

**DEPARTMENT OF VETERANS
AFFAIRS**

38 CFR Part 17

RIN 2900-AQ62

**Health Professional Scholarship
Program**

AGENCY: Department of Veterans Affairs.

ACTION: Final rule.

SUMMARY: The Department of Veterans Affairs (VA) is amending its regulations that govern the Health Professional Scholarship Program (HPSP). The amended regulations ensure that VA award not less than 50 HPSP scholarships each year to students who are accepted for enrollment or are enrolled in a program of education or training that leads to employment as a physician or dentist until such a date as VA determines the current staffing shortage is reduced. The amended regulation will also expand the number of years of obligated service that a HPSP participant would have to serve in VA as a physician or a dentist. This rulemaking implements the mandates of the VA MISSION Act of 2018.

DATES: This final rule is effective April 6, 2020.

SUPPLEMENTARY INFORMATION: In a document published in the **Federal Register** on June 25, 2019, VA published a proposed rule, which proposed to revise its regulations that govern VA's Health Professional Scholarship Program (HPSP). 84 FR 29824. VA provided a 60-day comment period, which ended on August 26, 2019. We received two comments on the proposed rule.

On June 6, 2018, section 301 of Public Law 115-182, the John S. McCain III, Daniel K. Akaka, and Samuel R. Johnson VA Maintaining Internal Systems and Strengthening Integrated Outside Networks Act of 2018, or the VA MISSION Act of 2018, amended title 38 of the United States Code (U.S.C.) 7612(b) and 7617, which govern the HPSP. This program is regulated under title 38 of the Code of Federal Regulations (CFR) 17.600 through 17.612. Section 7612(b) of 38 U.S.C. was amended to state that VA will ensure that not less than 50 HPSP scholarships are awarded each year to students who are accepted for enrollment or are enrolled in a program of education or

training that leads to employment as a physician or dentist until such a date as VA determines that there is a staffing shortage of less than 500 individuals in these health care professions in VA. The VA MISSION Act of 2018 further amended section 7612(b) to state that after such a date, VA will award HPSP scholarships each year to not less than 10 percent of the total staffing shortage of physicians and dentists. Section 7612 was also amended by expanding the number of years of obligated service that a participant who pursues a course of study leading to employment as a physician or dentist would have to serve in VA in a discipline for which the HPSP was awarded. For those individuals who are accepted for enrollment or enrolled in a program of education or training leading to employment as a physician or dentist, instead of one year of obligated service for each school year or part thereof for which the participant was awarded a scholarship, the VA MISSION Act of 2018 requires that the participant serve 18 months of obligated service for each school year or part thereof for which the participant was awarded a scholarship. The VA MISSION Act of 2018 additionally amended 38 U.S.C. 7617 by adding that a participant has breached the service agreement if the participant fails to successfully complete post-graduate training leading to eligibility for board certification for employment as a physician. This final rulemaking implements the mandates of section 301 of the VA MISSION Act of 2018 by amending 38 CFR 17.603, 17.607, and 17.610.

One commenter was in favor of the rule and stated that making more scholarships available for students who are going to study in a field that is quite expensive is a great idea that will help society in the long run, especially fields leading to employment as a physician or dentist. However, the commenter recommended that the minimum scholarship number should always be 10 percent the number of vacancies so if there are 600 vacancies, VA should be required to give out 60 scholarships instead of capping at 50 so that more and more people can be helped. As previously stated in this rule, 38 U.S.C. 7612(b) states that not less than 50 HPSP scholarships are awarded each year to students who are accepted for enrollment or are enrolled in a program of education or training that leads to employment as a physician or dentist until such a date as VA determines that there is a staffing shortage of less than 500 individuals in these health care professions in VA. Therefore, for

instances where there are 600 vacancies, as the commenter stated, there would not be a cap at 50 scholarships. Fifty scholarships would be the minimum amount of scholarships that may be offered to qualifying individuals. The commenter requested that the minimum number of scholarships offered by VA always be ten percent of the shortage of VA physicians and dentists. However, the statutory ten percent requirement only comes into effect when the number of vacancies is less than 500. When there are more than 500 vacancies for physicians and dentists, VA may offer not less than 50 HPSP scholarships per year. VA has the authority to provide more than 50 scholarships, but VA chooses to maintain the statutory limit in order to allow VA to utilize HPSP funds in disciplines other than physician and dentists as allowed under § 17.603(b)(2) for other healthcare disciplines experiencing severe staffing shortages. We are not making any changes based on this comment.

Another commenter was in support of the rule stating that they are pleased that VA is making the HPSP available to other health care professionals and encourages VA to place priority on the inclusion of nurse practitioners in this program. The commenter further stated that VA has long recognized the value of nurse practitioner-led care and it is important that these scholarship opportunities be available to nurse practitioners as well as other health care professionals to provide veterans with a robust health care workforce. The HPSP has always been available to applicants who pursue a course leading to nurse practitioner. Current § 17.603(b) states that VA will grant HPSP scholarships in a course of study in those disciplines or programs where recruitment is necessary for the improvement of health care of veterans. Those disciplines or programs are listed in 38 U.S.C. 7401(1) and (3), which includes nurse practitioners. However, the purpose of this rulemaking is to implement the mandates of the VA MISSION Act of 2018 by expanding the number of HPSP that may be awarded to individuals who pursue a program of education or training that leads to employment as a physician or dentist, not nurse practitioners. Therefore, we are not making any changes based on this comment.

Based on the rationale set forth in the **SUPPLEMENTARY INFORMATION** to the proposed rule and in this final rule, VA is adopting the proposed rule with no edits to the rule.

Paperwork Reduction Act

Although this action contains provisions constituting collections of information at 38 CFR 17.604, which is not being amended by this rule, under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3521), no new or proposed revised collections of information are associated with this final rule. The information collection requirements for § 17.604 are currently approved by the Office of Management and Budget (OMB) and have been assigned OMB control numbers 2900–0793.

Regulatory Flexibility Act

The Secretary hereby certifies that this final rule will not have a significant economic impact on a substantial number of small entities as they are defined in the Regulatory Flexibility Act, 5 U.S.C. 601–612. The provisions associated with this rulemaking are not processed by any other entities outside of VA. Therefore, pursuant to 5 U.S.C. 605(b), the initial and final regulatory flexibility analysis requirements of 5 U.S.C. 603 and 604 do not apply.

Executive Orders 12866, 13563 and 13771

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, when regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, and other advantages; distributive impacts; and equity). Executive Order 13563 (Improving Regulation and Regulatory Review) emphasizes the importance of quantifying both costs and benefits, reducing costs, harmonizing rules, and promoting flexibility. The Office of Information and Regulatory Affairs has determined that this rule is not a significant regulatory action under Executive Order 12866. VA's impact analysis can be found as a supporting document at <http://www.regulations.gov>, usually within 48 hours after the rulemaking document is published. Additionally, a copy of the rulemaking and its impact analysis are available on VA's website at <http://www.va.gov/orpm> by following the link for VA Regulations Published from FY 2004 through FYTD.

This final rule is not expected to be an E.O. 13771 regulatory action because this final rule is not significant under E.O. 12866.

Unfunded Mandates

The Unfunded Mandates Reform Act of 1995 requires, at 2 U.S.C. 1532, that agencies prepare an assessment of anticipated costs and benefits before issuing any rule that may result in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of \$100 million or more (adjusted annually for inflation) in any one year. This final rule would have no such effect on State, local, and tribal governments, or on the private sector.

Congressional Review Act

Pursuant to the Congressional Review Act (5 U.S.C. 801 *et seq.*), the Office of Information and Regulatory Affairs designated this rule as not a major rule, as defined by 5 U.S.C. 804(2).

I. Relevant Statutory Requirements

Section 407(c)(1) of title 39 of the United States Code requires that the Secretary of State, before concluding a treaty, convention, or amendment establishing a market dominant rate or classification, request the Commission's views on the consistency of such rate or classification with the modern rate-setting criteria of 39 U.S.C. 3622. Commission views entail the review and analysis of numerous proposals from the Universal Postal Union (UPU) or its member countries, which are typically posted on the UPU website pursuant to a series of deadlines that begin about 6 months before a Congress convenes.

II. Background

In Docket No. RM2015-14, the Commission adopted rules formalizing its procedures related to Commission views submitted pursuant to 39 U.S.C.

407(c)(1).¹ The adopted rules reflected the Commission's commitment to both transparency and improved public accessibility by establishing dockets that informed the public about the availability of relevant proposals, Commission views, and other related documents, and by allowing all documents to be incorporated into one comprehensive record.

III. Basis and Purpose of Final Rules

After years of experience in participating in both traditional UPU Congresses as well as two extraordinary Congresses, the Commission adopts clarifying changes to the rules in order to better reflect the Commission's procedures related to the posting of relevant proposals and Commission views.²

IV. Changes to Final Rules

Due to Commission action in another proceeding, the Commission notes several non-substantive changes to the rules as proposed in Order No. 5353. These changes do not affect the text of the rules themselves and largely relate to the numbering of the rules. In Order No. 5353, the Commission proposed rule revisions to 39 CFR part 3017 on December 17, 2019. *See* section I, *supra*; *see also* Order No. 5353. On January 16, 2020, the Commission issued a final rulemaking in a separate proceeding that, among other things, renumbered several parts in title 39.³ In Order No. 5407, 39 CFR part 3017 was redesignated as 39 CFR part 3025. *Id.* at 24. In addition, the Commission redesignated §§ 3017.1 through 3017.5 as §§ 3025.101 through 3025.105 of the chapter and revised the part's heading to "Procedures Related to Commission Views Submitted to the Secretary of State."⁴ The revisions set forth in Order No. 5407 go into effect on April 20, 2020. Order No. 5407 at 21-22. In order to avoid any confusion that may be associated with these overlapping changes, the final rules adopted in this Order will go into effect on April 21, 2020, after the renumbering of parts in title 39 is complete. As such, the rule revisions herein reflect the numerical

For the reasons stated in the preamble, the Commission amends chapter III of title 39 of the Code of Federal Regulations by revising part 3025 to read as follows:

PART 3025—PROCEDURES RELATED TO COMMISSION VIEWS SUBMITTED TO THE SECRETARY OF STATE

Sec.

3025.101 Definitions in this part.

3025.102 Purpose.

3025.103 Establishment and scope of docket.

3025.104 Comment deadline(s).

3025.105 Issuance of Commission views.

Authority: 39 U.S.C. 407; 503.

§ 3025.101 Definitions in this part.

(a) *Commission views* refers to the opinion the Commission provides to the Secretary of State pursuant to 39 U.S.C. 407(c)(1) on the consistency of a relevant proposal with modern rate regulation.

(b) *Modern rate regulation* refers to the standards and criteria the Commission has established pursuant to 39 U.S.C. 3622.

(c) *Relevant proposal* means a proposed change to a treaty, convention, or amendment that establishes a market dominant rate or classification.

§ 3025.102 Purpose.

The rules in this part are intended to facilitate public participation in, and promote the transparency of, the development of Commission views.

§ 3025.103 Establishment and scope of docket.

(a) On or about 150 days before a Universal Postal Union Congress convenes or such advance time as the Commission determines for any other 39 U.S.C. 407(c)(1) matter, the Commission shall establish a docket in order to solicit public comments as part of the development of Commission views.

(b) The Commission shall post relevant proposals in the applicable docket established pursuant to paragraph (a) of this section and may also include other materials related to the development of Commission views, such as other documents or related actions.

(c) Public comments should focus on the specific relevant proposals posted by the Commission and the general principles that should guide the development of Commission views as
