

**ACTION:** Notice of request to release airport land.

**SUMMARY:** The FAA proposes to rule and invites public comment on Queen Anne's County's request for a land release and sale of 8.111 acres of federally obligated airport property at Bay Bridge Airport, Stevensville, MD, to accommodate a commercial development. This acreage was originally purchased with federal financial assistance through the Airport Improvement Program. The proposed use of land after the sale will be compatible with the airport and will not interfere with the airport or its operation.

**DATES:** Comments must be received on or before April 3, 2020.

**FOR FURTHER INFORMATION CONTACT:** Comments on this application must be mailed or delivered to the following addresses:

Linda Steiner, Airport Manager, Bay Bridge Airport, 202 Airport Road, Stevensville, MD 21666, (410) 643-4364

and at the FAA Washington Airports District Office:

Matthew Thys, Manager, Washington Airports District Office, 13873 Park Center Road, Suite 490S, Herndon, VA 20171, (703) 487-3980

**SUPPLEMENTARY INFORMATION:** In accordance with the Wendell H. Ford Aviation Investment and Reform Act for the 21st Century (AIR 21), Public Law 106-181 (Apr. 5, 2000; 114 Stat. 61), this notice must be published in the **Federal Register** 30 days before the Secretary may waive any condition imposed on a federally obligated airport by grant agreements. The following is a brief overview of the request.

Queen Anne's County has submitted a land release request seeking FAA approval for the sale and disposal of approximately 8.111 acres of federally obligated airport property to The Gardens of Queen Anne, LLC for the purpose of commercial development. The project will include an inn (hotel), clubhouse, restaurant and retail space. The property is situated on the north side of Pier One Road. Due to this location, the subject area is unable to be utilized for aviation purposes because the airport operations area is located to the south of Pier One Road. Thus, the subject area is inaccessible to aircraft.

The 8.111 acres of land to be released was originally purchased as part of a 24.835-acre parcel with federal financial assistance through the AIP program under Grant Agreement 3-24-0036-17-2005. As foreseen at the time of the execution of this Grant Agreement, the

only portion of the 24.835-acre parcel that was required for aeronautical use is the portion of the parcel to the south of Pier One Road. The portion of the proceeds of the sale of this acreage, which is proportionate to the United States' share of the cost of acquisition of such land, will be used consistent with the requirements of 49 U.S.C. 47107(c). The remaining portion of the proceeds of the sale, is considered airport revenue, and will be used in accordance with 49 U.S.C. 47107(b) and the FAA's Policy and Procedures Concerning the Use of Airport Revenue published in the **Federal Register** on February 16, 1999. The proposed use of the property will not interfere with the airport or its operation.

Issued in Herndon, Virginia.

Manager, Washington Airports District Office.

### Federal Aviation Administration

[Docket No. FAA-2020-0228]

#### Agency Information Collection

#### Activities: Requests for Comments; Clearance of a Renewed Approval of Information Collection: Pilots Convicted of Alcohol or Drug-Related Motor Vehicle Offenses Subject to State Motor Vehicle Administrative Procedure; Correction

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice and request for comments.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. The collection involves receiving and maintaining correspondence required to be sent to the FAA from pilots who have been involved in a drug or alcohol related motor vehicle action. The information to be collected will be used to and/or is necessary because the FAA is concerned about those airmen abusing or dependent on drugs or alcohol in regard to the safety of the National Airspace System. Correction is being submitted to correct the docket number, Respondents, and Frequency information.

**DATES:** Written comments should be submitted by May 4, 2020.

**ADDRESSES:** Please send written comments:

*By Electronic Docket:*

*By mail:* Christopher Marks, P.O. Box 25810, Oklahoma City, OK 73125

*By fax:* 405-954-4989

**FOR FURTHER INFORMATION CONTACT:**

Christopher Marks by email at: *Christopher.Marks@faa.gov*; phone: 405-954-2789.

**SUPPLEMENTARY INFORMATION:** *Public Comments Invited:*

You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

*OMB Control Number:* 2120-0543.

*Title:* Pilots Convicted of Alcohol or Drug-Related Motor Vehicle Offenses Subject to State Motor Vehicle Administrative Procedure.

*Form Numbers:* No official form numbers used.

*Type of Review:* Renewal of an information collection.

*Background:* After a study and audit conducted from the late 1970's through the 1980's by the Department of Transportation, Office of the Inspector General, (DOT/OIG), the DOT/OIG recommended the FAA find a way to track alcohol abusers and those dependent on the substance that may pose a threat to the National Airspace (NAS). Through a Congressional act issued in November of 1990, the FAA established a Driving Under the Influence (DUI) and Driving While Intoxicated (DWI) Investigations Branch. The final rule for this program is found in Title 14 Code of Federal Regulations (CFR)—Part 61 § 61.15.

This regulation calls for pilots certificated by the FAA to send information regarding Driving Under the Influence (or similar charges) of alcohol and/or drugs to the FAA within 60 days from either an administrative action against their driver's license and/or criminal conviction. Part of the regulation also calls for the FAA to seek certificate action should an airman be involved in multiple, separate drug/alcohol related motor vehicle incidents within a three-year period. Information sent by the airmen is used to confirm or

refute any violations of these regulations, as well as by the Civil Aerospace Medical Institute (CAMI) for medical qualification purposes. Collection by CAMI is covered under a separate OMB control number 2120-0034.

An airman is required to provide a letter via mail or facsimile, with the following information: Name, address, date of birth, pilot certificate number, the type of violation which resulted in the conviction or administrative action, and the state which holds the records or action.

*Respondents:* 589 FAA airmen with drug and alcohol related motor vehicle actions provide approximately 862 reports per year over the last three years.

*Frequency:* On occasion.

*Estimated Average Burden per Response:* 20 Minutes.

*Estimated Total Annual Burden:* 20 minutes per report and 287 hours for all reports annually.

Issued in Oklahoma City, OK, on February 27, 2020.

### Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2019-0056]

#### Hours of Service of Drivers: R.J. Corman Railroad Services, Cranemasters, Inc., and National Railroad Construction and Maintenance Association, Inc.

**AGENCY:** Federal Motor Carrier Safety Administration (FMCSA), DOT.

**ACTION:** Notice of final disposition; grant of application for exemption.

**SUMMARY:** FMCSA announces its decision to grant the application of R.J. Corman Railroad Services, Cranemasters, Inc., (collectively, "the Companies") and the National Railroad Construction and Maintenance Association, Inc. (NRC) for an exemption from the prohibition against driving a property-carrying commercial motor vehicle (CMV) after the 14th hour after coming on duty and driving after accumulating 60 hours of on-duty time in 7 consecutive days (60-hour rule), or 70 hours of on-duty time in 8 consecutive days (70-hour rule). The exemption will enable railroad employees subject to the hours-of-

service (HOS) rules to respond to unplanned events that occur outside of or extend beyond the employee's normal work hours. FMCSA concluded that granting the Companies/NRC's application is likely to achieve a level of safety equivalent to or greater than the level of safety that would be obtained in the absence of the exemption.

**DATES:** The exemption is effective March 4, 2020 and expires March 4, 2025.

*Docket:* For access to the docket to read background documents or comments, go to [www.regulations.gov](http://www.regulations.gov) at any time or visit Room W12-140 on the ground level of the West Building, 1200 New Jersey Avenue SE, Washington, DC, between 9 a.m. and 5 p.m., ET, Monday through Friday, except Federal holidays. The on-line FDMS is available 24 hours each day, 365 days each year.

*Privacy Act:* In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to [www.regulations.gov](http://www.regulations.gov), as described in the system of records notice (DOT/ALL-14 FDMS), which can be reviewed at [www.dot.gov/privacy](http://www.dot.gov/privacy).

#### SUPPLEMENTARY INFORMATION:

##### I. Public Participation

###### *Viewing Comments and Documents*

To view comments, as well as documents mentioned in this preamble as being available in the docket, go to [www.regulations.gov](http://www.regulations.gov) and insert the docket number, "FMCSA-2019-0056" in the "Keyword" box and click "Search." Next, click the "Open Docket Folder" button and choose the document to review. If you do not have access to the internet, you may view the docket online by visiting the Docket Management Facility in Room W12-140 on the ground floor of the DOT West Building, 1200 New Jersey Avenue SE, Washington, DC 20590, between 9 a.m. and 5 p.m., e.t., Monday through Friday, except Federal holidays.

##### II. Legal Basis

FMCSA has authority under 49 U.S.C. 31136(e) and 31315 to grant exemptions from certain Federal Motor Carrier

Safety Regulations. FMCSA must publish a notice of each exemption request in the **Federal Register** (49 CFR 381.315(a)). The Agency must provide the public an opportunity to inspect the information relevant to the application, including any safety analyses that have been conducted. The Agency must also provide an opportunity for public comment on the request.

The Agency reviews safety analyses and public comments submitted, and determines whether granting the exemption would likely achieve a level of safety equivalent to, or greater than, the level that would be achieved by the current regulation (49 CFR 381.305). The Agency's decision must be published in the **Federal Register** (49 CFR 381.315(b)) with the reasons for denying or granting the application and, if granted, the name of the person or class of persons receiving the exemption, and the regulatory provision from which the exemption is granted. The notice must also specify the effective period (up to 5 years) and explain the terms and conditions of the exemption. The exemption may be renewed (49 CFR 381.300(b)).

#### III. Request for Exemption

The Companies and NRC requested an exemption from the HOS regulations in 49 CFR part 395 for their employees who respond to unplanned events that affect interstate commerce, service or the safety of railway operations, including passenger rail operations. These employees transport equipment used to clear derailed or disabled trains or debris blocking tracks or railroad rights-of-way.

The Companies and NRC explained that unplanned events often occur outside of normal business hours. Although in many cases the event is local in nature, allowing local government officials to declare an emergency that would exempt the company and its drivers from the HOS regulations, these officials have not done so. The Companies and NRC believe it would not be practical for them to do so in the future because (1) many unplanned events occur in remote locations where it may not be clear who is authorized to declare an emergency; (2) more than half of unplanned event call times occur between 4:00 p.m. and 7:00 a.m., including a large number between midnight and 7:00 a.m., making it virtually impossible for the railroads to obtain an emergency declaration before requesting a contractor to respond to the unplanned event; and (3) companies likely would not know if such an emergency
