

Monday through Friday, except Federal holidays, the draws need not be opened.

(3) The following bridges are remotely operated, are required to operate a radiotelephone, and shall open as noted in this section; The South First Street Bridge, mile 1.78.

(4) No commercial vessel over 50 tons shall be held between any bridge at any time and must be passed as soon as possible.

(5) From November 2nd through April 15th, all drawbridges over the Kinnickinnic River will open on signal if a 12-hour advance notice is provided.

The Canadian Pacific Railroad Bridge at Mile 1.74 over the Burnham Canal, and the Sixteenth Street Bridge, mile 2.14, over the Menomonee River are closed by regulation and do not need to open for the passage of vessels.

During non-special event weekdays the owners of all affected bridges will provide records showing the dates and times of bridge openings and the type of vessels the bridge opened for. The city of Milwaukee will also provide information on the vehicle congestion caused or improved by the temporary deviation by providing the number of vehicles waiting for the bridge to close after a vessel passes.

Because we took into consideration the comments from the ANPRM, vehicle counts, and past three years of vehicle counts, we believe the test deviation will have a limited impact on vessels.

The city of Milwaukee held public discussions about the potential rule change through public works meetings conducted throughout the summer of 2018. Prior to asking for our review, this office reached out to several commercial vessels which operate on the affected waterways prior to the release of the ANPRM. These actions were aimed at developing a test deviation that took all pertinent comments and concerns under consideration.

Vessels that can safely pass under the bridge without an opening may do so at any time. The Coast Guard will also inform the users of the waterways of the change in operating schedule for the bridges through our Local and Broadcast Notices to Mariners.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

II. Public Participation and Request for Comments

We view public participation as essential to effective rulemaking, and will consider all comments and material

received during the comment period. Your comment can help shape the outcome of this rulemaking. Should you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation.

We encourage you to submit comments through the Federal eRulemaking Portal at <http://www.regulations.gov>. If your material cannot be submitted using <http://www.regulations.gov>, contact the person in the **FOR FURTHER INFORMATION CONTACT** section of this document for alternate instructions.

We accept anonymous comments. All comments received will be posted without change to <http://www.regulations.gov> and will include any personal information you have provided. Documents mentioned in this NPRM as being available in this docket and all public comments, will be in our online docket at <http://www.regulations.gov>, and can be viewed by following that website's instructions. Additionally, if you go to the online docket and sign up for email alerts, you will be notified when comments are posted or a final rule is published.

Dated: February 25, 2020.

D. L. Cottrell,

Rear Admiral, U.S. Coast Guard, Commander, Ninth Coast Guard District.

[FR Doc. 2020-04659 Filed 3-6-20; 8:45 am]

BILLING CODE 9110-04-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket No. USCG-2020-0105]

Safety Zone; New Orleans, LA

AGENCY: Coast Guard, DHS.

ACTION: Notice of enforcement of regulation.

SUMMARY: The Coast Guard will enforce a temporary safety zone between mile marker (MM) 95.7 and MM 96.7 above Head of Passes, Lower Mississippi River, LA. This action is necessary to provide for the safety of life on these navigable waters near New Orleans, LA, during a fireworks display on March 18, 2020. During the enforcement periods, the operator of any vessel in the regulated area must comply with directions from the Patrol Commander or any Official Patrol displaying a Coast Guard ensign.

DATES: The regulations in 33 CFR 165.845 will be enforced from 9 p.m. to 10 p.m. on March 18, 2020.

FOR FURTHER INFORMATION CONTACT: If you have questions about this notice of enforcement, call or email Lieutenant Commander Corinne Plummer, Sector New Orleans, U.S. Coast Guard; telephone 504-365-2375, email Corinne.M.Plummer@uscg.mil.

SUPPLEMENTARY INFORMATION: The Coast Guard will enforce the safety zone located in 33 CFR 165.845 for the River Center Fireworks Display event. The regulations will be enforced from 9:00 p.m. through 10:00 p.m. on March 18, 2020. This action is being taken to provide for the safety of life on navigable waterways during this event, which will be located between MM 95.7 and MM 96.7 above Head of Passes, Lower Mississippi River, LA. During the enforcement periods, if you are the operator of a vessel in the regulated area you must comply with directions from the Patrol Commander or any Official Patrol displaying a Coast Guard Ensign.

In addition to this notice of enforcement in the **Federal Register**, the Coast Guard plans to provide notification of this enforcement period via a Marine Safety Information Bulletin and Broadcast Notice to Mariners.

Dated: March 2, 2020.

K.M. Luttrell,

Captain, U.S. Coast Guard, Captain of the Port Sector New Orleans.

BILLING CODE 9110-04-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR 165

[Docket Number USCG-2016-1067]

RIN 1625-AA00

Safety Zone; Hurricanes, Tropical Storms and Other Disasters in South Florida

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard will establish a safety zone that would restrict certain vessels from entering or transiting through certain navigable waters in the Miami River and Ports of Miami, Everglades, Palm Beach and Fort Pierce during periods of reduced or restricted visibility due to tropical storm force winds (39-73 mph/34-63 knots), hurricanes and/or other disasters. This action is necessary for the safety of life
