

351.225(k). Accordingly, because unpatented R-421A is not specifically excluded from the *Order*, a circumvention analysis and determination is warranted for the unpatented R-421A blends, under 19 CFR 351.225(g).

As detailed in the Preliminary Decision Memorandum, we preliminarily determine, pursuant to section 781(a) of the Tariff Act, that imports of unpatented R-421A from China are circumventing the *Order*.

Suspension of Liquidation

In accordance with 19 CFR 351.225(l)(2), Commerce will instruct CBP to suspend liquidation of all unpatented R-421A (as defined in the Merchandise Subject to the Anti-Circumvention Inquiry section above) from China that are entered, or withdrawn from warehouse, for consumption on or after June 18, 2019, the date of initiation of this anti-circumvention inquiry.⁹ CBP shall require cash deposits in accordance with those rates prevailing at the time of entry, depending upon the exporter in question. At this time, we have not included a certification requirement; however, based upon comments from interested parties, we may add such a certification requirement for the final determination.

Public Comment

Interested parties may submit case briefs to Commerce no later than 14 days after the date of publication of this notice.¹⁰ Rebuttal briefs, limited to issues raised in the case briefs, may be filed no later than five days after the time limit for filing case briefs.¹¹ Parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.¹² Case and rebuttal briefs should be filed electronically via ACCESS.¹³

Issues raised in the hearing will be limited to issues raised in the briefs. Postponement of Final Determination

Section 781(f) of the Act provides that, to the maximum extent practicable, Commerce shall make its anti-circumvention determinations within 300 days from the date of initiation of the inquiry. We determine that it is not practicable to make a final determination in this anti-circumvention inquiry by the current deadline of April 13, 2020, because Commerce will require additional time to notify the U.S. International Trade Commission (ITC), and to review and analyze case and rebuttal briefs. Therefore, we are extending the time period for issuing the final determination in this inquiry by 45 days, to May 28, 2020.

Notification to the ITC

Consistent with section 781(e) of the Act, Commerce is notifying the ITC of this affirmative preliminary determination to include the merchandise subject to this inquiry within the AD order on HFC blends from China. Pursuant to section 781(e) of the Act, the ITC may request consultations concerning Commerce's proposed inclusion of the subject merchandise. These consultations must be concluded within 15 days after the date of the request. If, after consultations, the ITC believes that a significant injury issue is presented by the proposed inclusion, it will have 60 days to provide written advice to Commerce.

Aluminum Extrusions From the People's Republic of China: Rescission of Antidumping and Countervailing Duty Circumvention Inquiries

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) is rescinding the anti-circumvention inquiries on aluminum extrusions from the People's Republic of China (China) that were initiated on May 6, 2019.

DATES: Applicable March 3, 2020.

FOR FURTHER INFORMATION CONTACT: Fred Baker, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-2924.

SUPPLEMENTARY INFORMATION:

Background

On May 26, 2011, Commerce published antidumping (AD) and countervailing duty (CVD) orders on

aluminum extrusions from China.¹ On May 6, 2019, in response to a request from Air Master Awning LLC (Air Master), Commerce initiated anti-circumvention inquiries regarding the *Orders* with respect to aluminum window frame extrusions processed into aluminum jalousie shutters (jalousie shutters) in the Dominican Republic, and also self-initiated a scope inquiry to determine whether the jalousie shutters at issue are merchandise covered by the scope of the *Orders*.² On May 24, 2019, Commerce invited interested parties to submit comments on whether the jalousie shutters are merchandise covered by the scope of the *Orders*.³ On June 11, 2019, we received comments from Aluvinsa Industrial SRL (Aluvinsa), a Dominican producer and exporter of jalousie shutters.⁴ In June 2019, we received comments⁵ and rebuttal comments⁶ from Air Master. We also received letters in support of Air Master's submission from the Aluminum Extrusions Fair Trade Committee (the petitioner).⁷ On October 15, 2019, Commerce issued a final scope ruling, in which it determined that the jalousie shutters processed in the Dominican Republic from Chinese

aluminum extrusions are merchandise covered by the scope of the *Orders*.⁸

Rescission of Circumvention Inquiries

In its final scope ruling, Commerce indicated that it intended to rescind the anti-circumvention inquiries as moot.⁹ This determination is consistent with what Commerce has previously stated to be the purpose of an anti-circumvention inquiry. Specifically, Commerce has stated that “[t]he purpose of an anti-circumvention inquiry . . . is to determine whether a product that is outside the scope should be included within the scope because it was altered in form or appearance in minor respects.”¹⁰ Because we have determined that aluminum jalousie shutters processed in the Dominican Republic from aluminum extrusions produced in China are merchandise covered by the scope of the *Orders*, we are rescinding the anti-circumvention inquiries.

Notification Regarding Administrative Protective Orders

This notice will serve as the only reminder to all parties subject to administrative protective order (APO) of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

This notice and determinations are issued and published in accordance with section 781 of the Tariff Act of 1930, as amended, and 19 CFR 351.225.

Dated: February 25, 2020.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that polyethylene terephthalate sheet (PET sheet) from the Sultanate of Oman (Oman) is being, or is likely to be, sold in the United States at less than fair value (LTFV). The period of investigation is July 1, 2018 through June 30, 2019. Interested parties are invited to comment on this preliminary determination.

DATES: Applicable March 3, 2020.

SUPPLEMENTARY INFORMATION:

Background

This preliminary determination is made in accordance with section 733(b) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this investigation on August 27, 2019.¹ On December 17, 2019, Commerce postponed the preliminary determination of this investigation and the revised deadline is now February 25, 2020.² For a complete description of the events that followed the initiation of this investigation, see the Preliminary Decision Memorandum.³ A list of topics included in the Preliminary Decision
