### Guidance Documents

**AGENCY**: Office of the Assistant Secretary for Policy (OASP), Labor.

**ACTION**: Notice of availability.

**SUMMARY**: The Department of Labor (the Department) is publishing this notice pursuant to an Executive Order to announce and describe the public-facing guidance website that will contain the Department's Guidance Documents, as described under the Executive Order.

**ADDRESSES**: The Department's guidance website is available on its website at <https://www.dol.gov/guidance>.

**FOR FURTHER INFORMATION CONTACT**: Erin FitzGerald, U.S. Department of Labor, Office of the Assistant Secretary for Policy, 200 Constitution Avenue NW, Room S-2312, Washington, DC 20210, 202-693-5959 [This is not a toll-free number].

**SUPPLEMENTARY INFORMATION**: On October 9, 2019, President Trump issued Executive Order 13891, "Promoting the Rule of Law Through Improved Agency Guidance Documents," directing federal agencies to establish a single, searchable, website that contains all current guidance documents. The Department's guidance website is available at <https://www.dol.gov/guidance>.

As part of this process, the Department is undertaking a detailed and comprehensive review of guidance documents issued by Department agencies to determine whether such guidance aligns with the law and Administration policy and otherwise serves an appropriate and useful purpose. Guidance which is outdated, superseded, invalid, unhelpful, confusing, redundant, outside an agency's appropriate role, or contrary to law or policy is being rescinded or

modified. This process is ongoing and the Department's guidance website collects decisions to retain guidance to date. The website is intended to provide transparency to the regulated community by creating a "one-stop shop" for locating guidance documents, which will also continue to be available on agency websites in their usual locations. The E.O. gives agencies until June 27, 2020, to add to the website any guidance missed during their initial review. Any documents still under review after February 28, 2020 will be added to the website when those decisions have been finalized.

Guidance documents that are not currently searchable through the search tool will continue to be available on the individual DOL agency websites. DOL will continue to refine its website as needed to enhance user accessibility and usability.

Agencies will continue to publish guidance documents on their own websites and all new guidance documents will be searchable from <http://www.dol.gov/guidance>. DOL welcomes input from the public regarding guidance that should be retained, rescinded, or modified. Comments should be submitted to [TalkAboutGuidance@dol.gov](mailto:TalkAboutGuidance@dol.gov).

### Occupational Safety and Health Administration

[Docket No. OSHA-2006-0040]

#### SGS North America, Inc.: Applications for Expansion of Recognition and Proposed Modification to the NRTL Program's List of Appropriate Test Standards

**AGENCY**: Occupational Safety and Health Administration (OSHA), Labor.

**ACTION**: Notice.

**SUMMARY**: In this notice, OSHA announces the applications of SGS North America, Inc., for expansion of recognition as a Nationally Recognized Testing Laboratory (NRTL) and presents the agency's preliminary finding to grant the applications. Additionally, OSHA proposes to add four test standards to the NRTL Program's list of appropriate test standards.

**DATES**: Submit comments, information, and documents in response to this

notice, or requests for an extension of time to make a submission, on or before March 20, 2020.

**ADDRESSES**: Submit comments by any of the following methods:

*Electronically*: You may submit comments and attachments electronically at: <https://www.regulations.gov>, which is the Federal eRulemaking Portal. Follow the instructions online for submitting comments.

*Facsimile*: If your comments, including attachments, are not longer than 10 pages, you may fax them to the OSHA Docket Office at (202) 693-1648.

*Mail, hand delivery, express mail, messenger, or courier service*: When using this method, you must submit a copy of your comments and attachments to the OSHA Docket Office, Docket No. OSHA-2006-0040, Occupational Safety and Health Administration, U.S. Department of Labor, Room N-3653, 200 Constitution Avenue NW, Washington, DC 20210. Deliveries, (hand, express mail, messenger, and courier service) are accepted during the Docket Office's normal business hours, 10:00 a.m. to 3:00 p.m., ET.

*Instructions*: All submissions must include the agency name and the OSHA docket number (OSHA-2006-0040). OSHA places comments and other materials, including any personal information, in the public docket without revision, and these materials will be available online at <http://www.regulations.gov>. Therefore, the agency cautions commenters about submitting statements they do not want made available to the public, or submitting comments that contain personal information (either about themselves or others) such as Social Security numbers, birth dates, and medical data.

*Docket*: To read or download comments or other material in the docket, go to <https://www.regulations.gov> or the OSHA Docket Office at the above address. All documents in the docket (including this **Federal Register** notice) are listed in the <https://www.regulations.gov> index; however, some information (e.g., copyrighted material) is not publicly available to read or download through the website. All submissions, including copyrighted material, are available for inspection at the OSHA Docket Office.

*Extension of comment period*: Submit requests for an extension of the comment period on or before March 20, 2020 to the Office of Technical Programs and Coordination Activities, Directorate of Technical Support and Emergency Management, Occupational

Safety and Health Administration, U.S. Department of Labor, 200 Constitution Avenue NW, Room N-3653, Washington, DC 20210, or by fax to (202) 693-1644.

**SUPPLEMENTARY INFORMATION:**

**I. Notice of the Application for Expansion**

The Occupational Safety and Health Administration is providing notice that SGS North America, Inc. (SGS) is applying for an expansion of current recognition as a NRTL. SGS requests the addition of twenty test standards to the NRTL scope of recognition.

OSHA recognition of a NRTL signifies that the organization meets the requirements specified in 29 CFR 1910.7. Recognition is an acknowledgment that the organization

can perform independent safety testing and certification of the specific products covered within the scope of recognition. Each NRTL's scope of recognition includes (1) the type of products the NRTL may test, with each type specified by its applicable test standard; and (2) the recognized site(s) that has/have the technical capability to perform the product-testing and product-certification activities for test standards within the NRTL's scope. Recognition is not a delegation or grant of government authority; however, recognition enables employers to use products approved by the NRTL to meet OSHA standards that require product testing and certification.

The agency processes applications by a NRTL for initial recognition and for an expansion or renewal of this recognition, following requirements in Appendix A to 29 CFR 1910.7. This appendix requires that the agency publish two notices in the **Federal Register** in processing an application. In the first notice, OSHA announces the application and provides a preliminary finding. In the second notice, the agency provides the final decision on the application. These notices set forth the NRTL's scope of recognition or modifications of that scope. OSHA maintains an informational web page for each NRTL, including SGS, which details the NRTL's scope of recognition. These pages are available from the OSHA website at <http://www.osha.gov/dts/otpca/nrtl/index.html>.

SGS currently has nine facilities (sites) recognized by OSHA for product testing and certification, with the headquarters located at: SGS North America, Inc., 620 Old Peachtree Road, Suwanee, Georgia 30024. A complete list of SGS's scope of recognition is available at <https://www.osha.gov/dts/otpca/nrtl/sgs.html>.

**II. General Background on the Applications**

SGS submitted four applications to OSHA to expand recognition as a NRTL to include twenty additional test standards. The first application was submitted to OSHA on February 14, 2018 (OSHA-2006-0040-0051). The second and third applications were submitted to OSHA on April 18, 2018 (OSHA-2006-0040-0052) and (OSHA-2006-0040-0053). The fourth application (which was a revision to the first application) was submitted to OSHA on July 18, 2019 (OSHA-2006-0040-0054). OSHA staff performed a detailed analysis of the application packets and reviewed other pertinent information. OSHA did not perform any on-site reviews in relation to these applications.

Table 1 lists the appropriate test standards found in SGS's applications for expansion for testing and certification of products under the NRTL Program.

**III. Proposal To Add New Test Standards to the NRTL Program’s List of Appropriate Test Standards**

Periodically, OSHA will propose to add new test standards to the NRTL list of appropriate test standards following an evaluation of the test standard document. To qualify as an appropriate test standard, the agency evaluates the document to (1) verify it represents a product category for which OSHA requires certification by a NRTL, (2) verify the document represents a product and not a component, and (3) verify the document defines safety test specifications (not installation or

operational performance specifications). OSHA becomes aware of new test standards through various avenues. For example, OSHA may become aware of new test standards by: (1) Monitoring notifications issued by certain Standards Development Organizations; (2) reviewing applications by NRTLs or applicants seeking recognition to include new test standard in their scopes of recognition; and (3) obtaining notification from manufacturers, manufacturing organizations, government agencies, or other parties. OSHA may determine to include a new test standard in the list, for example, if

the test standard is for a particular type of product that another test standard also covers or it covers a type of product that no standard previously covered.

In this notice, OSHA proposes to add four new test standards to the NRTL Program’s list of appropriate test standards. Table 2, below, lists the test standards that are new to the NRTL Program. OSHA preliminarily determined that these test standards are appropriate test standards and proposes to include them in the NRTL Program’s list of appropriate test standards. OSHA seeks public comment on this preliminary determination.

**TABLE 2—STANDARDS OSHA IS PROPOSING TO ADD TO THE NRTL PROGRAM’S LIST OF APPROPRIATE TEST STANDARDS**

Test standard	Test standard title
UL 62841–2–8 .....	Safety Requirements for Particular Requirements for Hand-Held Shears and Nibblers.
UL 62841–2–11 .....	Safety Requirements for Particular Requirements for Hand-Held Reciprocating Saws.
UL 62841–3–4 .....	Safety Requirements for Particular Requirements for Transportable Bench Grinders.
UL 62841–3–6 .....	Safety Requirements for Particular Requirements for Transportable Diamond Drills with Liquid System.

**IV. Preliminary Findings on the Applications**

SGS submitted acceptable applications for expansion of the scope of recognition. OSHA’s review of the application files, and pertinent documentation, indicate that SGS can meet the requirements prescribed by 29 CFR 1910.7 for expanding the recognition to include the addition of these twenty test standards for NRTL testing and certification listed above. This preliminary finding does not constitute an interim or temporary approval of SGS’s applications.

OSHA welcomes public comment as to whether SGS meets the requirements of 29 CFR 1910.7 for expansion of the recognition as a NRTL. OSHA additionally welcomes comments on the proposal to add four additional test standards to the NRTL Program’s list of appropriate test standards. Comments should consist of pertinent written documents and exhibits. Commenters needing more time to comment must submit a request in writing, stating the reasons for the request. Commenters must submit the written request for an extension by the due date for comments. OSHA will limit any extension to 10 days unless the requester justifies a longer period. OSHA may deny a request for an extension if the request is not adequately justified. To obtain or review copies of the exhibits identified in this notice, as well as comments submitted to the docket, contact the Docket Office, Room N–3653, Occupational Safety and Health

Administration, U.S. Department of Labor, at the above address. These materials also are available online at <http://www.regulations.gov> under Docket No. OSHA–2006–0040.

OSHA staff will review all comments to the docket submitted in a timely manner and, after addressing the issues raised by these comments, will make a recommendation to the Assistant Secretary for Occupational Safety and Health whether to grant SGS’s applications for expansion of the scope of recognition. The Assistant Secretary will make the final decision on granting the applications. In making this decision, the Assistant Secretary may undertake other proceedings prescribed in Appendix A to 29 CFR 1910.7.

OSHA will publish a public notice of its final decision in the **Federal Register**.

**V. Authority and Signature**

Loren Sweatt, Principal Deputy Assistant Secretary of Labor for Occupational Safety and Health, authorized the preparation of this notice. Accordingly, the agency is issuing this notice pursuant to 29 U.S.C. 657(g)(2), Secretary of Labor’s Order No. 1–2012 (77 FR 3912, Jan. 25, 2012), and 29 CFR 1910.7.

Signed at Washington, DC, on February 27, 2020.
