Notification to Importers Regarding the Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Timely written notification of the return/destruction of APO materials, or conversion to judicial protective order, is hereby requested. SUPPLEMENTARY INFORMATION:

Background

Commerce published the preliminary results of the administrative review of the countervailing duty order on certain new pneumatic off-the-road tires (OTR Tires) from China on November 18, 2019.¹ In the *Preliminary Results*,

Commerce partially rescinded the administrative review with respect to three companies and preliminarily found that Zhongwei received countervailable subsidies from certain programs during the POR.² No interested party commented on the *Preliminary Results*.

Scope of the Order

The products covered by the scope are new pneumatic tires designed for off-the-road (OTR) and off-highway use. The subject merchandise is currently classifiable under Harmonized Tariff Schedule of the United States (HTSUS) subheadings: 4011.20.10.25, 4011.20.10.35, 4011.20.50.30, 4011.20.50.50, 4011.70.0010, 4011.62.00.00, 4011.80.1020, 4011.90.10, 4011.70.0050, 4011.80.1010, 4011.80.1020, 4011.80.2010, 4011.80.2020, 4011.80.8010, and 4011.80.8020. While HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope is dispositive.³

Methodology

Commerce conducted this review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). As noted above, no interested party disputed Commerce’s preliminary or post-preliminary findings. Commerce finds that there is no reason to modify its analysis for these final results. Accordingly, no decision memorandum accompanies this **Federal Register** notice. For further details of the issues already addressed in this review, see the *Preliminary Results* and accompanying PDM.

Final Results of Administrative Review

We determine that, for the period January 1, 2017 through December 31, 2017, the following estimated countervailable subsidy rate exists:

Assessment Rates and Cash Deposit Requirement

In accordance with 19 CFR 351.212(b)(2), Commerce intends to issue appropriate instructions to U.S. Customs and Border Protection (CBP) 15 days after publication of the final results of this review. Commerce will instruct

CBP to liquidate shipments of subject merchandise produced and/or exported by the companies listed above, entered or withdrawn from warehouse, for consumption from January 1, 2017 through December 31, 2017, at the rates listed above.

On May 10, 2019, as a result of the five-year (sunset) review, Commerce revoked the *OTR Tires China CVD Order*.⁴ In the *Revocation Notice*, Commerce stated that it intended to issue instructions to CBP to terminate the suspension of liquidation and to discontinue the collection of cash deposits on entries of subject merchandise, entered or withdrawn from warehouse, on or after February 4, 2019.⁵ Furthermore, because the *OTR Tires China CVD Order* has been revoked as a result of the *Revocation Notice*, Commerce will not issue cash deposit instructions at the conclusion of this administrative review.

Administrative Protective Order

This notice also serves as a final reminder to parties subject to an administrative protective order (APO) of their responsibilities concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. SUPPLEMENTARY INFORMATION

Background

On August 10, 2015, Commerce published in the *Federal Register* the AD and CVD *Orders* on passenger tires from China.¹ On January 29, 2020, Commerce initiated changed circumstances reviews (CCRs) and made preliminary findings that Sailun Group, Sailun Dongying and Sailun HK were the successors-in-interest to Sailun Jinyu, Shandong Jinyu and Sailun Jinyu HK, respectively, and, as a result, these entities should be accorded the same treatment previously accorded to this company group.² We provided

interested parties the opportunity to comment on the *Preliminary Results*. No interested parties submitted case briefs. Sailun Group, Sailun Dongying, and Sailun HK submitted a letter requesting that the *Preliminary Results* be adopted as the final results.³

Scope of the Orders

The scope of these *Orders* is passenger vehicle and light truck tires. Passenger vehicle and light truck tires are new pneumatic tires, of rubber, with a passenger vehicle or light truck size designation. Tires covered by this order may be tube-type, tubeless, radial, or non-radial, and they may be intended for sale to original equipment manufacturers or the replacement market.

Subject tires have, at the time of importation, the symbol "DOT" on the sidewall, certifying that the tire conforms to applicable motor vehicle safety standards. Subject tires may also have the following prefixes or suffix in their tire size designation, which also appears on the sidewall of the tire:

Prefix designations:

P—Identifies a tire intended primarily for service on passenger cars

LT—Identifies a tire intended primarily for service on light trucks

Suffix letter designations:

LT—Identifies light truck tires for service on trucks, buses, trailers, and multipurpose passenger vehicles used in nominal highway service.

All tires with a "P" or "LT" prefix, and all tires with an "LT" suffix in their sidewall markings are covered by this investigation regardless of their intended use.

In addition, all tires that lack a "P" or "LT" prefix or suffix in their sidewall markings, as well as all tires that include any other prefix or suffix in their sidewall markings, are included in the scope, regardless of their intended use, as long as the tire is of a size that is among the numerical size designations listed in the passenger car section or light truck section of the Tire and Rim Association Year Book, as updated annually, unless the tire falls within one of the specific exclusions set out below.

Passenger vehicle and light truck tires, whether or not attached to wheels or rims, are included in the scope. However, if a subject tire is imported attached to a wheel or rim, only the tire is covered by the scope.
