Information Collection Requirement

OMB Control Number 1652–0068; Security Appointment Center (SAC) Visitor Request Form and Foreign National Vetting Request. The Secretary of the Department of Homeland Security (DHS) is required to protect property owned, occupied, or secured by the Federal Government. See 40 U.S.C. 1315; see also 41 CFR 102–81.15 (requires Federal agencies to be responsible for maintaining security at their own or leased facilities). To implement this requirement, DHS policy requires all visitors to DHS facilities in the NCR to have a criminal history records check through the National Crime Information Center (NCIC) system before accessing the facility. TSA has established a visitor management process that meets DHS requirements. This process allows TSA to conduct business with visitors, including other federal employees and contract employees, while managing risks posed by individuals entering the building who have not been subject to a full employee security background check. Once an individual’s access is approved, TSA’s Visitor Management System (VMS) generates temporary paper badges with photographs that visitors must wear when entering TSA facilities in the NCR. This badge must be clearly visible for the duration of the individual’s visit.

Visitors seeking to enter TSA facilities must also have a TSA-Federal employee as their host, and the host must complete the electronic TSA Form 2802, Security Appointment Center (SAC) Visitor Request Form. TSA Form 2802 requires that the Federal host employee provide the visitor’s first and last name, date of birth, date and time of visit, visitor type (e.g., DHS or other government visitor, non-government individual), and whether the visitor is a foreign national visitor.2 TSA requests the visitor’s social security number (SSN), but providing one’s SSN is not required. TSA uses the SSN to ensure accuracy in the identification of the visitor and to expedite vetting. TSA Form 2816A, Foreign National Visitor Request—Individual must be completed for foreign national visitors and for groups consisting of two or more foreign nationals, TSA Form 2816B, Foreign National Visitor Request—Group must be completed. Hard copies of these forms are available at the TSA Visitors’ Center. TSA uses the vetting results to determine the suitability of an individual requesting access to the TSA NCR, including whether the individual has a criminal history that would warrant further investigation and review before TSA grants access to the facility. In reviewing the NCIC vetting results, TSA will consider whether an individual could potentially pose a threat to the safety of TSA employees, contractors, visitors, or the facility. TSA also uses the information to maintain records of access to TSA facilities.

TSA is revising the collection to transition TSA Forms 2802, 2816A, and 2816B into Common Forms. Common Forms permit Federal agency users beyond the agency that created the form (e.g., Department of Homeland Security or U.S. Office of Personnel Management) to streamline the information collection process in coordination with OMB.

TSA estimates the average annual number of visitors to be 29,595, with an annual time burden to the public of 226 hours.

1 TSA facilities in the NCR include TSA Headquarters, the Freedom Center, the Transportation Security Integration Facility (TSIF), the Metro Park office complex (Metro Park), and the Annapolis Junction facility (AJ).

SUPPLEMENTARY INFORMATION: This notice supersedes a similar notice published in the Federal Register on July 21, 2016, at 81 FR 47403. The Computer Matching program seeks to set forth the terms and conditions governing disclosures of records, information, or data (collectively referred to herein as “data”) made by ED to HUD. This data is obtained by ED and pertains to delinquent debt that individuals owe to ED. The purpose of its transmittal is to update the Credit Alert Verification Reporting System (CAIVRS), which is a computer information system maintained by HUD. The data match will allow for the prescreening of applicants for Federal direct loans or federally guaranteed loans, for the purpose of determining the applicant’s creditworthiness, by ascertaining whether the applicant is delinquent or in default on a loan owed directly to or guaranteed by the Federal Government. The terms and conditions of this Agreement ensure that ED makes such disclosures of data, and that HUD uses such disclosed data, in accordance with the requirements of the Privacy Act of 1974, as amended by the Computer Matching and Privacy Protection Act (CMPPA) of 1988, 5 U.S.C. 552a.

Participating Agencies: The U.S. Small Business Administration is the source agency and the Department of Housing and Urban Development is the recipient agency.

Authority for Conducting the Matching Program: HUD and ED are authorized to participate in the matching program under Title 31, United States Code, Section 3720B. Purpose: The purpose of CAIVRS is to give participating federal agencies and authorized private lenders acting on the government’s behalf, access to a database of delinquent federal debtors for the purpose of pre-screening the credit worthiness of applicants for direct loans and federally guaranteed loans. The use of CAIVRS will allow HUD to better monitor its credit programs and to reduce the credit extended to individuals with outstanding delinquencies on debts owed to HUD and other Federal agencies. Thus, both risk reduction and debt recovery are primary objectives of CAIVRS and this matching program.
