Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: International Trade Administration (ITA).

Title: Renewal of Information Collection for Self-Certification to the EU-U.S. and Swiss-U.S. Privacy Shield Frameworks.

OMB Control Number: 0625-0276.

Form Number(s): None.

Type of Request: Regular submission.

Number of Respondents: 5,100.

Average Hours per Response: 40 minutes.

Burden Hours: 3,412.

Needs and Uses: The United States, the European Union (EU), and Switzerland share the goal of enhancing privacy protection for their citizens but take different approaches to doing so. Given those differences, the Department of Commerce (DOC) developed the EU-U.S. and Swiss-U.S. Privacy Shield Frameworks (Privacy Shield) in consultation with the European Commission, the Swiss Administration, industry, and other stakeholders. Privacy Shield provides U.S. organizations a reliable mechanism for personal data transfers to the United States from the EU and Switzerland, while ensuring data protection that is consistent with EU and Swiss law.

The European Commission and Swiss Administration deemed the EU-U.S. Privacy Shield Framework and Swiss-U.S. Privacy Shield Framework adequate to enable data transfers under EU and Swiss law, respectively, on July 12, 2016 and on January 12, 2017. The DOC began accepting self-certification submissions for the EU-U.S. Privacy Shield on August 1, 2016, and for the Swiss-U.S. Privacy Shield on April 12, 2017. More information on the Privacy Shield is available at: <https://www.privacyshield.gov/welcome>.

The DOC issued the Privacy Shield Principles under its statutory authority to foster, promote, and develop international commerce (15 U.S.C. 1512). The International Trade Administration (ITA) administers and supervises the Privacy Shield, including maintaining and making publicly available an authoritative list of U.S. organizations that have self-certified to the DOC. U.S. organizations submit information to ITA to self-certify their compliance with Privacy Shield.

U.S. organizations considering self-certifying to the Privacy Shield should review the Privacy Shield Framework. In summary, to participate, an organization must (a) be subject to the investigatory and enforcement powers of the Federal Trade Commission, the Department of Transportation, or another statutory body that will effectively ensure compliance with the

Principles; (b) publicly declare its commitment to comply with the Principles; (c) publicly disclose its privacy policies in line with the Principles; and (d) fully implement them.

Self-certification is voluntary; however, an organization's failure to comply with the Principles after its self-certification is enforceable under Section 5 of the Federal Trade Commission Act prohibiting unfair and deceptive acts in or affecting commerce (15 U.S.C. 45(a)) or other laws or regulations prohibiting such acts.

To rely on the Privacy Shield for transfers of personal data from the EU and/or Switzerland, an organization must self-certify its adherence to the Principles to the DOC, be placed on the Privacy Shield List, and remain on the Privacy Shield List. To self-certify for the Privacy Shield, an organization must provide to the DOC the information specified in the Privacy Shield Principles via the self-certification form.

ITA has committed to follow up with organizations that have been removed from the Privacy Shield List. ITA sends questionnaires to organizations that fail to complete the annual certification or that have withdrawn from the Privacy Shield to verify whether they will return, delete, or continue to apply the Principles to the personal information that they received while they participated in the Privacy Shield. If personal information will be retained, ITA asks organizations to verify who within the organization will serve as an ongoing point of contact for Privacy Shield-related questions.

In addition, ITA has committed to ongoing compliance reviews on an ongoing basis, including through sending detailed questionnaires to participating organizations. Such compliance reviews take place when: (a) The DOC receives specific non-frivolous complaints about an organization's compliance with the Principles, (b) an organization does not respond satisfactorily to DOC inquiries for information relating to the Privacy Shield, or (c) there is credible evidence that an organization does not comply with its commitments under the Privacy Shield.

Affected Public: Primarily businesses or other for-profit organizations.

Frequency: Annual and periodic.

Respondent's Obligation: Voluntary.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed

information collection should be sent within 30 days of publication of this notice to OIRA *Submission@omb.eop.gov* or fax to (202) 975-5806.

Department PRA Clearance Officer, Office of the Chief Information Officer, Commerce Department.

Steel Wire Garment Hangers From the People's Republic of China: Final Results of Antidumping Duty Administrative Review; 2017-2018

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) continues to find that Shanghai Wells Hanger Co., Ltd., and Hong Kong Wells Ltd. (collectively, Shanghai Wells) failed to demonstrate eligibility for separate rate status during the period of review (POR), and these companies, therefore, are a part of the China-wide entity. The POR is October 1, 2017 through September 30, 2018.

DATES: Applicable March 11, 2020.

FOR FURTHER INFORMATION CONTACT: Jasun Moy, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-8194.

SUPPLEMENTARY INFORMATION:

Background

On December 13, 2019, Commerce published the *Preliminary Results* of the administrative review of the antidumping duty (AD) order on steel wire garment hangers from the People's Republic of China (China).¹ We invited interested parties to comment on these *Preliminary Results*. We received no comments from interested parties. As such, these final results are unchanged from the *Preliminary Results*.

¹ See *Steel Wire Garment Hangers from the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review; 2017-2018*, 84 FR 68117 (December 13, 2019) (*Preliminary Results*) and accompanying Preliminary Decision Memorandum (PDM).

Scope of the Order

The merchandise subject to the order is steel wire garment hangers.² The products are currently classifiable under the Harmonized Tariff Schedule of the United States (HTSUS) subheadings: 7326.20.0020, 7323.99.9060, and 7323.99.9080. Although the HTSUS subheadings are provided for convenience and customs purposes, the written product description of the scope of the order remains dispositive. For a full description of the scope of the order, see the Preliminary Decision Memorandum.³

Methodology

Commerce conducted this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act). As noted in the *Preliminary Results*, Shanghai Wells did not permit Commerce to verify its questionnaire responses.⁴ Therefore, Commerce preliminarily determined that Shanghai Wells is not eligible for a separate rate and is therefore part of the China-wide entity. We received no comments on the *Preliminary Results*, and, thus, we have no basis for reconsidering this determination. Because there are no changes for these final results from the *Preliminary Results*, there is no accompanying Issues and Decision Memorandum.

Final Results of the Review

We continue to find that Shanghai Wells is not eligible for a separate rate, and therefore it is part of the China-wide entity. The rate previously established for the China-wide entity is 187.25 percent⁵ and is not subject to change as a result of this review because no party requested a review of the China-wide entity.⁶

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b), Commerce has determined, and U.S. Customs and
