6. *An estimate of the total public burden (in hours) associated with the collection:* The estimated annual public burden associated with this collection is 159 hours, which is equal to 318 (total respondents) * .5 (30 minutes or time/per response)

7. *An Explanation of the Change in Estimates:* The adjustment associated with this IC is a reduction in the total respondents and responses for this IC by 1,189, since the last renewal in 2017.
