Background: On October 29, 2019, OSERS first published the Policy Statement that granted prior approval for two direct cost categories under the Department's authority in the OMB's Uniform Guidance, codified in 2 CFR 200.407(f) and (t), 200.439(b), and 200.456.

The prior approval applies to two direct cost categories, participant support costs and equipment, in the following State formula grant programs administered by OSEP and RSA:

OSEP

1. Individuals with Disabilities Education Act (IDEA) Part B Section 611 Grants to States;
2. IDEA Section 619 Preschool Grants; and
3. IDEA Part C Grants for Infants and Families.

RSA

immediate information to assist them in meeting their obligations under the Uniform Guidance for the listed RSA and OSEP programs. We noted that, “[w]e intend to publish this further and invite public comments,” and we are doing so now. We will consider these comments in determining whether to take any future action with respect to the Policy Statement. National Emission Standards for Hazardous Air Pollutants: Stationary Combustion Turbines Residual Risk and Technology Review

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: This action finalizes the residual risk and technology review (RTR) conducted for the Stationary Combustion Turbines source category regulated under national emission standards for hazardous air pollutants (NESHAP). In addition, we are taking final action addressing requirements during periods of startup, shutdown, and malfunction (SSM) and to add electronic reporting requirements. The EPA is finalizing our proposed determination that the risks from this source category due to emissions of air toxics are acceptable and that the existing NESHAP provides an ample margin of safety to protect public health. The EPA is also finalizing our proposed determination that we identified no new cost-effective controls under the technology review that would achieve further emissions reductions from the source category.

DATES: This final rule is effective on March 9, 2020. The incorporation by reference (IBR) of certain publications listed in the rule is approved by the Director of the Federal Register as of March 9, 2020.
