Jeffery Rymer, Marketing Specialist, or Terry Vawter, Regional Director, California Marketing Field Office, Marketing Order and Agreement Division, Specialty Crops Program, AMS, USDA; Telephone: (559) 487–5901, Fax: (559) 487–5906, or Email: JefferyM.Rymer@usda.gov or Terry.Vawter@usda.gov.

SUPPLEMENTARY INFORMATION: Pursuant to Marketing Order No. 920, as amended (7 CFR part 920), hereinafter referred to as the “Order,” and the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), hereinafter referred to as the “Act,” it is hereby directed that a referendum be conducted to ascertain whether continuance of the Order is favored by growers. The referendum shall be conducted from May 18 through May 29, 2020, among eligible California kiwifruit growers. Only current growers who were also engaged in the production of kiwifruit in California during the period of August 1, 2018, through July 31, 2019, may participate in the continuance referendum.

USDA has determined that continuance referenda are an effective means for determining whether growers favor the continuation of marketing order programs. USDA would consider termination of the Order if less than fifty percent of the growers voting in the referendum and growers of less than fifty percent of the volume of California kiwifruit represented in the referendum favor continuance of their program. In evaluating the merits of continuance versus termination, USDA will consider the results of the continuance referendum and other relevant information regarding operation of the Order. USDA will also consider the Order’s relative benefits and disadvantages to growers, processors, and consumers to determine whether continuing the Order would tend to effectuate the declared policy of the Act.

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the ballot materials used in the referendum have been approved by the Office of Management and Budget (OMB) under OMB No. 0581–0189, Fruit Crops. It has been estimated that it will take an average of 20 minutes for each of the approximately 150 growers

of California kiwifruit to cast a ballot. Participation is voluntary. Ballots postmarked after May 29, 2020, will not be included in the vote tabulation.

Jeffery Rymer and Terry Vawter of the California Marketing Field Office, Specialty Crops Program, AMS, USDA, are hereby designated as the referendum agents of the Secretary of Agriculture to conduct this referendum. The procedure applicable to the referendum shall be the “Procedure for the Conduct of Referenda in Connection With Marketing Orders for Fruits, Vegetables, and Nuts Pursuant to the Agricultural Marketing Agreement Act of 1937, as Amended” (7 CFR part 900.400 *et seq.*).

Ballots will be mailed to all growers of record and may also be obtained from the referendum agents or their appointees.

SUPPLEMENTARY INFORMATION:

I. Background Information

A. Pre-Disaster Mitigation Loans, Part 123, Subpart E

Pre-disaster mitigation loans were authorized by Congress in 1999 to encourage disaster preparedness rather than reliance on response and recovery. The program was authorized for five fiscal years (2000–2004). During that time, SBA made four loans under the program. SBA published regulations implementing the Pre-Disaster Mitigation Loan program on October 7, 2002 (67 FR 62337). SBA is now removing those regulations as the program is no longer authorized.

B. Economic Injury Disaster Loans as a Result of the September 11, 2001 Terrorist Attacks, Part 123, Subpart G

In response to the September 11, 2001, terrorist attacks, SBA published regulations authorizing economic injury disaster loans outside the declared disaster areas to small businesses that suffered economic injury as a direct result of the attacks or any related Federal action following the attacks. The rule, published on October 22, 2001 (66 FR 53331), outlined the eligibility criteria and loan terms. On June 24, 2002, SBA extended the deadline for businesses to apply for the loans from May 22, 2002 to September 30, 2002 (67

FR 42594). SBA made 4,996 loans under the program. SBA is now removing these regulations as they are now obsolete.

C. Executive Order 13771

On January 30, 2017, President Trump signed Executive Order 13771, Reducing Regulation and Controlling Regulatory Costs, which, among other objectives, is intended to ensure that an agency's regulatory costs are prudently managed and controlled so as to minimize the compliance burden imposed on the public. For every new regulation an agency proposes to implement, unless prohibited by law, this Executive order requires the agency to (i) identify at least two existing regulations that the agency can cancel; and (ii) use the cost savings from the cancelled regulations to offset the cost of the new regulation.

D. Executive Order 13777

On February 24, 2017, the President issued Executive Order 13777, Enforcing the Regulatory Reform Agenda, which further emphasized the goal of the Administration to alleviate the regulatory burdens placed on the public. Under Executive Order 13777, agencies must evaluate their existing regulations to determine which ones should be repealed, replaced, or modified. In doing so, agencies should focus on identifying regulations that, among other things: Eliminate jobs or inhibit job creation; are outdated, unnecessary or ineffective; impose costs that exceed benefits; create a serious inconsistency or otherwise interfere with regulatory reform initiatives and policies; or are associated with Executive orders or other Presidential directives that have been rescinded or substantially modified. SBA has engaged in this process and has identified the regulations in this rulemaking as appropriate for removal in accordance with Executive Order 13777.

II. Section by Section Analysis

A. Pre-Disaster Mitigation Loans, Part 123, Subpart E

SBA is removing subpart E from part 123 of SBA's regulations because the regulations are no longer necessary. The regulations at 13 CFR 123.400 through 123.412 describe eligibility requirements, allowable uses of proceeds, loan terms, and application procedures for Pre-Disaster Mitigation Loans. Specifically, the provisions to be removed are: (1) § 123.400 What is the Pre-Disaster Mitigation Loan Program?; (2) § 123.401 What types of mitigation measures can your business include in
