The District Director uses the information collected on the CM-2970a to determine whether a coal mine operator who employed the miner may be designated as the liable operator responsible for paying any benefits due on a claim. The information collected on both forms is within the operator's control (*e.g.*, information about the operator's business, employment of the miner, and financial capacity to pay benefits).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB under the PRA approves it and the collection displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. *See* 5 CFR 1320.5(a) and 1320.6.
