q&V) questionnaire.⁹ Therefore, because Commerce finds that certain respondents did not act to the best of their ability to respond to Commerce’s requests for information, it drew an adverse inference where appropriate in selecting from among the facts otherwise available.¹⁰ For a full description of the methodology underlying our preliminary determination, see “Use of Facts Otherwise Available and Adverse Inferences” in the Preliminary Decision Memorandum.

All-Others Rate

Sections 703(d)(1)(A)(i) and 705(c)(5)(A) of the Act provide that in

the preliminary determination, Commerce shall determine an estimated all-others rate for companies not individually examined. This rate shall be an amount equal to the weighted average of the estimated subsidy rates established for those companies individually examined, excluding any zero and *de minimis* rates and any rates based entirely under section 776 of the Act.

Commerce calculated individual estimated countervailable subsidy rates for Guangdong Huaxing Glass Co. Ltd. (Guangdong Huaxing) and Qixia Changyu Glass Co. Ltd. (Qixia Changyu) that are not zero, *de minimis*, or based entirely on section 776 of the Act. Therefore, Commerce calculated the all-others rate using a simple average of the individual estimated subsidy rates calculated for Guangdong Huaxing and Qixia Changyu using each company’s values for the merchandise under consideration because publicly ranged sales data was unavailable.¹¹

Preliminary Determination

Commerce preliminarily determines that the following estimated countervailable subsidy rates exist:

Company	Subsidy rate
Guangdong Huaxing Glass Co., Ltd ¹²	23.25
Qixia Changyu Glass Co., Ltd	22.60
Asia Trade Connection	315.73
Built in China	315.73

⁸ See sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

⁹ The companies that failed to properly respond to Commerce’s quantity and value questionnaire were: Asia Trade Connection, Built in China, Cangzhou Roter Faden Glass Products, Choicest International, East Asia Glass Limited, Guangzhou Idealpak Business, Haimen Sanlong Glass Products, Hebei Anyu Glass Products Co. Ltd., Hebei Zhengi

Glass Products Co. Ltd., Huazhong Glass Co. Ltd. (Changxing), Iboya Glass, Jiangmen Zhong’an Import and Export, Jining Baolin Glass Product Co. Ltd., Kisco Trading Shanghai, Lianyungang Chinamex Trade, Linlang (Shanghai) Glass Products Co. Ltd., Zheijiang Industrial Minerals Foreign Trade Co Ltd., Zibo CY International Trade Co. Ltd., Zibo Regal Glassware and Zibo Rongdian Glass Co. Ltd. (collectively, the 47 non-responsive companies). We refer to these companies, collectively, as the “non-responsive companies.”

¹⁰ See sections 776(a) and (b) of the Act.

¹¹ With two respondents under examination, Commerce normally calculates (A) a weighted-average of the estimated subsidy rates calculated for

the examined respondents; (B) a simple average of the estimated subsidy rates calculated for the examined respondents; and (C) a weighted-average of the estimated subsidy rates calculated for the examined respondents using each company’s publicly-ranged U.S. sale quantities for the merchandise under consideration. Commerce then compares (B) and (C) to (A) and selects the rate closest to (A) as the most appropriate rate for all other producers and exporters. See, *e.g.*, *Ball Bearings and Parts Thereof from France, Germany, Italy, Japan, and the United Kingdom: Final Results of Antidumping Duty Administrative Reviews, Final Results of Changed-Circumstances Review, and Revocation of an Order in Part*, 75 FR 53661, 53663 (September 1, 2010). As complete publicly ranged sales data was available, Commerce based the all-others rate on the publicly ranged sales data of the mandatory respondents. For a complete analysis of the data, please see the All-Others’ Rate Calculation Memorandum.

¹² Guangdong Huaxing reported the following cross-owned companies which also preliminarily will receive Guangdong Huaxing’s subsidy rate: Foshan Huaxing Glass Co. Ltd., Fujian Huaxing Glass Co.
